# COUNCIL 9 FEBRUARY 2016 REPORT OF CABINET

# A.1 <u>EXECUTIVE'S PROPOSALS – GENERAL FUND BUDGET AND COUNCIL TAX –</u> 2016/17

(Reference prepared by Richard Barrett)

#### PART 1 – KEY INFORMATION

#### PURPOSE OF THE REPORT

To present to Council the Cabinet's General Fund budget proposals including the Council Tax for District and Parish / Town Council Services for 2016/17.

#### EXECUTIVE SUMMARY

The information and recommendations set out in this report reflect the Cabinet's budget proposals approved for submission to Council at their meeting on 22 January 2016.

For 2016/17, the Cabinet's budget proposals set out a Council Tax requirement of **£6.762m** (total net revenue budget of **£13.905m)** and a General Fund capital programme totalling **£1.940m**.

The overall revenue budget reflects a Band D Council Tax increase for this Council's services in 2016/17 of 1.99%.

The budget recommended by Cabinet for approval by Council includes only the District and Parish elements of the Council Tax rather than those from the major precepting authorities. The formal approval of the 'full' Council Tax levy for the year, including the precepts from Essex County Council, Police and Crime Commissioner and Fire Authority, is delegated to the Council Tax Committee which is due to meet on the 24 February 2016.

#### **RECOMMENDATION(S)**

- a) That having had regard to the Chief Finance Officer's (S151 Officer) report on the Robustness of Estimates and Adequacy of Reserves in accordance with the requirements under Section 25 of the Local Government Act 2003, and having taken account of the responses to the budget consultation process the Council approves the budget proposals (based on a 1.99% Band D council tax increase for district services) and agrees:
  - i) That the total General Fund net revenue budget for 2016/17 be set at £13.905m and revised net budget for 2015/16 of £14.910m (a council tax requirement of £6.762m and £6.539m respectively excluding parish precepts).
  - ii) That the General Fund capital programme be approved totalling £1.940m in 2016/17.
  - iii) That the detailed General Fund budgets be as per the Cabinet's budget proposals of 22 January 2016.
  - iv) The calculation of the Council's Council Tax requirement, Special

Expenses and Parish/Town Council precepts, as set out at Appendix C.

- v) The Council Tax for District and Parish/Town Councils' services as at Appendix F and that these are the amounts to be taken into account for the year in respect of the categories of dwellings listed in different valuation bands.
- vi) That subject to the above, if budget adjustments are required following the late notification of external / grant funding, then in consultation with the Finance and Transformation Portfolio Holder, budgets are adjusted accordingly with no net impact on the overall budget or capital programme set out above.

# PART 2 – IMPLICATIONS OF THE DECISION

#### DELIVERING PRIORITIES

This report will have direct implications on the Council's ability to deliver on its key objectives and priorities and in particular on the speed with which the Council can deliver its priorities, rather than the priorities themselves.

#### FINANCE, OTHER RESOURCES AND RISK

#### Finance and other resources

The financial implications are set out in the body of the report.

Although the availability of financial resources is a key component in the delivery of services there will also need to be appropriate input of other resources such as staffing, assets, IT etc.

#### Risk

There are clearly risks associated with the financial forecast. The actions to achieve a fully funded budget, including limiting budgets to previous years prices where applicable and restricting cost pressures, give rise to the potential for items that have not been funded to emerge or for increases in income not to materialise in reality. This is particularly so given the current economic climate, the reductions in the availability of public sector funding, the Government's programme of change for Councils' services and the impact on the Council's core funding streams.

In view of the above, it is important that the Council has a sufficient level of uncommitted reserves set aside to support the approach identified within the financial forecast. An uncommitted reserve of approximately **£4.000m** (including the **£1.600m** minimum working balance) has been approved previously and remains in place as part of the detailed estimates for 2016/17.

The Council also maintains a NDR Resilience Reserve and Benefits Reserve of **£1.173m** and **£0.820m** respectively to act as a 'buffer' if associated risks arise during the year.

#### LEGAL

The current arrangements for setting and agreeing a budget and for the setting and collection of Council Tax are defined in the Local Government Finance Act 1992. The existing legislation defining the arrangements for charging, collecting and pooling of Business Rates is contained within the Local Government Finance Act 1988. These were both amended as appropriate to reflect the introduction of the Local Government Finance

Act 2012.

The Local Government Finance Act 2012 provided the legislative framework for the introduction of the Rates Retention Scheme and the Localisation of Council Tax Support.

The Calculation of Council Tax Base Regulations 2012 set out arrangements for the calculation of the Council Tax base following implementation of the Local Council Tax Support Scheme. These arrangements resulted in a lower tax base for the District Council, major preceptors and town and parish councils.

The Localism Act 2012 introduced legislation around the right of veto for residents on excessive Council Tax increases.

In respect of special expenses that form part of the budget setting process, expenditure is classed as a Special Expense it if satisfies the requirements of the Local Government Finance Act 1992, Section 35. The only category relevant to this Council is contained within Section 35(2)(d) relating to concurrent functions with Parish and Town Councils. Under the Local Government Finance Act 1992, the Council must identify as its Special Expense, proposed expenditure on those functions which the Council performs in part of the district but which Parish or Town Councils perform elsewhere in the District. If, in the Council's view, a special expense should properly be charged over the whole of the district's area, the Council may pass an express resolution to this effect (known as a *contrary resolution*).

In order for expenditure to be a Special Expense, there are two conditions that must be fulfilled:

- 1. Expenditure is estimated to be incurred by the District Council in the whole or part of its area on the provision of a function;
- 2. Expenditure on the provision of the same function is to be incurred by at least one parish/town council elsewhere in the district.

# **OTHER IMPLICATIONS**

Consideration has been given to the implications of the proposed decision in respect of the following and any significant issues are set out below. Crime and Disorder / Equality and Diversity / Health Inequalities / Area or Ward affected /

Consultation/Public Engagement.

These implications have no impact on the budget itself. However, they are taken account of in the delivery of individual services and projects.

Special expenses are based on the principle of ensuring there is equality across the district in levying Council Tax to residents based on services and facilities provided by Town and Parish Councils in specific areas that are also provided by the District Council.

### PART 3 – SUPPORTING INFORMATION

#### 2016/17 BUDGET PROPOSALS

On 22 January 2016 the Cabinet considered the following report:-

# A.4 FINAL GENERAL FUND REVENUE BUDGET AND CAPITAL PROGRAMME 2016/17

Cabinet resolved (minute 132 refers):

- (a) That if the financial position changes prior to Council considering the budget on 9 February 2016, delegation be given to the Corporate Director (Corporate Services) to adjust the use of the net favourable position from taking 2015/16 and 2016/17 together as a 2 year budget cycle, in consultation with the Finance and Transformation Portfolio Holder;
- (b) that in consultation with the Leader and the Finance and Transformation Portfolio Holder, the Corporate Director (Corporate Services) reports directly to Council in respect of the formal draft resolutions necessary to implement the Cabinet's budget proposals along with any late information or notifications received from Communities and Local Government etc. as may necessarily affect the budget;
- (c) that the Corporate Management Committee be thanked for the work they have undertaken and continue to take in supporting the development of the budget and agrees the comments of the Finance and Transformation Portfolio Holder in response to those of the Committee as set out in this report;
- (d) that the Free Residents Parking Scheme be extended for 3 years based on the key principles set out in this report, subject to the approval of the 2016/17 budget at Full Council on 9 February 2016 and the future availability of funding within the Parking Reserve which will be reviewed as part of the Council's annual Financial Strategy / budget setting processes in 2017/18 and 2018/19;
- (e) that Subject to (d) above, delegation be given to the Corporate Director (Corporate Services) in consultation with the Coast Protection Portfolio Holder, to take the necessary steps to implement the Revised Free Residents Parking Scheme from 1 April 2016; and
- (f) that delegation be given to the Corporate Director (Corporate Services) in consultation with the Finance and Transformation Portfolio Holder to undertake the necessary activities to enable the Council to accept the Government's 4 year minimum funding offer to Local Authorities if there is a benefit to TDC of doing so.

#### That subject to the above, Cabinet recommends to Full Council:

- (a) That following the consideration of the comments from the Corporate Management Committee and the responses from the budget consultation activities undertaken, the following final budget proposals be made (based on a 1.99% increase in a Band D Council Tax for district services):
  - i) That the detailed budgets as per Appendix A of this report be approved which provide for a Council Tax Requirement for 2016/17 of £6.762m (£6.539m for 2015/16) (excluding parish precepts).
  - *ii)* That the Council agrees and formally approves:
    - a) The specific recommendations, calculations and other matters in respect of the Council's requirements – Appendix C
    - b) The Council Tax for this Council's services Appendix F

#### CHANGES SUBSEQUENT TO THE CABINET'S PROPOSALS OF 22 JANUARY 2016

There have been no changes made to the budget that was considered by Cabinet on 22 January 2016.

At the time this report was printed, the final grant settlement from the Government had yet to be received. Historically the final figure has not been significantly different to the draft figures, so if the final settlement differs to the amount currently included in the budgets, then it is proposed to adjust the use of the net favourable position from taking 2015/16 and 2016/17 together as a 2 year budget cycle, with no impact on the Council Tax Requirement of **£6.762m**.

At this stage in the budget setting process it is acknowledged that the Council may still receive notification of amended / additional specific grants from the Government or other funding bodies. A recommendation is set out above that provides a delegation to include such amounts in the budget as necessary.

#### GENERAL FUND BUDGET SUMMARIES

The revenue budget and capital programme are summarised below. In respect of the revenue budget, this is based on a Band D Council Tax increase of 1.99% for this Council's services in 2016/17.

#### Table 1 – General Fund Revenue Budget - 2015/16 Revised and 2016/17 Original

ROBUSTNESS OF THE ESTIMATES AND ADEQUACY OF RESERVES

The report *Final General Fund Revenue Budget and Capital Programme 2016/17* considered by Cabinet on 22 January 2016 set out the Chief Finance Officer's (S151 Officer) report on the Robustness of the Estimates and the Adequacy of the Reserves as required by section 25 of the Local Government Act 2003. The relevant extract from the report is attached at **Appendix A**. Taking into account all the relevant issues the estimates can be considered as robust and are supported by adequate reserves.

Also within that report a look ahead to the Council's forecasted financial position from 2017/18 onwards was highlighted, which provides the background to the budget setting process for 2016/17 that is worth briefly revisiting as part of this report as follows:

Based on a number of assumptions and risks, early forecasts show a funding 'gap' of £2.061m in 2017/18 rising to in excess of £5.000m on a cumulative basis by 2019/20. This forecast will be reviewed early in 2016/17 and reported to Members accordingly.

### BACKGROUND PAPERS FOR THE DECISION

Working papers held in accountancy

# Robustness of Estimates and Adequacy of Reserves – Report under Section 25 of the Local Government Act 2003.

As part of the requirements set out in legislation, the Chief Finance Officer (S151 Officer) must report to Council as part of the budget process on the following two matters:

#### Robustness of the Estimates

The budget estimates for 2016/17 have been prepared within the framework of a risk based process. Clear rationale has been stated surrounding the formulation of the 2016/17 budget which is supported by a robust reserves position. This position has been supported by a programme of actions, including on-going staffing reviews / departmental restructures, which has contributed substantially to delivering a sustainable financial position. A fundamental review of reserves undertaken in 2014 identified that the Council's current level of reserves remain adequate to 'underwrite' risks and uncertainties that are also inherent within the budget setting process, which has been revisited as part of this year's annual budget cycle. No significant changes have been made in 2016/17 that changes this underlying principle and in fact additional contributions have been made to the Austerity Reserve during 2015/16 as part of the Corporate Budget Monitoring process to further strengthen the Council's financial resilience. A specific statement on reserves is set out further on in this section of the report.

The budget continues to take account of the outturn position from the previous year and the Council's budget process identifies cost pressures which also allow it to remain alert to potential changes to its financial position. Clear actions also form part of the Council's Annual Governance Statement that includes amongst other things a number of financial risks and issues that enable the Council to keep a watching brief on significant upcoming matters that have a financial consequence. Where the Council has made a significant financial commitment, such as to the Cliff Stabilisation Project and Refurbishment of Frinton and Walton Swimming Pool, money has been found from within existing budgets and set aside accordingly rather than relying on projected savings or future forecasts.

It is recognised that cost pressures will emerge over and above those included within the 2016/17 budget. It is currently proposed on updating the list of emerging cost pressures so a 'live' schedule is maintained with a view to prioritise them and explore opportunities to fund them outside of the annual budget setting process where possible.

Financial Resilience remains at the forefront of the financial planning process with money identified where possible to invest in 'spend to save' projects that will in turn support the Council in delivering a balanced and sustainable budget in the long term. It is important to highlight that the Council continues to aim to find savings from within its underlying revenue budget rather than rely on potentially time limited income such as from the New Homes Bonus to balance the budget.

The need to continue with a planned budget reduction programme is clearly recognised and remains the key focus for the Council to enable it to continue to provide quality services and associated investment at a time of reducing budgets. Self-sufficiency underpins the Council's medium term financial planning process. Maximising opportunities through investment will form a key element of the Council's approach going into 2016/17 and beyond.

The Council is also playing a key role in a number of activities such as engaging with cross authority working and the new devolution agenda along with maximising commercial opportunities wherever possible, all of which are important elements in supporting the Council's longer term financial strength.

In respect of the 2016/17 budget, work has been undertaken in association with departments to produce detailed budgets that are to a large extent effectively cash limited to previous year's spending levels. Inflationary pressures have been separately considered with budgets adjusted to take account of such pressures.

A number of savings identified enable the Council to accommodate a number of cost pressures within its base budget and it is recognised that investment and regeneration can support future cost pressures such as those associated with the seafront economy and the business planning approach taken within services such as Leisure and Careline.

2016/17 is the fourth year of the business rates retention model and the Council remains alert to the risks that this has introduced to the Council's financial planning processes. A separate NDR Resilience Reserve has been established to support the Council through periods where income may be volatile, which provides the Council with a longer recovery period through a self-sufficiency approach.

It is recognised that there are risks inherent within the Council's financial framework and corresponding detailed estimates. However, action has been taken to mitigate these risks as far as possible. The budgets have been prepared against the background of a continuing and challenging economic climate resulting in on-going reviews of significant budgets.

Within the Financial Strategy framework there is Cabinet involvement at various stages in addition to a comprehensive review and associated input from the Corporate Management Committee. The Corporate Management Committee continues to support the Council in identifying opportunities for savings, a task that they have recently reconfirmed their commitment to.

Regular and comprehensive monitoring of the budget will be undertaken during 2016/17 as part of the well-established and comprehensive Corporate Budget Monitoring process so issues can be identified and action taken at the earliest opportunity if and when appropriate.

The 2016/17 budget is supported by one-off funding as part of a 2 year budget cycle which uses a favourable financial position when taking 2015/16 and 2016/17 together. The figure included in the estimates is manageable in terms of the future budget 'gap' and this issue will be incorporated into the work to identify on-going savings that Cabinet are either already working on or will be undertaking as early as possible after the 2016/17 budget has been agreed.

The proposed budget resulting from this process is therefore robust and deliverable and is supported by reserves with further details below.

#### Adequacy of the Reserves

An integral part of the Council's overall strategy is that the level of reserves is sufficient to support identified risks along with supporting a sustainable budget position in the longer term. The level of uncommitted reserves forecast at 31 March 2016 is **£4.000m** including the minimum working balance of **£1.600m**. All of the reserves are regarded as adequate and recognise significant risks such as from future welfare changes and potential business rates volatility.

An Austerity Reserve has been established to support spend to save initiatives with the rate of return on any investment being a key consideration when any proposal is considered to be funded from this reserve. A recent investment decision provided for a rate of return in excess of 10%, and along with other future initiatives, this approach will provide the Council with additional income or budget reductions that will play a key role in delivery a sustainable and balanced budget from 2017/18 onwards.

#### **APPENDIX B(i)**

# Proposed Special Expenses 2016/17

	Open Spaces	Recreation Areas	Total	Tax Base (Band D Properties)	Special Expenses levy (Band D)	Net Impact on Band D Tax

#### Notes

1. An amount in brackets is a reduction in levy between the two years.

2. The percentage in column J will be shown on the Council Tax Bill (a figure in brackets is a percentage reduction however reductions will not have brackets on the bill, only a "-").

#### **REQUISITE BUDGET CALCULATIONS 2016/17**

- (a) It be noted that on 24 November 2015 the Council determined in accordance with the Local Government Act 2003 Section 75, the discounts for second homes and long term empty properties. On 1 December 2015 the Finance and Transformation Portfolio Holder agreed in accordance with delegated power 3.37.4 (decision notice 2628) the following amounts for the year 2016/17 in accordance with regulations made under Section 33(5) of the Local Government Finance Act 1992 and taking into account the discounts determined by Council on 24 November 2015.
  - (i) 44,908.3 being the amount calculated by the Council, in accordance with regulation 3 of the Local Authorities (Calculation of Council Tax Base) Regulations 2012, as its council tax base for the year.
  - (ii) Part of the Council's area

The amounts set out in Appendix D column (2) against each area set out in column (1), being the amounts calculated by the Council, in accordance with regulation 6 of the said regulations, as the amounts of its council tax base for the year for dwellings in those parts of its area to which one or more special items may relate.

(b) Using the criteria below it is felt that the Council would be justified in passing a contrary resolution in respect of the special expenses which results in a special expenses total of £501,546.

#### Consideration of Determining the Contrary Resolution

In judging whether the contrary resolution should be passed in respect of any special expenses, the following matters are relevant:

- (i) Whether in respect of this Council's expenditure the function is to be provided generally for the whole district or is to be restricted to a part or parts of the district?
- (ii) To what extent, if any, are restrictions placed on any part of the district as to the accessibility of the function?
- (iii) The use of the facility/activity to which the Special Expense relates.

These matters must each be considered and a view taken as to whether it would be appropriate to pass the contrary resolution in respect of some of the budgeted expenditure on Special Expenses. Budgeted costs have been analysed between Special Expenses and General Expenses areas using the same methodology as that used last year.

(c) That the tax bases for calculating the burden of special expenses will be as shown in Appendix D column (2)

- (d) That the following amounts be calculated by the Council for the year 2016/17 in accordance with Sections 31A to 36 of the Local Government Finance Act 1992:
  - (i) £108,181,423 Being the aggregate of the amounts that the Council estimates for the items set out in Section 31A(2)(a) to (f) of the Act.
  - (ii) £99,979,870 Being the aggregate of the amounts that the Council estimates for the items set out in Sections 31A(3)(a) to (d) of the Act.
  - (iii) £8,201,553 Being the amount by which the aggregate at d(i) above exceeds the aggregate at d(ii) above, calculated by the Council in accordance with Section 31A(4) of the Act, as its Council Tax Requirement for the year.
  - (iv) £182.63 Being the amount at d(iii) above divided by the amount at a(i) above, calculated by the Council, in accordance with Section 31B(1) of the Act, as the basic amount of its council tax for the year.
  - (v) £1,940,809 Being the aggregate amount of all special items referred to in Section 34(1) of the Act.
  - (vi) £139.41 Being the amount at d(iv) above less the result given by dividing the amount at d(v) above by the amount at a(i) above, calculated by the Council, in accordance with section 34(2) of the Act, as the basic amount of its council tax for the year for dwellings in the parts of its area to which no special items apply.
  - (viii) Part of the Council's area

The amounts set out in Appendix D column (10) for the areas as set out in column (1), being the amounts given by adding to the amount at d(vi) above the amounts of the special item or items relating to dwellings in those parts of the Council's area mentioned above divided in each case by the amount a(ii) above calculated by the Council, in accordance with Section 34(3) of the Act, as the basic amounts of its council tax for the year for dwellings in those parts of its area to which one or more special items relate.

#### CALCULATION OF ESTIMATED SURPLUS ON THE COLLECTION FUND FOR 2016/17

Under the Local Authorities (Funds) (England) Regulations 1992, the Council (as billing authority) had to estimate, by the 15 January 2016, the Council Tax yield for 2015/16. From the estimated yield and taking into account the actual balance on 31 March 2015, the Council must assess the balance (relating to Council Tax) that will be in the Collection Fund on 31 March 2016.

As the table below shows, this balance is estimated to be a surplus of £3,250,000. This surplus has to be divided between this Council and the three major precepting authorities in proportion to their original budget requirements. This Council's share is £391,980.
