

---

STANDARDS COMMITTEE29 JUNE 2016

Present:- Councillors Heaney (Chairman), Honeywood (Vice-Chairman), Baker, J A Brown and Cawthron

In Attendance:- Monitoring Officer (Lisa Hastings) and Democratic Services Officer (Katie Sullivan)

Also in Attendance:- John Wolton (Independent Person)

The meeting closed at 11.26 a.m.  
-----

5. APOLOGIES FOR ABSENCE AND SUBSTITUTIONS

Apologies for absence were submitted on behalf of Councillor Nicholls (with Councillor Baker substituting).

6. MINUTES OF THE MEETING OF THE STANDARDS COMMITTEE HELD ON 12 MAY 2016

The minutes of the meeting of the Standards Committee, held on 12 May 2016, were approved as a correct record and signed by the Chairman.

7. DECLARATIONS OF INTEREST

There were no declarations of interest received.

8. STANDARDS COMMITTEE – ANNUAL WORK PROGRAMME

There was submitted a report (A.1) by the Monitoring Officer which sought to agree the Committee's work plan for the 2016/2017 Municipal Year.

The Monitoring Officer informed Members that the elements of the Standards Framework were:

- The Members' Code of Conduct (contained within the Members' Constitution Booklet);
- The Monitoring Officer Protocol (contained within the Members' Constitution Booklet);
- The Independent Persons' Protocol (contained within the Members' Constitution Booklet);
- Member and Officer Relations Protocol (contained within the Members' Constitution Booklet); and
- The Complaints Procedure (contained within the Members' Constitution Booklet).

The overall approach of the arrangements was to seek:

- Information and training for Members and Officers to increase awareness and support good standards of behaviour;
- Proportionality – responses to complaints which were proportionate to their seriousness;
- Timeliness – with clear timescales for the various stages of complaints to be progressed;
- Checks, balances, reporting requirements and delegation to the Monitoring Officer of key elements of the process to maximise independence from the political process; and
- Early and informal intervention to resolve complaints wherever possible (including an expectation that Group Leaders would play a key role).

The Monitoring Officer stated that the arrangements had been adopted by full Council in November 2013, and that elements had been reviewed in 2014, 2015 and 2016 to ensure that the procedures and protocols were robust, up to date and fit for purpose. The Members' Code of Conduct and the Monitoring Officer Protocol had not been reviewed since their adoption.

Members were informed by the Monitoring Officer that she believed that there might be some merit in undertaking a light touch review of the Code and to consider removing the distinction between "Other and Non Pecuniary Interests" by joining them together and reviewing the definitions. The three different types of interest had caused confusion with Members and the public and therefore, could be made simpler. In addition, it had been raised whether the provisions on declarations of interests had gone far enough and questions had been asked whether the Council should be retaining a register of interests. Matters such as membership of various groups or organisations had caused concerns with elected Members and the public that those were not registered, and whilst this was not required on a statutory basis, provisions could be included within the local Code. Members discussed the advantages of a register of interests, beyond the statutory minimum which is required by the legislation and welcomed further exploration in this area.

The Monitoring Officer informed Members that nationally, a number of Councils had reviewed their codes since adoption, some in response to feedback on definitions or areas which were missing, or due to the lack of sanctions available if the obligations were compromised. New ideas such as a voluntary acceptance of suspension and a recall scheme were emerging and information on those could be presented to the Committee for information through the review of the Code. Members agreed that this would be a good idea for their next meeting. The Committee discussed reviewing the Code in a working group style and this would be arranged when necessary.

The Monitoring Officer also believed that it was appropriate and reasonable for the Protocol, which set out how the Monitoring Officer role should be performed, to be also subject to a review, in order to ensure that Members remained content and confident with the roles and responsibilities as set out.

To enable the Committee to focus on promoting high standards of conduct as well as reacting to complaints it was considered appropriate to discuss and agree a work plan for the Committee for 2016/17. Members referred to Appendix 1 of the Monitoring Officer's report.

It was moved by Councillor Heaney, seconded by Councillor Baker and RESOLVED that:

(a) The contents of the report be noted; and  
(b) The Annual Work Plan for 2016/2017, as set out in Appendix 1 to the Monitoring Officer's report, be approved, subject to:

- The inclusion of a review of the Monitoring Officer Protocol at the September 2016 meeting.

## 9. DISCUSSION TOPICS AND/OR UPDATES FROM THE MONITORING OFFICER

### Quarterly Complaints Update

The Monitoring Officer circulated to the Committee the quarterly schedule, which gave general details of complaints received, without providing any names, and went through it with the Committee. The Monitoring Officer also highlighted a number of other matters which included:

- (1) There had been an increase in the number of complaints received from members of the

public against District and Parish Councillors, however, there had been no cause for concern as no re-occurring theme existed.

(2) Requests for a Dispensation had been received from Councillor I Henderson and also Councillor J Hones. Both requests had been granted.

(3) The Monitoring Officer informed Members that a Councillor had asked if the Standards Committee would consider recommending to Council that Group Leaders should be allowed to sit on the Standards Committee.

Following discussion by the Committee, it was moved by Councillor Heaney, seconded by Councillor Baker and RESOLVED that the Committee does not agree to recommend to Council that Group Leaders should be allowed to sit on the Standards Committee.

(4) During a discussion between the Committee on recent Political Group changes the Monitoring Officer informed Members that the Council would soon be using modern.gov and that District Councillors' profiles would show the Political Group they belonged to on the Council and only the Political Party they stood for when elected.

Members asked questions and raised concerns in regards to those District Councillors who were not part of a Group being put into the category 'Others', as the term 'Independents' which was used by other authorities had been used for a Political Group.

Following discussion by the Committee, it was moved by Councillor Heaney, seconded by Councillor Honeywood and RECOMMENDED TO COUNCIL that:

'In order to clarify/reduce confusion with members of the public, all District Councillors who are not part of a Group on this Council should no longer be put into the category 'Others' and instead there should be a category with the name 'Non-Aligned' for those'.

#### 10. DISCUSSION TOPICS AND/OR UPDATES FROM THE MONITORING OFFICER

##### Quarterly Complaints Update

The Monitoring Officer circulated to the Committee the quarterly schedule, which gave general details of complaints received, without providing any names, and went through it with the Committee. The Monitoring Officer also highlighted a number of other matters which included:

(1) Two additional training sessions had been delivered to Town and Parish Councils covering matters such as Code of Conduct, declarations of interest, decision making, dispensations and access to information. Both had been well-attended with positive feedback;

(2) In addition to the circulated list above, there had been instances, where an individual had contacted the Monitoring Officer to raise concerns about decision making and had requested a Complaint Form and a copy of the Procedure had been provided, but not returned. There had also been discussions with individuals who were aggrieved with a decision made at a Parish level rather than relating to Code of Conduct matters and those had not been progressed;

(3) No requests for a Dispensation had been received;

(4) A Parish Council Clerk had requested a Declaration of Interest 'flowchart'. The Monitoring Officer felt that such a document would be very useful for all interested parties and she undertook to produce a 'flowchart' which would be submitted for the Committee's comments at a future date.

11. ORAL UPDATE TO REPORT TO MEMBERS ON THE STANDARDS SEMINAR FOR TOWN AND PARISH COUNCILS HELD ON 9 DECEMBER 2010 IN ORDER TO FACILITATE DISCUSSION ON THE WORK OF THE STANDARDS COMMITTEE

The Chairman updated the Committee on the Standards Seminar held on 9 December 2010 for Town and Parish Councils and advised that the key points arising from that session were as follows:-

1. That there was general consensus on the principle of mediation.
2. There was a recognition that there needs to be some overseeing body to refer cases to as required.
3. These matters need to be pursued by further discussion.

It was noted that the Monitoring Officer had agreed to make any training literature available to Town and Parish clerks on request, following any Code of Conduct training which takes place after the May 2011 elections.

12. TO REVIEW THE NEW ITEMS RELEVANT TO THE TERMS OF REFERENCE OF THE COMMITTEE CONTAINED IN FORWARD PLAN NO. 109 IN ACCORDANCE WITH OVERVIEW AND SCRUTINY PROCEDURE RULE 12.

The Committee noted the new item relevant to the terms of reference of the Committee contained in Forward Plan No. 109.

13. FORWARD PLAN

The Committee reviewed, and noted, the new items relevant to the terms of reference of the Committee, contained in the Forward Plan 174, in accordance with Overview and Scrutiny Procedure Rule 13.

14. ANY NEW ITEMS TO BE ADDED TO THE WORK PROGRAMME

There were none other than discussed in the item Review of the Year 2015/16 and Work Programme for the year 2016/17.

15. FORWARD WORK PROGRAMME

The Committee noted the items on the forward work programme and discussed the items which were due to be considered at the meeting of the Committee, scheduled for 28 January 2013. It was reported that the full Tourism and Regeneration Strategy was unlikely to be available for the meeting and the Chairman expressed his concern at the delay in bringing this matter before the Committee.

16. ANY OTHER ITEMS THE CHAIRMAN DECIDES ARE URGENT

There were none.

The meeting was declared closed at 10.03 p.m.

17. (A) PLANNING APPLICATION 11/00042/FUL AND (B) LISTED BUILDING CONSENT 11/00043/LBC

The Committee had before it the published Officer report containing an appraisal of the key planning issues, relevant planning policies, planning history, any response from consultees, written representations received and a recommendation of approval with a summary of recommended conditions. The recently published update sheet was also considered by the Committee and explained by officers at the meeting.

Mr Anthony Edwards, local resident, spoke against the application.

Councillor J Mathews, on behalf of Wix Parish Council, spoke against the application,

Councillor Patten, as Ward Member, spoke against the application.

Mr Russell Forde, the applicant's agent, spoke in support of the application.

It was moved by Councillor McLeod, seconded by Councillor Simons and:-

RESOLVED – (a) That application 11/00042/FUL be approved subject to an informative being attached to the permission regarding retention of the Cockpit and subject to conditions providing:-

Conditions

- Standard three year time limit
- List of approved plans
- Parking to be provided prior to occupation
- Details of boundary treatments
- Landscaping
- New and replacement window and door details
- Method of reinstatement of rear wall following demolition of rear extension
- Samples of construction materials

Reason for approval

The change of use to a single dwelling, including internal and external alterations, is considered to be in accordance with the development plan policies listed. The public house has been adequately marketed and there is another public house within 800 metres of the site. The proposed alterations blend with the scale, form and design of the listed building, and respect its setting. Furthermore, owing to siting, scale and fenestration layouts, the proposed alterations would not reduce the amenities enjoyed by occupants of neighbouring properties, would not result in the loss of any significant trees and are acceptable in terms of highway safety and convenience.

RESOLVED – (b) That application 11/00043/LBC be approved subject to conditions providing:-

Conditions

- Standard three year time limit
- List of approved plans
- Details of boundary treatments
- Landscaping
- New and replacement window and door details
- Method of reinstatement of rear wall following demolition of rear extension
- Samples of construction materials

## Reason for approval

The change of use to a single dwelling, including internal and external alterations, is considered to be in accordance with the development plan policies listed. The proposed alterations blend with and compliment the scale, form and design of the listed building, and respect its setting.

18. PLANNING APPLICATION 11/00984/FUL

The Committee had before it the published officer report containing an appraisal of the key planning issues, relevant planning policies, planning history, any response from consultees, written representations received and a recommendation of refusal with reasons.

Councillors Candy and G V Guglielmi declared a personal interest in the application as Ward Members and remained in the meeting.

Councillor G V Guglielmi, as Ward Member, spoke in support of the application.

The applicant, Mr Neil Ellis, spoke in support of the application.

It was moved by Councillor Johnson, seconded by Councillor Turner and:-

RESOLVED – That application 11/00984/FUL be approved contrary to the officers' recommendation subject to such conditions as the Temporary Head of Planning considers appropriate in consultation with the Chair or Vice-Chairman and the Planning Portfolio Holder.

Conditions: (decided subsequent to the meeting in accordance with the above resolution)

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall not be carried out except in complete accordance with the details shown on the submitted drawings numbered NE/002/02 Revised, NE/002/04 Revised and NE/003/05 Revised.

Reason - For the avoidance of doubt and in the interests of proper planning.

3. Unless otherwise agreed by the Local Planning Authority, development other than that required to be carried out as part of an approved scheme of remediation must not commence until conditions (1) to (4) have been complied with. If unexpected contamination is found after development has begun, development must be halted on that part of the site affected by the unexpected contamination to the extent specified by the Local Planning Authority in writing until condition 4 has been complied with in relation to that contamination.

(1) Site Characterisation

An investigation and risk assessment, in addition to any assessment provided with the planning application, must be completed in accordance with a scheme to assess the nature and extent of any contamination on the site, whether or not it originates on the site. The

contents of the scheme are subject to the approval in writing of the Local Planning Authority. The investigation and risk assessment must be undertaken by competent persons and a written report of the findings must be produced. The written report is subject to the approval in writing of the Local Planning Authority. The report of the findings must include:

- (i) a survey of the extent, scale and nature of contamination;
- (ii) an assessment of the potential risks to:
  - human health,
  - property (existing or proposed) including buildings, crops, livestock, pets, woodland and service lines and pipes,
  - adjoining land,
  - groundwaters and surface waters,
  - ecological systems,
  - archaeological sites and ancient monuments;
- (iii) an appraisal of remedial options, and proposal of the preferred option(s).

This must be conducted in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11'.

## (2) Submission of Remediation Scheme

A detailed remediation scheme to bring the site to a condition suitable for the intended use by removing unacceptable risks to human health, buildings and other property and the natural and historical environment must be prepared, and is subject to the approval in writing of the Local Planning Authority. The scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the intended use of the land after remediation.

## (3) Implementation of Approved Remediation Scheme

The approved remediation scheme must be carried out in accordance with its terms prior to the commencement of development other than that required to carry out remediation, unless otherwise agreed in writing by the Local Planning Authority. The Local Planning Authority must be given two weeks written notification of commencement of the remediation scheme works.

Following completion of measures identified in the approved remediation scheme, a verification report (referred to in PPS23 as a validation report) that demonstrates the effectiveness of the remediation carried out must be produced, and is subject to the approval in writing of the Local Planning Authority.

## (4) Reporting of Unexpected Contamination

In the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with the requirements of condition (1), and where remediation is necessary a remediation scheme must be prepared in accordance with the requirements of condition (2), which is subject to the approval in writing of the Local Planning Authority.

Following completion of measures identified in the approved remediation scheme a

verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with condition (3).

(5) Long Term Monitoring and Maintenance

A monitoring and maintenance scheme to include monitoring the long-term effectiveness of the proposed remediation over a period of 2 years, and the provision of reports on the same must be prepared, both of which are subject to the approval in writing of the Local Planning Authority.

Following completion of the measures identified in that scheme and when the remediation objectives have been achieved, reports that demonstrate the effectiveness of the monitoring and maintenance carried out must be produced, and submitted to the Local Planning Authority.

This must be conducted in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11'.

Reason - To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors in accordance with policy COM10 of the adopted Tendring District Local Plan (2007).

4. Notwithstanding the submitted details, no development shall be commenced until precise details of the manufacturer and types and colours of the external facing and roofing materials to be used in construction of the dwellings and garages have been submitted to and agreed, in writing, by the Local Planning Authority. Such materials as may be agreed shall be those used in the development.

Reason - The site is publicly visible and therefore quality materials are an essential requirement. Insufficient information has been submitted within the application for full consideration of these details.

5. No development shall take place until there has been submitted to and approved, in writing, by the Local Planning Authority a scheme of hard and soft landscaping works for the site, which shall include any proposed changes in ground levels and also accurately identify spread, girth and species of all existing trees, shrubs and hedgerows on the site and indicate any to be retained, together with measures for their protection which shall comply with the recommendations set out in the British Standards Institute publication "BS 5837: 2005 - Trees in Relation to Construction."

Reason - To ensure that the development compensates visually for the loss of open area and soft landscaping and to ensure that the site has a satisfactory appearance in the interest of visual amenity, in accordance with Policies QL9 and QL11 of the Tendring District Local Plan.

6. All changes in ground levels, hard landscaping, planting, seeding or turfing shown on the approved landscaping details shall be carried out during the first planting and seeding season (October - March inclusive) following the commencement of the development or in such other phased arrangement as may be agreed in writing by the Local Planning Authority. Any trees or shrubs which, within a period of 5 years of being planted die, are removed or seriously damaged or seriously diseased shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority agrees in writing to a variation of the previously approved details.

Reason - To ensure that the development compensates visually for the loss of open area

and soft landscaping and to ensure that the site has a satisfactory appearance in the interest of visual amenity, in accordance with Policies QL9 and QL11 of the Tendring District Local Plan.

7. No development shall take place until precise details of the provision, siting, design and materials of screen walls and fences have been submitted to and approved in writing by the Local Planning Authority. The approved screen walls and fences shall be erected prior to the hereby approved dwelling being occupied and thereafter be retained in the approved form.

Reason - The site is publicly visible and therefore quality materials are an essential requirement. Insufficient information has been submitted within the application for full consideration of these details.

8. Notwithstanding the provisions of Article 3, Schedule 2, Part 1 Classes A and B of the Town and Country Planning (General Permitted Development) Order 1995 (or any Order revoking and re-enacting that Order with or without modification), no enlargement, improvement or other alteration to the dwelling shall be erected or carried out except in accordance with drawings showing the siting and design of such enlargement, improvement or other alteration which shall previously have been submitted to and approved, in writing, by the Local Planning Authority.

Reason - In the interests of the amenities of the occupants of neighbouring properties.

9. Notwithstanding the provisions of Article 3, Schedule 2, Part 1 Class E of the Town and Country Planning (General Permitted Development) Order 1995 (or any Order revoking and re-enacting that Order with or without modification), no provision of buildings, enclosures, swimming or other pool shall be erected except in accordance with drawings showing the design and siting of such building(s) which shall previously have been submitted to and approved, in writing, by the Local Planning Authority.

Reason - In the interests of the amenities of the occupants of neighbouring properties.

10. Prior to the occupation of the proposed development, the access to the existing and proposed dwelling shall be provided in strict accordance with the details shown in drawing number NE/002/02/REVISED and shall be provided with an appropriate dropped kerb vehicular crossing of the highway verge.

Reason: To ensure that all vehicles using the private drive access do so in a controlled manner and to ensure that opposing vehicles may pass clear of the limits of the highway, in the interests of highway safety and Policy DM 1 of the Highway Authority's Development Management Policies February 2011.

11. Prior to the proposed access being brought into use, vehicular visibility splays of site maximum by 2.4m by site maximum, as measured along, from and along the nearside edge of the carriageway, shall be provided on both sides of the centre line of the access and shall be maintained in perpetuity free from obstruction clear to ground.

Reason: To ensure adequate intervisibility between drivers of vehicles using the proposed access and those in the adjoining highway, in the interests of highway safety Policy DM 1 of the Highway Authority's Development Management Policies February 2011.

12. The development shall not be occupied until such time as the car parking area, indicated on the approved plans has been hard surfaced. The car parking area shall be retained in this form at all times and shall not be used for any purpose other than the parking of vehicles related to the use of the development.

Reason: To ensure that on-street parking of vehicles in the adjoining streets does not occur, in the interests of highway safety and Policy DM 1 and 8 of the Highway Authority's Development Management Policies February 2011.

13. No unbound materials shall be used in the surface treatment of the proposed vehicular access within 6m. of the highway boundary.

Reason: To ensure that loose materials are not brought out onto the highway, in the interests of highway safety and Policy DM 1 of the Highway Authority's Development Management Policies February 2011.

14. Prior to commencement of the proposed development, a vehicular turning facility, of a design which shall be approved in writing by the Local Planning Authority, shall be provided within the site and shall be maintained free from obstruction at all times for that sole purpose.

Reason: To ensure that vehicles using the site access may enter and leave the highway in a forward gear, in the interests of highway safety and Policy DM 1 of the Highway Authority's Development Management Policies February 2011.

15. All new driveways and parking areas shall be made of porous materials, or provision shall be made to direct run-off water from the hard surface to a permeable or porous area or surface within the curtilage of the dwelling.

Reason - In the interests of sustainable development and to ensure that run-off water is avoided to minimise the risk of surface water flooding.

Reason for approval:

This site lies outside of any defined settlement limits in the Tendring District Local Plan (2007) where planning permission for new residential development would not normally be permitted being contrary to the guidance in PPS1 (Delivering sustainable Development), PPS3 (Housing), PPS4 (Planning for sustainable economic growth), PPS7 (Sustainable Development in Rural Areas) and Local Plan policies that seek to secure sustainable development and protect the amenities and character of the countryside. Policy QL9 requires that all new development relates satisfactorily to its surroundings in terms of siting, appearance in the locality and relationship with neighbouring properties.

However, the site lies within a line of loosely spaced residential development along the Clacton Road that forms the hamlet of Horsley Cross Street. The proposed development, would, therefore, not be isolated from existing residential development. The application site comprises the car park of the adjacent public house that has planning permission for conversion to residential use. The proposals would, therefore, bring about material improvements to the street scene and to the environment within the local area. Having regard to this pattern of existing development and the improvements the development would bring about the local planning authority considers that, on balance and subject to compliance with the conditions attached to this permission the development is acceptable. Furthermore, the proposal would not reduce the amenities enjoyed by occupants of neighbouring properties and would not have a materially adverse impact upon the character of the surrounding area or be detrimental to highway safety.

19. PLANNING APPLICATION 11/00628/FUL

The Committee had before it the published Officer report containing an appraisal of the key planning issues, relevant planning policies, planning history, any response from consultees, written representations received and a recommendation of approval with a

summary of recommended conditions.

Councillor Nicholls declared a personal interest in the application as one of the Ward Members and remained in the meeting.

It was moved by Councillor Candy, seconded by Councillor Simons and:-

RESOLVED – That application 11/00628/FUL be approved subject to conditions regarding:-

- Time Limit
- Materials
- Soft Landscaping Scheme Implementation
- Hard Landscaping Submission
- Porous Driveway
- Access Layout
- Pedestrian Visibility Splays
- Unbound Materials
- Siting of Gates
- Front Hedgerow Siting
- Contaminated Land Survey
- Trees Protection Measures
- Protected Species Mitigation Measures
- Approved Plans

Reason for Approval

In approving this application the local planning authority has taken account of the development plan policies and/or proposals listed above. The quality of the design, the enhancement to the setting to the adjacent listed building and the significantly reduced intensive use of the site outweighs the fact the site is located outside of the defined development boundary. Residential development on this plot would not seriously undermine the council's housing settlement policies and would not set a harmful precedent for the surrounding area. Furthermore, neighbouring amenity is not adversely affected and the impact on highway safety is acceptable.

20. PLANNING APPLICATION 11/00823/FUL

The Committee had before it the published officer report containing an appraisal of the key planning issues, relevant planning policies, planning history, any response from consultees, written representations received and a recommendation of refusal with reasons.

Councillors Candy and G V Guglielmi declared a personal interest in the application as Ward Members and remained in the meeting.

Mr Tim Snow, the applicant's agent, spoke in support of the application.

It was moved by Councillor McLeod, seconded by Councillor Bragg and:-

RESOLVED – That application 11/00823/FUL be approved contrary to the officers' recommendation subject to such conditions as the Temporary Head of Planning considers appropriate in consultation with the Chair or Vice-Chairman and the Planning Portfolio Holder.

Conditions: (decided subsequent to the meeting in accordance with the above resolution)

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall not be carried out except in complete accordance with the details shown on drawing no. 652/04A and 652/03A.

Reason - For the avoidance of doubt and in the interests of proper planning.

3. The site shall only be open for deliveries or for the movement of goods into and out of storage between the hours of 8:00am and 17:30pm Monday to Saturday and no working on Sundays or Public Holidays. The hereby permitted sales use shall only operate between the hours of 09:00am and 17:30pm Monday to Saturday and 11:00am to 16:00pm on Sundays and Public Holidays.

Reason - In the interests of neighbouring residential amenity.

4. This permission shall only authorise the use of the premises in the manner described in the application and no sub-division of the premises to form additional units shall be carried out without the express consent of the Local Planning Authority first having been obtained on an application made in that behalf.

Reason - To ensure the development is satisfactory in relation to the premises and its surroundings and neighbouring residential amenity.

5. No floodlighting or external illumination shall be installed unless details of the illumination scheme have been submitted to and approved in writing by the Local Planning Authority. Development shall only be carried out in accordance with the approved details.

Reason - In the interests of amenity to reduce the impact of night-time illumination on the character of the area and upon residents living close to the site.

6. No development shall be commenced until precise details of the manufacturer and types and colours of the external facing and roofing materials to be used in construction have been submitted to and agreed, in writing, by the Local Planning Authority. Such materials as may be agreed shall be those used in the development.

Reason - The application site is publicly visible and therefore suitable materials are required in order to maintain the character and appearance of the countryside location of the site.

7. Notwithstanding the submitted details, no development shall take place until there has been submitted to and approved, in writing, by the Local Planning Authority a scheme of hard and soft landscaping works for the site, which shall include any proposed changes in ground levels and also accurately identify spread, girth and species of all existing trees, shrubs and hedgerows on the site and indicate any to be retained, together with measures for their protection which shall comply with the recommendations set out in the British Standards Institute publication "BS 5837: 2005 - Trees in Relation to Construction."

Reason - The site lies in the countryside and it is considered an essential part of the development to retain and reinforce landscaping of the site to safeguard the countryside character.

8. All changes in hard landscaping, planting, seeding or turfing shown on the approved

landscaping details shall be carried out during the first planting and seeding season (October - March inclusive) following the commencement of the development or in such other phased arrangement as may be agreed in writing by the Local Planning Authority. Any trees or shrubs which, within a period of 5 years of being planted die, are removed or seriously damaged or seriously diseased shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority agrees in writing to a variation of the previously approved details.

Reason - To ensure that the approved landscaping scheme is provided and maintained for an appropriate period in the interests of the visual amenity and character and appearance of the countryside.

9. Prior to the commencement of the proposed development, details of an on site parking facility for construction workers and vehicles, a loading and unloading area for demolition and construction materials and a turning facility suitable for the largest vehicle attracted to or generated by the sites activities during the demolition and construction phases being provided entirely clear of the limits of the highway, shall be submitted to and approved in writing by the Local Planning Authority.

Reason - To ensure that on-street parking of these vehicles in the adjoining streets does not occur, in the interests of highway safety.

10. Prior to the commencement of the proposed development, details of a wheel and underbody cleaning facility within the site and adjacent to the egress onto the highway shall be submitted to and approved in writing by the Local Planning Authority and that facility shall be maintained during the periods of demolition / construction.

Reason - To ensure that loose materials and spoil are not brought out onto the highway, in the interests of highway safety.

11. Prior to commencement of the proposed development, loading, off-loading and manoeuvring facilities for service and delivery vehicles, the details of which shall be approved in writing by the Local Planning Authority, shall be provided within the site and shall be maintained free from obstruction at all times for that sole purpose.

Reason - To ensure that the adjoining highway is not obstructed by servicing activity, in the interests of highway safety.

12. Prior to commencement of the proposed development, car parking facilities for employees and visitors, in accordance with a scheme to be approved in writing by the Local Planning Authority, shall be provided and maintained for that sole purpose.

Reason - To ensure that on-street parking of vehicles in the adjoining streets does not occur, in the interests of highway safety.

13. Unless otherwise agreed by the Local Planning Authority, development other than that required to be carried out as part of an approved scheme of remediation must not commence until conditions (1) to (4) have been complied with. If unexpected contamination is found after development has begun, development must be halted on that part of the site affected by the unexpected contamination to the extent specified by the Local Planning Authority in writing until condition (4) has been complied with in relation to that contamination.

#### (1) Site Characterisation

An investigation and risk assessment, in addition to any assessment provided with the planning application, must be completed in accordance with a scheme to assess the nature

and extent of any contamination on the site, whether or not it originates on the site. The contents of the scheme are subject to the approval in writing of the Local Planning Authority. The investigation and risk assessment must be undertaken by competent persons and a written report of the findings must be produced. The written report is subject to the approval in writing of the Local Planning Authority. The report of the findings must include:

- (i) a survey of the extent, scale and nature of contamination;
- (ii) an assessment of the potential risks to:
  - human health,
  - property (existing or proposed) including buildings, crops, livestock, pets, woodland and service lines and pipes,
  - adjoining land,
  - groundwaters and surface waters,
  - ecological systems,
  - archaeological sites and ancient monuments;
- (iii) an appraisal of remedial options, and proposal of the preferred option(s).

This must be conducted in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11'.

## (2) Submission of Remediation Scheme

A detailed remediation scheme to bring the site to a condition suitable for the intended use by removing unacceptable risks to human health, buildings and other property and the natural and historical environment must be prepared, and is subject to the approval in writing of the Local Planning Authority. The scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the intended use of the land after remediation.

## (3) Implementation of Approved Remediation Scheme

The approved remediation scheme must be carried out in accordance with its terms prior to the commencement of development other than that required to carry out remediation, unless otherwise agreed in writing by the Local Planning Authority. The Local Planning Authority must be given two weeks written notification of commencement of the remediation scheme works.

Following completion of measures identified in the approved remediation scheme, a verification report (referred to in PPS23 as a validation report) that demonstrates the effectiveness of the remediation carried out must be produced, and is subject to the approval in writing of the Local Planning Authority.

## (4) Reporting of Unexpected Contamination

In the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported in writing immediately to

the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with the requirements of condition (1), and where remediation is necessary a remediation scheme must be prepared in accordance with the requirements of condition (2), which is subject to the approval in writing of the Local Planning Authority.

Following completion of measures identified in the approved remediation scheme a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with condition (3).

(5) Long Term Monitoring and Maintenance

A monitoring and maintenance scheme to include monitoring the long-term effectiveness of the proposed remediation over a period of 2 years, and the provision of reports on the same must be prepared, both of which are subject to the approval in writing of the Local Planning Authority.

Following completion of the measures identified in that scheme and when the remediation objectives have been achieved, reports that demonstrate the effectiveness of the monitoring and maintenance carried out must be produced, and submitted to the Local Planning Authority.

This must be conducted in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11'.

Reason - To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors in accordance with Policy COM10 of the adopted Tendring District Local Plan (2007).

Reason for approval:

This proposal is for a new building to replace existing buildings that have lawful use for business purposes, including retail sales. The main policy considerations are QL9, QL11, ER7 and EN1 of the Tendring District Local Plan (2007) and the guidance in PPS4. The proposed building would have some impact on the locality, but having taken into account the poor condition and appearance of the existing buildings and the lawful use of the site for car breaking and repairs, and the quality and design of the proposed building the Local Planning Authority considers, on balance, that the proposal is acceptable subject to compliance with the conditions attached to this permission. The proposal will protect existing employment and create further employment opportunities in this rural location and would accord with the principles for economic development set out in PPS4. The development would also extinguish an un-neighbourly use that has significantly greater adverse impact on the countryside and is not subject to planning controls over its operation.

21. URGENT ITEM

PLANNING APPLICATION 11/00037/FUL – LAND ADJ. 142 HARWICH ROAD, MISTLEY – CONSTRUCTION OF 15 AFFORDABLE RURAL DWELLINGS WITH ASSOCIATED PARKING, CARPORTS, CYCLE STORES AND NEW VEHICULAR ACCESS

The Committee was informed that a further extension of time for completion of a legal agreement was required until 18 November 2011 (minute 22, 28/6/11 and minute 51, 23/8/11 referred).

It was moved by Councillor Johnson, seconded by Councillor McLeod and:-

RESOLVED – That the time be extended accordingly.

22. ANY OTHER ITEMS WHICH THE CHAIRMAN DECIDES ARE URGENT

There were none.

23. SUB-COMMITTEES OF THE LICENSING AND REGULATORY COMMITTEES AND THEIR CHAIRMEN AND VICE-CHAIRMEN

To avoid the need for formal meetings of the Licensing and Regulatory Committees to be held to appoint their Sub-Committees and the Chairmen and Vice-Chairmen of those Sub-Committees:-

It was moved by Councillor Stock, duly seconded and:-

RESOLVED – (a) That the Appeals Sub-Committee be, and is, hereby appointed and that the members thereof for the 2011/2012 Municipal Year be as follows:-

Councillor Aldis  
Councillor Bragg  
Councillor S A Honeywood  
Councillor Nicholls  
Councillor Platt  
Councillor Simons

(b) That Councillor S A Honeywood be elected Chairman of the Appeals Sub-Committee for the 2011/2012 Municipal Year.

(c) That Councillor Platt be appointed Vice-Chairman of the Appeals Sub-Committee for the 2011/2012 Municipal Year.

(d) That the Licensing (General Purposes) Sub-Committee be, and is, hereby appointed and that the members thereof for the 2011/2012 Municipal Year be as follows:-

Councillor Casey  
Councillor De-Vaux Balbirnie  
Councillor Downing  
Councillor Fawcett  
Councillor V E Guglielmi  
Councillor Powell  
Councillor Pugh  
Councillor Skeels

(e) That Councillor Downing be elected Chairman of the Licensing (General Purposes) Sub-Committee for the 2011/2012 Municipal Year.

(f) That Councillor Fawcett be appointed Vice-Chairman of the Licensing (General Purposes) Sub-Committee for the 2011/2012 Municipal Year.

(g) That Premises/Personal Licences Sub-Committee 'A' be, and is, hereby appointed and that the members thereof for the 2011/2012 Municipal Year be as follows, with the appointment of a third member from the Labour Group, which appointment to be dealt with

by the Chief Executive in accordance with the authority delegated to him to appoint a member at the request of the Group Leader:-

Councillor Downing  
Councillor Powell

(h) That Councillor Downing be elected Chairman of the Premises/Personal Licences Sub-Committee 'A' for the 2011/2012 Municipal Year.

(i) That Premises/Personal Licences Sub-Committee 'B' be, and is, hereby appointed and that the members thereof for the 2011/2012 Municipal Year be as follows:-

Councillor V E Guglielmi  
Councillor G L Mitchell  
Councillor Shearing

(j) That Councillor V E Guglielmi be elected Chairman of the Premises/Personal Licences Sub-Committee 'B' for the 2011/2012 Municipal Year.

(k) That Premises/Personal Licences Sub-Committee 'C' be, and is, hereby appointed and that the members thereof for the 2011/2012 Municipal Year be as follows:-

Councillor De Vaux-Balbirnie  
Councillor Fawcett  
Councillor Platt

(l) That Councillor Platt be elected Chairman of the Premises/Personal Licences Sub-Committee 'C' for the 2011/2012 Municipal Year.

#### 24. TENDRING DISTRICT LOCAL PLAN PREFERRED OPTIONS CONSULTATION

Council's approval was sought in respect of the Tendring District Local Plan Preferred Options Consultation.

The Local Plan Committee had considered the consultation document at its meeting held on 9 June 2016 and Council had before it the Committee's recommendations.

Council also had before it a report of the Head of Planning Services which informed Members of major as well as minor changes to the consultation documents in order to make the Plan up-to-date prior to public consultation and to be consistent in not allocating sites for housing which had been refused permission. Some of those changes were a result of decisions made by the Planning Committee at its meeting held on 14 June 2016. The changes had been made to the Plan attached as Appendix A to the report of the Head of Planning Services and a schedule of those changes was provided in Appendix C thereto.

Members had had circulated to them prior to the commencement of the meeting amended maps in relation to Great Bentley and Frinton, Walton, Kirby-le-Soken, Kirby Cross and Great Holland. Those maps had been altered as a result of the recent refusal of related planning applications.

Councillor Stock, Chairman of the Local Plan Committee, thanked the Members of that Committee and the Officers, particularly the Head of Planning Services (Cath Bicknell) and the Planning & Regulation Manager (Simon Meecham), for their hard work and dedicated effort in getting the Local Plan to its current position. He also thanked the members of the public and representatives of parish councils who had participated in the public speaking scheme at meetings of the Local Plan Committee.

Councillors Stock, Turner, Scott, Winfield, Parsons, Stephenson, Calver, Bray, V E Guglielmi, Howard, G V Guglielmi, Coley, Broderick and M Brown participated in the debate.

It was moved by Councillor Stock, seconded by Councillor Turner and RESOLVED that Council:

(a) approves the content of the Tendring District Local Plan Preferred Options consultation document, attached as Appendix A to the Report of the Head of Planning Services, which incorporates the changes set out in Appendix C thereto and including the amended maps for Great Bentley and Frinton, Walton, Kirby-le-Soken, Kirby Cross and Great Holland, as circulated, for public consultation for a period of eight weeks;

(b) delegates authority to the Head of Planning Services, in consultation with the Chairman of the Local Plan Committee, to make minor amendments to the text of the Local Plan consultation documents up to the point of publication for consultation purposes. Such amendments are to be circulated to all Members of the Council prior to the commencement of the public consultation; and

(c) delegates authority to the Head of Planning Services, in consultation with the Chairman of the Local Plan Committee, to agree the content of the Sustainability Appraisals for the Local Plan Consultation Documents for public consultation for a period of six weeks. The content of the Sustainability Appraisals are to be circulated to all Members of the Council prior to the commencement of the public consultation.

NOTES: (1) in accordance with the provisions of Council Procedure Rule 18.5, Councillors Bray, Broderick, Parsons and Whitmore each requested that they be recorded in the minutes as having voted against the above decisions; and

(2) in addition, Councillor G V Guglielmi requested that he be recorded in the minutes as having abstained from voting on the above decisions.

25. URGENT MATTERS FOR DEBATE

There were none on this occasion.

26. URGENT MATTERS FOR DEBATE

There were none on this occasion.

Chairman
