Most Council meetings are open to the public and press. The space for the public and press will be made available on a first come first served basis. Agendas are available to view five working days prior to the meeting date and the Council aims to publish Minutes within five working days of the meeting. Meeting papers can be provided, on request, in large print, in Braille, or on disc, tape, or in other languages.

This meeting will be filmed by the Council for live and/or subsequent broadcast on the Council's website. The whole of the meeting will be filmed, except where there are confidential or exempt items, and the footage will be on the website for up to 24 months (the Council retains one full year of recordings and the relevant proportion of the current Municipal Year). The Council will seek to avoid/minimise footage of members of the public in attendance at, or participating in, the meeting. In addition, the Council is obliged by law to allow members of the public to take photographs, film, audio record and report on the proceedings at public meetings. The Council will only seek to prevent this should it be undertaken in a disruptive or otherwise inappropriate manner.

If you have any queries regarding webcasting or the recording of meetings by the public, please contact Ian Ford Email: iford@tendringdc.gov.uk or Telephone on 01255 686584.

JOINT REFERENCE FROM THE COMMUNITY LEADERSHIP AND THE RESOURCES & SERVICES OVERVIEW AND SCRUTINY COMMITTEES

A.3 OVERVIEW AND SCRUTINY COMMITTEES: PROPOSED WORK PROGRAMMES FOR 2023/2024 AND REVIEW OF WORK UNDERTAKEN IN 2022/23

(Report prepared by Keith Simmons and Keith Durran)

PART 1 – KEY INFORMATION

PURPOSE OF THE REPORT

To seek the Council's approval of the respective proposed work programmes for the Community Leadership and the Resources & Services Overview and Scrutiny Committees for the remainder of 2023/24. Through the report Council is also asked to receive the proposed 'Annual Report 2022/23' for overview and scrutiny work undertaken through those Committees.

EXECUTIVE SUMMARY

At this Council, the overview and scrutiny function is facilitated through two separate Committees. These are the Community Leadership and the Resources & Services Overview and Scrutiny Committees. Together, their work comprises the whole overview and scrutiny function.

Under the Council's Overview and Scrutiny Procedure Rules, the Constitution states, in relation to the Work Programme (Rule 7), that:

“Each Overview and Scrutiny Committee will submit a work programme for the year ahead and a review of the previous year's activities to the Council for approval. In addition, it will be responsible for coordinating and prioritising its work programme on an ongoing basis.

In submitting their proposed work programmes for 2022/23, the Overview and Scrutiny Committees have taken into account:-

- *the General Role and Principles of undertaking its functions, as set out in Part 2, Article 6*
- *the planned work on the preparation of elements of the Budget and Policy Framework, as set out in the Council's Business Plan;*
- *the need for statutory timetables to be met;*
- *the wishes of all members of the committee;*
- *requests from the Cabinet to carry out reviews; and*
- *requests from Group Leaders in accordance with Rule 8.*

Under Article 6.02 of the Constitution the separate Overview & Scrutiny Committees (OSCs) perform the role of overview and scrutiny in relation to:

Resources and Services OSC

“the effective use of the Council's resources including approval of discrete researched and

evidenced reviews on the effectiveness of:

- *Financial Forecast and Budget setting and monitoring (including the General Fund and the Housing Revenue Account)*
- *Service Delivery and Performance (where not delegated to the Community Leadership Overview and Scrutiny Committee)*
- *Procurement and Contract Management*
- *Transformation and Digital Strategies*
- *Customer Service and Standards”*

Community Leadership OSC

- *Community Leadership - developing the external focus of overview and scrutiny on ‘district-wide issues’ (and where appropriate sub-regional, regional and national issues), in particular through collaborative work with local partner authorities, providers, stakeholders and members of the public.*
- *Approval of discrete researched and evidenced reviews on the effectiveness of partnership operating in the area with particular focus on:*
 - *Community Safety*
 - *Health and Well-being*
 - *Economy, Skills and Educational Attainment*
 - *Community engagement, development and empowerment*
 - *Leisure and Tourism (except matters relating to budgets)*
 - *Housing Strategy and Homeless Service (except the Housing Revenue Account)*
 - *Emergency Planning*

In considering the Work Programme of enquiries to submit for approval to Council, the separate Overview and Scrutiny Committees have had regard to the Corporate Plan 2020-24 and the themes of that Corporate Plan. These themes are:

- Delivering High Quality Services;
- Building Sustainable Communities;
- Strong Finances and Governance;
- A Growing and Inclusive Economy; and
- Community Leadership through Partnerships.

It should be made aware that at present the Corporate Plan for 2024-28 is currently being worked on and provisions may have to reviewed once the new Plan is adopted.

The Overview and Scrutiny Committees each formally reviewed the work carried out in 2022/23 and considered items for inclusion in their respective proposed Work Programmes for 2023/24 as follows:

Resources and Services Overview and Scrutiny Committee – 27 June 2023; and
Community Leadership Overview and Scrutiny Committee – 3 July 2023.

This formal approval follows informal development of concepts by Members of the two Committees. All Councillors on Tendring District Council were provided with the opportunity to contribute proposals for Work Programme items for 2023/24.

Both Committees received a report on a meeting between the Chairmen of those Committees, the Leader of the Council, the Deputy Leader, the Chief Executive, Deputy Chief Executive and Head of Democratic Services & Elections held on 20 June 2023. A

number of suggested possible enquiries were identified at this meeting.

Having considered all of the above, the two Overview and Scrutiny Committees determined their proposed Work Programmes for 2023/24 and these are now submitted for approval by Council along with a review of the scrutiny function at the Council in 2022/23 as performed through the two Committees. This has been developed in dialogue with the Chairmen of the two Committees and a draft was submitted at the Committee meetings already referenced above.

Appendix Ai to this report sets out the proposed work programme for the Community Leadership Overview and Scrutiny Committee, Appendix Aii sets out the proposed work programme for the Resources and Services Overview & Scrutiny Committee and Appendix B sets out the review of the scrutiny function in 2022/23. All are submitted for consideration by Council.

Both of the Overview and Scrutiny Committees have approved arrangements for the appointment of relevant Task and Finish groups to take forward enquiries to be confirmed prior to the next respective Committee meetings.

RECOMMENDATIONS

That Council –

- (a) approves the proposed work programmes for the Community Leadership and the Resources & Services Overview and Scrutiny Committees for the 2023/24 Municipal Year, as set out in Appendices Ai and Aii respectively; and**
- (b) notes the work carried out by those Committees in the year 2022/23, as set out in Appendix B.**

BACKGROUND

The Council's Corporate Plan 2020-23 Themes are set out earlier in this report.

The General Role and Functions of the Overview and Scrutiny Committees (as set out in Article 6.01 of the Council's Constitution) are to:-

1. *Review or scrutinise executive decisions made by the Cabinet (including those delegated to Portfolio Holders and Officers) or are due to be made by the Cabinet or a Portfolio Holder including performance in relation to individual decisions over a period of time;*
2. *Act as a consultee on policy development and review of policies;*
3. *Submit to Full Council for approval an annual overview and scrutiny work programme;*
4. *Make reports or recommendations to the Cabinet or the Council as appropriate, with respect to the discharge of any Council function or on any matter affecting the authority's area or its inhabitants.*
5. *Prepare and present an annual performance report to Full Council covering the outcomes of the overview and scrutiny functions by each committee;*
6. *Deal with any call-in of Cabinet decisions (including those delegated to Portfolio Holders and Officers (key decisions only)) in accordance with the Overview & Scrutiny Procedure Rules; and*
7. *Consider requests for scrutiny reviews under the Councillor Call for Action process and petitions as referred under the Petitions Scheme and Council*

Procedure Rules.

In undertaking the General Role, the following principles apply:-

- (i) The focused co-ordination of all overview and scrutiny functions on behalf of the Council including the performance reporting on the Corporate Plan, Priorities and Projects;*
- (ii) Appoint, where appropriate, and in accordance with its agreed work programme, a group to undertake researched and evidenced reviews on a specific topic, on a task and finish basis. The terms of reference of any Task and Finish group must be agreed by the relevant Overview and Scrutiny Committee prior to its commencement; and*
- (ii) Consideration of the Council's priorities and resources when making researched and evidenced recommendations and referral decisions as an outcome of the scrutiny and prioritising those referrals in a timely manner.*

In supplement to the provisions of the Council's Constitution elsewhere referenced in this report, on 21 March 2021, Council approved and incorporated into the Constitution, a Cabinet and Overview and Scrutiny Protocol which includes the following in respect of work programming by the two Overview and Scrutiny Committees:

“9.1 Around the start of each Municipal Year, the Overview & Scrutiny committees will hold a work planning workshop. As part of this workshop the views of the relevant Cabinet Member(s) will be inputted alongside the views received from others. The Cabinet's adopted priorities in support of the Corporate Plan will be considered, areas of planned policy development over the relevant Municipal Year (and the next) will be provided and they will be asked to highlight any areas where overview & scrutiny may be specifically invited to assist in work (including Community Leadership areas).

9.2 The Chairmen and Vice-Chairmen of the Overview & Scrutiny Committees will meet quarterly with representatives of the Cabinet in order to ensure ongoing opportunities for Cabinet input into Overview & Scrutiny Committee work plans, ongoing opportunities for Overview & Scrutiny to input into Cabinet policy development or to address performance issues and to build on the positive working relationship between the two functions.

9.3 Overview & Scrutiny Committees may legitimately expect to receive a written report with relevant details for each item on its work programme and, where possible, this report should always be circulated with the agenda for the meeting.”

Opening

This report sets out the review of 2022/23 for the Overview and Scrutiny function of the Council. As such it represents a comprehensive "Joint Report" from the Council's two Overview and Scrutiny Committees (OSCs). This approach has been in place for several years and has garnered widespread acclaim and appreciation from the Chairmen and Members of both OSCs.

During 2022/23 a significant transformation took place in the OSCs approach to their crucial scrutiny function. This change was prompted by valuable guidance provided through a thorough review conducted by the Centre for Governance and Scrutiny (CFGs) in the period of 2021 to 2022. Notably, 2022/23 marked the initial implementation of a new operational framework for the OSCs, wherein their programmed formal meetings were established at a quarterly frequency. Concurrently, the substantive and essential enquires of the Committees were diligently carried out by dedicated Task and Finish groups of Councillors, ensuring comprehensive scrutiny throughout the entire year. By their nature, certain enquiries continued to be undertaken by the Committee as a whole.

Councillor Mark Stephenson

Chairman of the Resources and Services Overview and Scrutiny Committee 2022/23

"The Resources and Services Overview and Scrutiny Committee has undertaken several valuable enquiries in 2022/23. The Task and Finish groups (T&FG) for Planning Enforcement and Cyber Security are particularly noteworthy and I am grateful to the Chairmen of those Groups for their control of the respective enquiries and producing really powerful recommendations. The Committee itself too undertook extensive enquiries on the Budget for the Council in preparation for 2023/24 and on procurement/contract management (prompted by several examples that were explored with relevant Cabinet Members and Officers). The development of a social value policy for the Council is one element of that last enquiry that I look forward to the Committee's involvement in. On that note I would like to extend my personal thanks all Members (in the Administration and those on the Committee and its Task and Finish Groups) for their time and effort in pre-reading, attending briefings, participating in formal meetings and follow up activity. Together we have made scrutiny work at Tendring."

Chair Quotes

"The last year of Community Leadership Overview and Scrutiny Committee has been an interesting year as it was the first year that the Committee used Task and Finish groups to carry out the majority of its work. Unfortunately, it was difficult to get a full quota of Members to volunteer for each Task and Finish Group and as time moved on, we were unable to move ahead with several of the enquiries. We did, however, undertake a good piece of work around NHS dentistry, or lack thereof, in the District as a Committee. I would like to thank all the Members for their help as well as the Officers".

Councillor John Chittock

Chairman of the Community Leadership Overview and Scrutiny Committee 2022/23

Line Up

We had some changes to the membership of both Overview and Scrutiny Committees for the year 2022/23.

While both Chairmen remained unchanged, Councillor Harris left the Resources & Services OSC to take his position of Chairman of the Council. He was replaced on that Committee by Councillor Skeels who left his role on the Community Leadership OSC to facilitate this change. Councillor Kanagasundaram King replaced Councillor Skeels on Community Leadership

Dentistry Enquiry

In December 2022 the Community Leadership OSC held a very informative special meeting of the Committee to specifically look at the NHS Dentistry provision within the District of Tendring.

The Committee was joined by representatives from some of our external partners including:

- Lizzie Mapplebeck, Associate Director of Strategic Change, Suffolk and North East Essex Integrated Care Board
- Greg Brown, Senior Performance Improvement Manager, Suffolk and North East Essex Integrated Care Board
- Professor Nick Barker, Oracle Dental Group

The Committee was informed about the longstanding issues surrounding NHS dental access, which had been worsened by the COVID-19 pandemic. This had resulted in increased pressure on emergency care services, extreme measures taken by individuals to alleviate pain, and broader societal impacts such as increased demands on the healthcare system and reduced productivity. At the time of the Enquiry, NHS England directly commissioned dental services, with Integrated Care Boards (ICBs) commissioning and managing dental services locally from April 2023. The dental contract system had faced criticism, and a response by local Providers had sought to improve patient access, increase incentives for preventative dentistry, and prevent patients from having to pay privately for previously commissioned NHS dental care. The report presented local data on the Tendring District in Essex, which highlighted challenges in dental access, particularly for the District's aging population. The data

revealed unmet dental treatment needs and a decrease in the availability of NHS dental services during the pandemic. To address these challenges, various programs were planned, including increasing routine and urgent dental capacity, supporting care homes and healthcare professionals, prioritizing dental care for vulnerable groups like looked-after children, and improving dental health education. Efforts had also been made to enhance access information by auditing dental services more frequently and updating the Directory of Services to provide better information on dental practices accepting new and emergency patients.

Overall, the information presented emphasized the long-standing issues with NHS dental access, the impact of the pandemic, ongoing reforms to the dental contract system, local oral health needs, and the implementation of programs aimed at improving dental access and care.

Planning Enforcement Enquiry

In March 2023, the Committee heard the results of its Planning Enforcement Task and Finish group which was tasked with conducting an enquiry into the Council's Planning Enforcement function, focusing on various aspects such as current powers, policies, procedures, data usage, effectiveness of approach, and case prioritization. The decision to investigate Planning Enforcement arose from concerns raised by multiple Councillors regarding its effectiveness in addressing a range of planning enforcement matters. The aims and objectives of the enquiry were established during the Task and Finish Group's inaugural meeting, and they evolved as the inquiry progressed.

The objectives of the enquiry were categorized into several areas. First, regarding current powers, the goal was to review the Council's full set of discretionary powers for planning enforcement and improve communication about these powers to stakeholders. Second, in terms of policies, the Council's

Planning Enforcement Policy and associated harm risk assessment were subject to review, with recommendations for necessary improvements. Third, the enquiry aimed to assess and enhance the effectiveness of procedures involved in handling enforcement complaints, including communication approaches and potential collaboration with third parties. Fourth, data interrogation was proposed to gain insights into the scale and nature of enforcement issues, leading to the development of a reporting framework. Fifth, the effectiveness of the planning enforcement approach would be evaluated through feedback from Councillors and interested parties, along with a review of available resources. Finally, the enquiry sought to assess the approach to prioritizing inspection and determine necessary improvements to the harm risk assessment and decision-making process within the Council.

From this the Committee put forward a robust set of recommendations to Cabinet that were considered in June 2023.

Cyber Security Enquiry

As part of its work programme for 2022/23, the Resources and Services Overview and Scrutiny Committee established a Cyber Security Task and Finish Group to investigate and challenge the Council's cyber-security arrangements and preparedness.

It was acknowledged that providing Members with information to fulfil their council duties was important, although it was not a legal obligation. One of the concerns related to the legal context of ceasing the auto-forwarding of members emails. From a legislative perspective, the General Data Protection Regulation (GDPR) required personal data to be processed securely, which the Council couldn't demonstrate when emails were forwarded to personal accounts outside its control. The Information Commissioner's Office (ICO) guidance clarified that information relating to the official business of a public authority held in non-work personal email accounts could be subject to the Freedom of Information Act (FOIA).

At a Full Council meeting, Officers were tasked with exploring options for Members email access. Four main options were presented:

- 1) Restrict access to Council-owned devices, which aligned with the original recommendation but some Members needed to use personal devices for quick email responses;
- 2) Issue Council-owned mobile phones to Members who requested them, meeting the need for quick responses but potentially incurring additional costs;
- 3) Allow Members to use personal devices with Council-installed software, but it could be unpopular, raise security concerns, and require additional IT resources;
- 4) Members continue using personal devices but access systems and emails via a web-based Member 'Portal,' increasing the risk of cyber-attacks and requiring additional cybersecurity resources.

The decision-making process considered factors such as Members requirements, user satisfaction, cost, data protection compliance, cybersecurity, information governance, resource complexity, and risk management.

Once again the outcome from this enquiry led to the Resources & Services OSC providing Cabinet and Council with a detailed list of recommendations.

Councillor Giancarlo Guglielmi

Deputy Leader of the Council 2022/23 and
Interim leader of the Council 10-23 May 2023

“As we draw the current Administration to a close, it is good to reflect on how this Council's Scrutiny function has developed. Following the visit by a team of the Centre for Governance and Scrutiny (CFGs) a report was prepared and circulated to everyone; the council commissioned CFGs to advise and support Members and Officers to review its Scrutiny function. We now have in place a new Cabinet/Scrutiny Protocol and have also set up several Task and Finish Groups which have proven to be very helpful to the running of the Council especially the work done on the Cyber Security topic, who came up with a solution to the ongoing Councillors Email Forwarding problem that was proposed and accepted by Full Council at its March meeting. I look forward to a continued improvement of the Council's Scrutiny role and build on the success achieved so far”.
