" All Electric H/c.

Dear licencing, I am interested in buying a Nissan leaf, (all electric) and have found out some very interesting facts, re costs, and savings ect. In the interests of 'Zero' emissions, and a greener environment, I would like to ask the licencing committee at their next convenient meeting to discuss the incentives of a all electric taxi within the (T. D. C) perhaps relating to a reduction in licence fee (PA). Many thanks for your time.

Yours Sincerely
Mr C. L. Bennett
