#### TOWN AND COUNTRY PLANNING ACT 1990

**APPLICATION NO:** 18/01669/FUL      **DATE REGISTERED:** 15th October 2018

Proposed Development and Location of Land:

**Two semi-detached houses, garages, landscaping and access.  
Heath Road St Osyth Essex CO16 9BS**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY REFUSE PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted for the following reason(s)

- 1 The site lies outside of a Settlement Development Boundary as defined by the adopted Tendring District Local Plan (2007) and the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft (2017). Saved Tendring District Local Plan (2007) Policy QL1 sets out that development should be focussed towards the larger urban areas and to within development boundaries as defined within the Local Plan. These sentiments are carried forward in emerging Policy SPL1 of the Publication Draft.

The NPPF requires Councils to boost significantly the supply of housing to meet objectively assessed future housing needs in full. In any one year, Councils must be able to identify five years' worth of deliverable housing land against their projected housing requirements (plus a 5% or 20% buffer to ensure choice and competition in the market for land). If this is not possible, housing policies are to be considered out of date and the presumption in favour of sustainable development is engaged with applications for housing development needing to be assessed on their merits, whether sites are allocated for development in the Local Plan or not.

The Council can demonstrate, with robust evidence, a five-year supply of deliverable housing sites and this has been confirmed in recent appeal decisions. This is based on a housing requirement of 550 dwellings per annum which has been confirmed as sound by the Inspector for the Local Plan examination on 27 June 2018 (Examination of the Strategic Section 1 Plan - Meeting the Need for New Homes (Plan chapter 4)). Therefore policies for the supply of housing are not out of date and applications for housing development are to be determined in accordance with the Local Plan.

Therefore, having regard to the latest housing land supply figures and with the emerging Local Plan progressing well, officers consider that greater weight can be given to Section

3 (Plan-Making) of the NPPF. Under this section, paragraphs 15, 17 and 20 state that the planning system should be genuinely plan-led, must include strategic policies to address local planning authority's priorities for the development and use of land, and should set out an overall strategy for the pattern, scale and quality of housing development.

Emerging Policy SPL1 of the Publication Draft of the Local Plan 2017 includes a 'settlement hierarchy' aimed at categorising the district's towns and villages and providing a framework for directing development toward the most sustainable locations therefore being in line with the aims of the aforementioned paragraphs 15, 17 and 20 of the NPPF. This is the emerging policy equivalent to Saved Policy QL1 of the adopted Tendring District Local Plan 2007 which states that development should be focussed towards the larger urban areas and to within development boundaries as defined within the Local Plan.

There would be in conflict with Saved Policy QL1 and Emerging Policy SPL1 in terms of the site's location beyond the settlement development boundary. However, while the NPPF advocates a plan-led approach, it is important to consider whether any circumstances outweigh the conflict. Development should be plan led unless material considerations indicate otherwise and it is accepted that the site is not in a preferred location for growth.

The application proposes the erection of two dwellings in a relatively remote location where future occupiers would be heavily dependent on the private car to access services to meet the majority of their everyday basic needs. The social role of sustainability would not therefore be fulfilled.

The proposal would not therefore represent sustainable development and there is an objection in principle to the residential development of the site.

- 2 Paragraph 54 of the National Planning Policy Framework (2018) states Local Planning Authorities should consider whether otherwise unacceptable development could be made acceptable through the use of conditions or planning obligations. Paragraph 56 of the NPPF states planning obligations must only be sought where they are necessary to make the development acceptable in planning terms, directly relate to the development and fairly and reasonably relate in scale and kind to the development.

Policy COM6 of the adopted Tendring District Local Plan 2007 states "For residential development below 1.5 hectares in size, developers shall contribute financially to meet the open space requirements of the development in proportion to the number and size of dwellings built".

There is currently a deficit of 6.44 hectares of equipped play and formal open space in St Osyth and Point Clear. There are three play areas in St Osyth and Point Clear, the nearest play area to the development site is located at Cowley Park on Mill Street. This play area is classified as a Local Equipped Area for Play but is limited in size.

Due to the limited provision in the village a contribution towards play and formal open space is justified and relevant to this planning application, with contributions received being spent on additional play facilities at Cowley Park.

This application has not come with a correctly completed unilateral undertaking for a contribution towards play and formal open space facilities.

No such contribution has been included within this application and therefore this scheme does not comply with Policy COM6.

#### Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern with the proposal and discussing those with the Applicant. However, the issues are so fundamental to the proposal that it has not been possible to negotiate a satisfactory way forward and due to the harm which has been clearly identified within the reason(s) for the refusal, approval has not been possible.

**The attached notes explain the rights of appeal.**

## NOTES FOR GUIDANCE

### WHEN PLANNING PERMISSION IS REFUSED OR GRANTED SUBJECT TO CONDITIONS

#### APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If you want to appeal, then you must do so within the set time frame as outlined below:
  - a. If this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Householder Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
  - b. If this is a decision to refuse planning permission for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
  - c. If you want to appeal against your local planning authority's decision on a development which is not caught by a. and b. above then you must do so within **6 months** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
- Appeals must be made using the relevant form (as detailed above) which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. **Please note, only the applicant possesses the right of appeal.**
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions imposed having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based its decision on a direction given by the Secretary of State.

#### ENFORCEMENT

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder or minor commercial appeal) of the date of this notice, whichever period expires earlier.
