TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 18/01567/FUL

DATE REGISTERED: 2nd October 2018

Proposed Development and Location of the Land:

**Variation of condition 2 (approved Plans) of 15/01437/FUL allowed on appeal.
Land R/o The Hawthorns High Street Thorpe Le Soken Clacton On Sea**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

- 1 The development hereby permitted shall be begun before the expiration of 4th November 2019.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: Drawing Ref. PA-15C and Drawing Ref. PA-10B.

Reason - For the avoidance of doubt and in the interests of proper planning.

- 3 As detailed with the email from the agent dated 15 October 2018, the development hereby approved shall be finished in Vandersanden Malting Antique red facing brick and handmade clay plain roof tiles unless otherwise agreed in writing by the Local Planning Authority.

Reason - In the interests of visual amenity and to preserve the setting of the adjacent listed building and Thorpe Le Soken Conservation Area.

- 4 No development shall take place until there has been submitted to and approved, in writing, by the Local Planning Authority a scheme of hard and soft landscaping works for the site, which shall include all boundary treatments and any proposed changes in ground levels and also accurately identify spread, girth and species of all existing trees, shrubs and hedgerows on the site and indicate any to be retained, together with measures for their protection which shall comply with the recommendations set out in the British Standards Institute publication "BS 5837: 2012 - Trees in Relation to Design, Demolition and Construction."

Reason - This is a publicly visible building adjacent to a listed building and in a

conservation area where an appropriate landscaping scheme is a visually essential requirement.

- 5 All changes in ground levels, hard landscaping, planting, seeding or turfing shown on the approved landscaping details shall be carried out during the first planting and seeding season (October - March inclusive) following the commencement of the development or in such other phased arrangement as may be agreed in writing by the Local Planning Authority. Any trees or shrubs which, within a period of 5 years of being planted die, are removed or seriously damaged or seriously diseased shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority agrees in writing to a variation of the previously approved details.

Reason - To ensure the adequate maintenance of the approved landscaping scheme for a period of five years in the interests of the character of the surrounding conservation area and the setting of the adjacent listed building.

- 6 All new driveways and parking areas shall be made of porous materials, or provision shall be made to direct run-off water from the hard surface to a permeable or porous area or surface within the curtilage of the dwelling.

Reason - In the interests of sustainable development and to ensure that run-off water is avoided to minimise the risk of surface water flooding.

- 7 All surfaces within the Root Protection Areas of the protected Oak tree shall be constructed using no dig technology.

Reason - To ensure the protection and longevity of the protected trees in the interests of visual amenity.

- 8 No development shall take place until the existing Oak tree located on the boundary with The Hawthorns has been protected by the erection of temporary protective fences in accordance with the Arboricultural Impact Assessment Project Ref: 147 submitted with application 15/01437/FUL. The protective fences shall be retained throughout the duration of building and engineering works in the vicinity of the tree to be protected. Should this tree die or become severely damaged as a result of any failure to comply with these requirements it should be replaced with a tree of appropriate size and species during the first planting season, or in accordance with such other arrangement as may be agreed in writing with the Local Planning Authority, following the death of, or severe damage to the tree.

Reason - To minimise disturbance to and help to ensure the satisfactory retention of the existing oak tree in the interests of visual amenity and the character and appearance of the conservation area.

DATED: 19th December 2018

SIGNED:

Catherine Bicknell
Head of Planning

Essex Design Guide

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern within the application (as originally submitted) and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal, in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Standard Informative 1: The Provisions of the Essex Act 1987, Section 13 (Access for the Fire Brigade) may apply to this Development and will be determined at Building Regulation Stage.

Standard Informative 2: You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control section at Tendring District Council.

Standard Informative 3: If the development includes the construction of a new building on or at the boundary of 2 properties, work to an existing party wall or party structure or involve excavation near to and below the foundation level of neighbouring buildings, you are advised that the provisions of the Party Wall Act 1996 may apply to this development. An explanatory booklet concerning the implications of this Act is available online or from the District Council.

The attached notes explain the rights of appeal.

NOTES FOR GUIDANCE

WHEN PLANNING PERMISSION IS REFUSED OR GRANTED SUBJECT TO CONDITIONS

APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If you want to appeal, then you must do so within the set time frame as outlined below:
 - a. If this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Householder Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - b. If this is a decision to refuse planning permission for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - c. If you want to appeal against your local planning authority's decision on a development which is not caught by a. and b. above then you must do so within **6 months** of the date of this notice. A **Planning Appeal Form** is required, available online <https://www.gov.uk/planning-inspectorate>
- Appeals must be made using the relevant form (as detailed above) which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. **Please note, only the applicant possesses the right of appeal.**
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions imposed having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based its decision on a direction given by the Secretary of State.

ENFORCEMENT

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder or minor commercial appeal) of the date of this notice, whichever period expires earlier.
