Reason - To enhance the visual impact of the proposed works.

- 3 All changes in ground levels, hard landscaping, planting, seeding or turfing shown on the approved landscaping details shall be carried out during the first planting and seeding season (October - March inclusive) following the commencement of the development or in such other phased arrangement as may be agreed in writing by the Local Planning Authority. Any trees or shrubs which, within a period of 5 years of being planted die, are removed or seriously damaged or seriously diseased shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority agrees in writing to a variation of the previously approved details.

Reason -To enhance the visual impact of the proposed works.

- 4 Prior to occupation of the site, the access at its centre line shall be provided with a clear to ground visibility splay with dimensions of 215 metres x 2.4 metres x 215 metres east and west, as measured from and along the nearside edge of the carriageway. - 8 Any new boundary planting shall be planted a minimum of 1 metre back from the highway boundary and any visibility splay.

Reason - To ensure that the future outward growth of the planting does not encroach upon the highway or interfere with the passage of users of the highway, to preserve the integrity of the highway and in the interests of highway safety.
