#### TOWN AND COUNTRY PLANNING ACT 1990

**APPLICATION NO:** 19/00215/FUL

**DATE REGISTERED:** 8th February 2019

Proposed Development and Location of Land:

**Proposed residential dwelling house and new vehicular access to Thorpe Road.  
Blue House 182 Thorpe Road Kirby Cross Frinton On Sea**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY REFUSE PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted for the following reason(s)

- Paragraph 127 of the National Planning Policy Framework 2019 (NPPF) requires that development should respond to local character and history, and reflect the identity of local surroundings. It goes on to say that local distinctiveness should be promoted and reinforced. Saved Policy QL9 and EN1 of the Tendring District Local Plan (2007) and Policy SPL3 and PPL3 of the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft (June 2017) seeks to ensure that development is appropriate in its locality and does not harm the appearance of the landscape.

Furthermore, Paragraphs 184 of the NPPF states that heritage assets are an irreplaceable resource, and should be conserved in a manner appropriate to their significance, so that they can be enjoyed for their contribution to the quality of life of existing and future generations. Specifically Paragraph 196 of the NPPF states that where a development proposal will lead to less than substantial harm to the significance of a designated heritage asset, this harm should be weighed against the public benefits of the proposal.

Additionally, Saved Policy EN23 of the Tendring District Local Plan (2007) and Policy PPL9 of the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft (June 2017) state that proposals for development that would adversely affect the setting of a listed building will not be permitted.

The Grade II Listed building was formerly a farmstead and has historically been isolated and set within an immediate area of open ground. The undeveloped nature of the domestic curtilage of the listed building, which has been a situation since the farmhouse was constructed, is in contrast to the later ribbon development along Thorpe Road. This

setting of Blue House Farm, particularly its undeveloped domestic curtilage and isolation from other properties, contributes to the significance of the listed building. The proposed division of the land around the heritage asset, and the construction of a two-storey domestic building, would fundamentally divorce the listed building from its original context and draw the historically isolated farmhouse into the modern ribbon development. The subdivision of the listed building's domestic curtilage will result in an unprecedented form of enclosure, which can only be considered harmful. There are no public benefits that outweigh the identified harm.

Having regard to the aims of the aforementioned national and local plan policies, although the detailed design and scale of the proposed dwelling could be independently acceptable, the siting of the development within the curtilage of the Grade II listed building would cause considerable, less than substantial harm to the significance of the designated heritage asset and the application is therefore contrary to Paragraph 196 of the NPPF.

- 2 Under the Habitats Regulations, a development which is likely to have a significant effect or an adverse effect (alone or in combination) on a European designated site must provide mitigation or otherwise must satisfy the tests of demonstrating 'no alternatives' and 'reasons of overriding public interest'. There is no precedent for a residential development meeting those tests, which means that all residential development must provide mitigation. This residential development lies within the Zone of Influence of the Essex Coast Recreational disturbance Avoidance and Mitigation Strategy (RAMS). The residents of new housing are therefore considered likely to regularly visit relevant designated sites for recreation. In order to avoid a likely significant effect in terms of increased recreational disturbance to coastal European designated sites (Habitats sites) in particular the Hamford Water SPA and Ramsar site, mitigation measures will need to be in place prior to occupation.

A proportionate financial contribution has not been secured in accordance with the emerging Essex Coast Recreational disturbance Avoidance and Mitigation Strategy (RAMS) requirements. As submitted, there is no certainty that the development would not adversely affect the integrity of Habitats sites.

The proposal is therefore considered to be contrary to Policies EN6 and EN11a of the Saved Tendring District Local Plan 2007, Policy PPL4 of the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft and Regulation 63 of the Conservation of Habitat and Species Regulations 2017.

## NOTES FOR GUIDANCE

### WHEN PLANNING PERMISSION IS REFUSED OR GRANTED SUBJECT TO CONDITIONS

#### APPEALS TO THE SECRETARY OF STATE

- If you want to appeal, then you must do so within the set time frame as outlined below:
  - a. If this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Householder Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>

A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
  - c. If you want to appeal against your local planning authority's decision on a development which is not caught by a. and b. above then you must do so within **6 months** of the date of this notice. - The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions imposed having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based its decision on a direction given by the Secretary of State.
