TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 19/00367/FUL

DATE REGISTERED: 6th March 2019

Proposed Development and Location of Land:

**Proposed 4 no. four-bed detached dwellings with garages, amendment to existing access road plus provision of turning head.
The Priory Harwich Road Wrabness Manningtree**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY REFUSE PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted for the following reason(s)

- 1 The site lies outside of the Settlement Development Boundary as defined by the adopted Tendring District Local Plan (2007) and the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft (2017). Saved Tendring District Local Plan (2007) Policy QL1 sets out that development should be focussed towards the larger urban areas and to within development boundaries as defined within the Local Plan. These sentiments are carried forward in emerging Policy SPL1 of the Publication Draft.

The National Planning Policy Framework 2019 (NPPF) requires Councils to boost significantly the supply of housing to meet objectively assessed future housing needs in full. In any one year, Councils must be able to identify five years' worth of deliverable housing land against their projected housing requirements (plus an appropriate buffer to ensure choice and competition in the market for land, account for any fluctuations in the market or to improve the prospect of achieving the planned supply). If this is not possible, or housing delivery over the previous three years has been substantially below (less than 75%) the housing requirement, paragraph 11 d) of the NPPF requires applications for housing development needing to be assessed on their merits, whether sites are allocated for development in the Local Plan or not.

At the time of this report, the supply of deliverable housing sites that the Council can demonstrate falls below 5 years and so the NPPF says that planning permission should be granted for development unless the adverse impacts of doing so would significantly and demonstrably outweigh the benefits, when assessed against the policies in the National Planning Policy Framework as a whole. Determining planning applications therefore entails weighing up the various material considerations. The housing land supply shortfall is relatively modest when calculated using the standard method prescribed by the NPPF. In addition, the actual need for housing was found to be much

less than the figure produced by the standard method when tested at the recent Examination in Public of the Local plan. There are therefore significant doubts about the validity or extent of any housing supply 'deficit', albeit the tilted balance applies. This minimises the reduction in weight to conflict with Policy QL1, as per the Hallam Land judgement, especially in view of the fact that the Council has considerably increased its housing delivery figures in recent years.

Wrabness is categorised within emerging Policy SPL1 as a 'Smaller Rural Settlement' in recognition of its size and small range of local services. These smaller villages are considered to be the least sustainable locations for growth and there is a concern that encouraging too much development in these areas will only serve to increase the number of people having to rely on cars to go about their everyday lives. It is accepted that each of these smaller rural settlements can achieve a small scale increase in housing stock over the plan period. To allow for this to happen, Settlement Development Boundaries have been drawn flexibly, where practical, to accommodate a range of sites both within and on the edge of villages and thus enabling them to be considered for small-scale residential 'infill' developments. With this in mind, where appropriate the emerging Local Plan settlement development boundary has been extended but does not include the application site or extend close to its locality.

In this instance, the application site is located approximately 1.5 km from the edge of the settlement boundary of Wrabness with its already limited range of services and amenities. In this regard, there is no access to day to day needs within a practical walking distance and the conditions are unsafe on these country roads with little to no footpaths or street lighting. Any social sustainability credentials of the site are severely diminished due to its distance from the built up area of Wrabness which already has limited local services. Whilst it is recognised that there is a bus stop in close proximity of the site with services to Manningtree, it is highly likely that the occupants of the proposed dwellings would be car dependant failing to promote sustainable modes of transport therefore failing to meet the social strand of sustainable development.

For the reasons set out above the proposal is considered to fail the social objective. This together with the conflict with Saved Policy QL1 of the adopted plan and emerging Policy SPL1 amounts to an unsustainable form of development.

- 2 Paragraph 8 of the National Planning Policy Framework 2019 (NPPF) sets out the overarching objectives for achieving sustainable development, one being the environmental objective which requires the planning system to contribute to protecting and enhancing our natural, built and historic environment. Furthermore, Paragraph 127 of the NPPF requires that development should respond to local character and history, and reflect the identity of local surroundings. It goes on to say that local distinctiveness should be promoted and reinforced. Saved Policy QL9 and EN1 of the Tendring District Local Plan (2007) and Policy SPL3 and PPL3 of the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft (June 2017) seeks to ensure that development is appropriate in its locality and does not harm the appearance of the landscape.

Although the site could not be described as wholly isolated due to the presence of The Priory and other built form opposite and to the north-west, the overall character of the area is rural in nature being dominated by open fields and agricultural land and buildings. Examples of residential dwellings in the locality are sporadic, modest and rural in character. The scale of the dwellings in combination with the density of the development are wholly inappropriate and out of character with the area resulting in an uncharacteristic relationship between dwellings at odds with its existing dispersed character. Placing 4 dwellings on the site would result in a reduction in the factors that contribute to its landscape character, including spaciousness between dwellings and

openness. Notwithstanding the screening benefit of the existing trees, it is considered that the intensification of ribbon development would be undesirable and would detract from the rural character of the local environs. Furthermore, the inward facing layout of the dwellings is wholly out of character where the few examples of dwellings in the vicinity address the main road. In addition, 4 dwellings of very similar design lack interest and variation, resulting in a bland and urban development failing to reflect local surroundings or distinctiveness.

The development would create an incongruous and imposing development to the severe detriment of the rural character of the area. The development represents an unplanned advance of urbanisation into the countryside eroding the rural character resulting in a detrimental impact upon the rural landscape and views from and into the proposed extension of Suffolk Coastal and Heaths Area of Outstanding Natural Beauty which lies opposite. In applying the NPPF's presumption in favour of sustainable development, the adverse environmental impacts of the proposal on the character of the locality are not outweighed by any benefits.

- 3 Paragraph 54 of the National Planning Policy Framework (2018) states Local Planning Authorities should consider whether otherwise unacceptable development could be made acceptable through the use of conditions or planning obligations. Paragraph 56 of the NPPF states planning obligations must only be sought where they are necessary to make the development acceptable in planning terms, directly relate to the development and fairly and reasonably relate in scale and kind to the development.

Policy COM6 of the adopted Tendring District Local Plan 2007 states "For residential development below 1.5 hectares in size, developers shall contribute financially to meet the open space requirements of the development in proportion to the number and size of dwellings built".

There is currently a deficit of 0.30 hectares of play and formal open space in Wrabness and any further development in Wrabness will increase demand on already stretched facilities.

Due to the lack of play/formal open space in Wrabness it is felt a contribution towards play and formal open space is justified and relevant to the planning application. This application is not accompanied by a correctly completed unilateral undertaking for a contribution towards play and formal open space facilities and therefore this scheme does not comply with Policy COM6.

- 4 Under the Habitats Regulations, a development which is likely to have a significant effect or an adverse effect (alone or in combination) on a European designated site must provide mitigation or otherwise must satisfy the tests of demonstrating 'no alternatives' and 'reasons of overriding public interest'. There is no precedent for a residential development meeting those tests, which means that all residential development must provide mitigation. This residential development lies within the Zone of Influence of the Essex Coast Recreational disturbance Avoidance and Mitigation Strategy (RAMS). The residents of new housing are therefore considered likely to regularly visit relevant designated sites for recreation. In order to avoid a likely significant effect in terms of increased recreational disturbance to coastal European designated sites (Habitats sites) in particular the Hamford Water SPA and Ramsar site, mitigation measures will need to be in place prior to occupation.

A proportionate financial contribution has not been secured in accordance with the emerging Essex Coast Recreational disturbance Avoidance and Mitigation Strategy (RAMS) requirements. As submitted, there is no certainty that the development would not adversely affect the integrity of Habitats sites.

The proposal is therefore considered to be contrary to Policies EN6 and EN11a of the Saved Tendring District Local Plan 2007, Policy PPL4 of the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft and Regulation 63 of the Conservation of Habitat and Species Regulations 2017.

DATED: 9th May 2019

SIGNED:

Catherine Bicknell
Head of Planning

IMPORTANT INFORMATION :-

The local planning authority considers that the following policies and proposals in the development plan are relevant to the above decision:

NPPF National Planning Policy Framework February 2019

National Planning Practice Guidance

Tendring District Local Plan 2007

QL1 Spatial Strategy

QL9 Design of New Development

QL10 Designing New Development to Meet Functional Needs

QL11 Environmental Impacts and Compatibility of Uses

HG1 Housing Provision

HG6 Dwelling Size and Type

HG7 Residential Densities

HG9 Private Amenity Space

EN1 Landscape Character

EN6 Biodiversity

EN11A Protection of International Sites European Sites and RAMSAR Sites

COM6 Provision of Recreational Open Space for New Residential Development

TR1A Development Affecting Highways

TR7 Vehicle Parking at New Development

Tendring District Local Plan 2013-2033 and Beyond Publication Draft (June 2017)

SP1 Presumption in Favour of Sustainable Development

SPL1 Managing Growth

SPL3 Sustainable Design

LP1 Housing Supply

LP2 Housing Choice

LP3 Housing Density and Standards

LP4 Housing Layout

PPL3 The Rural Landscape

HP5 Open Space, Sports & Recreation Facilities

CP1 Sustainable Transport and Accessibility

CP2 Improving the Transport Network

PPL4 Biodiversity and Geodiversity

Local Planning Guidance

Essex County Council Car Parking Standards - Design and Good Practice

Essex Design Guide

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern with the proposal and discussing those with the Agent. However, the issues are so fundamental to the proposal that it has not been possible to negotiate a satisfactory way forward and due to the harm which has been clearly identified within the reason(s) for the refusal, approval has not been possible.

The attached notes explain the rights of appeal.

NOTES FOR GUIDANCE

WHEN PLANNING PERMISSION IS REFUSED OR GRANTED SUBJECT TO CONDITIONS

APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If you want to appeal, then you must do so within the set time frame as outlined below:
 - a. If this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Householder Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - b. If this is a decision to refuse planning permission for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - c. If you want to appeal against your local planning authority's decision on a development which is not caught by a. and b. above then you must do so within **6 months** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
- Appeals must be made using the relevant form (as detailed above) which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. **Please note, only the applicant possesses the right of appeal.**
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions imposed having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based its decision on a direction given by the Secretary of State.

ENFORCEMENT

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder or minor commercial appeal) of the date of this notice, whichever period expires earlier.
