#### TOWN AND COUNTRY PLANNING ACT 1990

**APPLICATION NO:** 19/00067/OUT

**DATE REGISTERED:** 15th January 2019

Proposed Development and Location of Land:

**Outline planning application for the erection of up to 110 dwellings with public open space, landscaping and sustainable drainage system (SuDS) and vehicular access point from Grange Road. All matters reserved except for means of access.**

**Land at Grange Road Lawford Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY REFUSE OUTLINE PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, for the following reason(s)

- 1 The proposal seeks outline planning permission for up to 110 dwellings and is contrary to the provisions of The National Planning Policy Framework (2018), Saved Policies QL1 and EN1 of the Adopted Tendring District Local Plan (2007) and Emerging Policies SPL1, SPL2, and PPL3 of the Tendring District Local Plan 2013-2033 and Beyond Publication Draft (June 2017).

Planning law requires that applications for planning permission must be determined in accordance with the development plan, unless material considerations indicate otherwise. The application site is not allocated for any form of development and falls outside of the defined settlement development boundary in both the adopted and the emerging Local Plan. Saved Policy QL1 sets out a spatial strategy for Tendring that seeks to direct most new development to the larger urban areas, but allows limited development within the smaller towns and villages where accessibility to employment, services, and public transport is maximised. Emerging Policy SPL2 confirms that within settlement development boundaries there will be a general presumption in favour of new development, subject to detailed consideration against other relevant Local Plan policies.

At the time of this decision, the supply of deliverable housing sites that the Council can demonstrate falls below 5 years and so the NPPF says that planning permission should be granted for development unless the adverse impacts of doing so would significantly and demonstrably outweigh the benefits, when assessed against the policies in the National Planning Policy Framework as a whole. Determining planning applications therefore entails weighing up the various material considerations.

Officers consider that the emerging Local Plan is progressing well, the core planning

principles under paragraph 15 of the National Planning Policy Framework (NPPF) that development should be genuinely plan-led apply and the Council should actively manage patterns of growth is therefore awarded significant weight. As such therefore it is considered that further development in this location would be contrary to Saved Policy QL1 and Draft Policy SPL2.

Given the positive progress of the Local Plan Officers consider this development to be unsustainable and contrary to the development plan.

- 2 The proposal seeks outline planning permission for up to 110 dwellings and is contrary to the provisions of The National Planning Policy Framework (2012), Saved Policies COM6, COM26 and HG4 of the Adopted Tendring District Local Plan (2007) and Draft Policies LP5, PP12 and HP5 of the Tendring District Local Plan 2013-2033 and Beyond Publication Draft (June 2017).

The National Planning Policy Framework (2018) states Local Planning Authorities should consider whether otherwise unacceptable development could be made acceptable through the use of conditions or planning obligations. Planning obligations should only be sought where they meet all of the following tests: necessary to make the development acceptable in planning terms; directly related to the development; and fairly and reasonably related in scale and kind to the development.

Saved Policy HG4 of the Tendring District Local Plan (2007) requires up to 40% of new dwellings on residential schemes of 5 or more units to be provided in the form of affordable housing to meet the needs of people that are unable to access property on the open market. Emerging Policy LP5 of the Tendring District Local Plan 2013-2033 and Beyond Publication Draft (June 2017), which is based on more up-to-date evidence of housing need and viability, requires for developments of 11 or more dwellings, the Council expect 30% of new dwellings to be made available to Tendring District Council or an alternative provider to acquire at a discounted value for use as affordable housing, or as an alternative, the Council will accept a minimum of 10% if new dwellings are to be made available alongside a financial contribution toward the construction or acquisition of property for use as affordable housing (either on the site or elsewhere in the district) equivalent to delivering the remainder of the 30% requirement. There is a high demand for housing in Lawford and there are currently 215 households on the housing register. There is therefore a need for affordable housing to be delivered on site.

Saved Policy COM26 states where necessary planning permission will only be granted for residential developments of 12 or more dwellings if land and/or financial contributions are made to provide the additional school places that will be needed to service the development. Emerging Policy PP12 states planning permission will not be granted for new residential development unless the individual or cumulative impacts of development on education provision can be addressed, at the developer's cost, either on-site or through financial contributions towards off-site improvements.

NHS England have confirmed that the two local GP practices do not have capacity for the residents resulting from the proposal and request a contribution of £38, 180 to mitigate the impacts of the proposal.

Saved policy COM6 and emerging Policy HP5 state that for residential development on a site of 1.5ha and above, where existing public open space facilities are inadequate, shall provide a financial contribution towards the provision of new or improved off-site facilities to meet the projected needs of the future occupiers of the development. There is a substantial local deficit in equipped play and a financial contribution is therefore required towards improvement of the existing play area at School Lane.

Policies within Chapter 6 of the adopted Local Plan and Policy PPL4 of the emerging

local plan seek to ensure that where development is likely to harm nature conservation or geo-diversity interests, planning permission will only be granted in exceptional circumstances, where the benefits of the development shall outweigh the harm caused and where appropriate mitigation measures must be included in the development to the satisfaction of Natural England and other appropriate authorities.

A completed Section 106 obligation to secure the relevant contributions towards education, healthcare, RAMS, public open space and affordable housing has not been provided and is therefore contrary to the above policies.
