TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 19/00743/FUL **DATE REGISTERED:** 15th May 2019

Proposed Development and Location of the Land:

Variation of condition 2 of approved application 18/01446/FUL to revise drawings to show new office/study within roof space and conservation style rooflights to rear.

The Ship Inn 2 Valley Road Clacton On Sea Essex

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

- 1 The development hereby permitted shall commence prior to the 7th March 2022.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.
- 2 The development hereby permitted shall be carried out in accordance with the following approved plans, drawing numbers 03 Rev B, 17.2465.113 P3, 17.2465.110 P8 and 04 Rev B.

Reason - For the avoidance of doubt and in the interests of proper planning.
- 3 No development or preliminary ground-works can commence until a programme of archaeological trial trenching has been secured and undertaken in accordance with a Written Scheme of Investigation, which has been submitted by the applicant, and approved by the planning authority. Following the completion of this initial phase of archaeological work, a summary report will be prepared and a mitigation strategy detailing the approach to further archaeological excavation and/or preservation in situ through re-design of the development, shall be submitted to the local planning authority.

Reason - The Tendring Historic Environment Characterisation project and Essex HER show that the proposed development is located within an area with potential for below ground archaeological deposits. The development could result in harm to non-designated heritage assets with archaeological interest.

- 4 No development or preliminary ground-works can commence until a programme of archaeological evaluation has been secured and undertaken in accordance with a Written Scheme of Investigation, which has been submitted by the applicant, and approved by the planning authority.

Reason - The Tendring Historic Environment Characterisation project and Essex HER show that the proposed development is located within an area with potential for below ground archaeological deposits. The development could result in harm to non-designated heritage assets with archaeological interest.

- 5 Following completion of the archaeological fieldwork, the applicant will submit to the local planning authority a post-excavation assessment (within six months of the completion date, unless otherwise agreed in advance with the planning authority), which will result in the completion of post-excavation analysis, preparation of a full site archive and report ready for deposition at the local museum, and submission of a publication report.

Reason - The Tendring Historic Environment Characterisation project and Essex HER show that the proposed development is located within an area with potential for below ground archaeological deposits. The development could result in harm to non-designated heritage assets with archaeological interest.

- 6 The recommendations as highlighted within Section 5 of the submitted Bat Survey shall be implemented prior to occupation of the dwelling and maintained in perpetuity thereafter.

Reason - In order to enhance the development of the site for local wildlife.

- 7 Prior to the commencement of any above ground works, a scheme of hard and soft landscaping works for the site shall be submitted to and approved, in writing, by the Local Planning Authority. The scheme shall include any proposed changes in ground levels and also accurately identify spread, girth and species of all existing trees, shrubs and hedgerows on the site and indicate any to be retained, together with measures for their protection which shall comply with the recommendations set out in the British Standards Institute publication "BS 5837: 2012 Trees in relation to design, demolition and construction.

Reason - To enhance the visual impact of the proposed works.

- 8 All changes in ground levels, hard landscaping, planting, seeding or turfing shown on the approved landscaping details shall be carried out during the first planting and seeding season (October - March inclusive) following the commencement of the development or in such other phased arrangement as may be agreed in writing by the Local Planning Authority. Any trees or shrubs which, within a period of 5 years of being planted die, are removed or seriously damaged or seriously diseased shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority agrees in writing to a variation of the previously approved details.

Reason -To enhance the visual impact of the proposed works.

- 9 No above ground development shall be commenced until samples of the manufacturer and types and colours of the external facing and roofing materials (including windows/doors) to be used in construction have been submitted to and agreed, in writing, by the Local Planning Authority. Such materials as may be agreed shall be those used in the development.

Reason - The development is publicly visible and therefore sympathetic materials are a visually essential requirement.

- 10 Prior to first occupation of the development, the proposed vehicular access at its centre line shall be provided with a clear to ground visibility splay with dimensions of 2 metres by 43 metres to the north and 2.4 metres by 43 metres to the south, as measured from and along the nearside edge of the carriageway. Such vehicular visibility splays shall be retained free of any obstruction at all times.

Reason - To provide adequate inter-visibility between vehicles using the vehicular access and those in the existing public highway in the interest of highway safety.

- 11 Prior to the first occupation of the proposed dwellings, the proposed vehicular access shall be constructed to a width of 6m and shall be provided with an appropriate dropped kerb vehicular crossing of the footway.

Reason - To ensure that all vehicles using the private drive access do so in a controlled manner and to ensure that opposing vehicles may pass simultaneously clear of the limits of the highway, in the interests of highway safety.

- 12 No unbound materials shall be used in the surface treatment of the proposed vehicular access within 6 metres of the highway boundary.

Reason - To ensure that loose materials are not brought out onto the highway, in the interests of highway safety.

- 13 Prior to the first occupation of the dwellings the vehicle parking area indicated on the approved plans, shall have been hard surfaced, sealed and marked out in parking bays. The vehicle parking area shall be retained in this form at all times.

Reason - To ensure that on street parking of vehicles in the adjoining streets does not occur in the interests of highway safety.

- 14 No development shall take place, including any ground works or works of demolition, until a Construction Method Statement (CMS) has been submitted to, and approved in writing by, the local planning authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for:

- i. the parking of vehicles of site operatives and visitors
- ii. loading and unloading of plant and materials
- iii. storage of plant and materials used in constructing the development
- iv. wheel and under body washing facilities

Reason - To ensure that on-street parking of these vehicles in the adjoining streets does not occur, in the interests of highway safety.

- 15 Prior to first occupation of the proposed development, the Developer shall be responsible for the provision and implementation of a Residential Travel Information Pack for sustainable transport, approved by Essex County Council, to include six one day travel vouchers for use with the relevant local public transport operator for each dwelling.

Reason - In the interests of reducing the need to travel by car and promoting sustainable development and transport.

- 16 The proposed parking area shall be made of porous materials, or provision shall be made to direct run-off water from the hard surface to a permeable or porous area or

surface within the site.

Reason - In the interests of sustainable development and to ensure that run-off water is avoided to minimise the risk of surface water flooding.

- 17 The recommendations contained in the Arboricultural Impact Assessment and shown on drawing no. ECO-2 Tree Protection Plan, relating to the extent of the Root Protection Areas and the physical protection of the tree roots, shall be retained throughout the duration of building and engineering works in the vicinity of the trees to be protected.

Reason - To minimise disturbance to and help to ensure the satisfactory retention of the protected trees.

- 18 Notwithstanding the provisions of Article 3, Schedule 2 Part 1 Class E and Part 2 Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and re-enacting that Order with or without modification), no provision of buildings, fences, walls or other enclosures, swimming or other pool shall be erected except in accordance with drawings showing the design and siting of such buildings/structures which shall previously have been submitted to and approved, in writing, by the Local Planning Authority.

Reason - The proposal involves a development within a conservation area and the provision of buildings, pools and enclosures will need to be carefully controlled to preserve the historic character of the surrounding area and to ensure adequate private amenity space is retained for each dwelling.

- 19 The development shall be carried out in accordance with the ecological mitigation/enhancement measures as outlined within section 5.3 of the submitted Initial Ecological Appraisal as prepared by ecosupport (Dated August 2018)

Reason - In the interest of biodiversity and to ensure the proposal does not adversely impact on the habitat of protected species.

- 20 No above ground works shall be carried out until proposals for the mitigation of the recreational impact of the development on protected Essex Coast Habitats (European) Sites have been submitted to and approved in writing by the Local Planning Authority. Such proposals must provide for visitor management measures in accordance with the Essex Coast Recreational disturbance Avoidance and Mitigation Strategy (RAMS). The development shall be carried out in accordance with and subject to the proposals as may be approved prior to the occupation of the hereby approved dwellings.

Reason - In order to safeguard protected wildlife species and their habitats in accordance with the NPPF and Habitats Regulations 2017. This condition is required to be agreed prior to the commencement of any house building to ensure adequate time for any agreement to be secured and mitigation implemented prior to occupation.

DATED: 10th July 2019

SIGNED:

Catherine Bicknell
Head of Planning

Essex County Council Car Parking Standards - Design and Good Practice

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern within the application (as originally submitted) and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal, in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

ECC-Highways Informative

All housing developments in Essex which would result in the creation of a new street (more than five dwelling units communally served by a single all-purpose access) will be subject to The Advance Payments Code, Highways Act, 1980. The Developer will be served with an appropriate Notice within 6 weeks of building regulations approval being granted and prior to the commencement of any development must provide guaranteed deposits which will ensure that the new street is constructed in accordance with acceptable specification sufficient to ensure future maintenance as a public highway.

Highway Works - All work within or affecting the highway is to be laid out and constructed by prior arrangement with, and to the requirements and satisfaction of, the Highway Authority, details to be agreed before the commencement of works.

The applicants should be advised to contact the Development Management Team by email at: development.management@essexhighways.org or by post to:

Essex Highways, Colchester Highways Depot, 653 The Crescent, Colchester, CO4 9YQ.

Cost of Works - The Highway Authority cannot accept any liability for costs associated with a developer's improvement. This includes design check safety audits, site supervision, commuted sums for maintenance and any potential claims under Part 1 and Part 2 of the Land Compensation Act 1973. To protect the Highway Authority against such compensation claims a cash deposit or bond may be required.

Site Workers - Steps should be taken to ensure that the Developer provides sufficient turning and off loading facilities for delivery vehicles, within the limits of the site together with an adequate parking area for those employed in developing the site.

The applicant is reminded that this permission is linked to a planning obligation under Section 106 of the Town and Country Planning Act 1990.

Standard Informative 1: The Provisions of the Essex Act 1987, Section 13 (Access for the Fire Brigade) may apply to this Development and will be determined at Building Regulation Stage.

Standard Informative 2: You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control section at Tendring District Council.

Standard Informative 3: If the development includes the construction of a new building on or at the boundary of 2 properties, work to an existing party wall or party structure or involve excavation near to and below the foundation level of neighbouring buildings, you are advised that the provisions of the Party Wall Act 1996 may apply to this development. An explanatory booklet concerning the implications of this Act is available online or from the District Council.

The attached notes explain the rights of appeal.

NOTES FOR GUIDANCE

WHEN PLANNING PERMISSION IS REFUSED OR GRANTED SUBJECT TO CONDITIONS

APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If you want to appeal, then you must do so within the set time frame as outlined below:
 - a. If this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Householder Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - b. If this is a decision to refuse planning permission for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - c. If you want to appeal against your local planning authority's decision on a development which is not caught by a. and b. above then you must do so within **6 months** of the date of this notice. A **Planning Appeal Form** is required, available online <https://www.gov.uk/planning-inspectorate>
- Appeals must be made using the relevant form (as detailed above) which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. **Please note, only the applicant possesses the right of appeal.**
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions imposed having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

ENFORCEMENT

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.

- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder or minor commercial appeal) of the date of this notice, whichever period expires earlier.
