

according to their degree of consistency with the policies in the NPPF. Paragraph 48 of the NPPF also allows weight to be given to policies in emerging plans according to their stage of preparation, the extent to which there are unresolved objections to relevant policies and the degree of consistency with national policy. As of 16th June 2017, the emerging Local Plan for Tendring is the Tendring District Local Plan 2013-2033 and Beyond Publication Draft.

Section 1 of the Local Plan (which sets out the strategy for growth across North Essex including Tendring, Colchester and Braintree) was examined in January and May 2018 and the Inspector's initial findings were published in June 2018. They raise concerns, very specifically, about the three 'Garden Communities' proposed in north Essex along the A120 designed to deliver longer-term sustainable growth in the latter half of the plan period and beyond 2033. Further work is required to address the Inspector's concerns and the North Essex Authorities are considering how best to proceed.

With more work required to demonstrate the soundness of the Local Plan, its policies cannot yet carry the full weight of adopted policy, however they can carry some weight in the determination of planning applications. The examination of Section 2 of the Local Plan will progress once matters in relation to Section 1 have been resolved. Where emerging policies are particularly relevant to a planning application and can be given some weight in line with the principles set out in paragraph 48 of the NPPF, they will be considered and, where appropriate, referred to in decision notices. In general terms however, more weight will be given to policies in the NPPF and the adopted Local Plan.

5. Officer Appraisal

Proposal

This application seeks planning permission for a new dormer window to the rear of a semi-detached dwelling within the development boundary of Frinton on Sea.

Design and Impact

The proposed dormer will be sited to the rear of the dwelling, and will be screened from the highway by the host dwelling and neighbouring properties. There will therefore be no significant impact on the visual amenity or character of the area.

Impact on Neighbours

The proposed dormer will be sited close to the boundary with the attached neighbour to the south. Due to the siting of the proposal and the orientation of the properties, there will not be significant impact on this neighbour's daylight or outlook. The proposed rear facing window at first floor level will have no greater impact on the privacy of any nearby neighbours than the existing rear windows, and there will therefore be no significant overlooking as a result of the proposal.

Other Considerations

Frinton and Walton Town Council support the application.

One letter of objection has been received regarding the design of the dormer and the proposed materials. However, as the proposal will not be publically visible no harm as a result of the design has been identified.

Conclusion

In the absence of material harm as a result of the proposed development, this application is recommended for approval.

6. Recommendation

Approval - Full

7. Conditions

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: Drawing no. PA.002, PA.005 REV A and PA.006 REV A.

Reason - For the avoidance of doubt and in the interests of proper planning.

8. Informatives

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.
