TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 19/00995/FUL **DATE REGISTERED:** 3rd July 2019

Proposed Development and Location of Land:

**Proposed 1 bedroom bungalow.
84 Spenser Way Jaywick Clacton On Sea Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY REFUSE PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted for the following reason(s)

- 1 The National Planning Policy Framework 2019 attaches great importance to the design of the built environment and confirms good design is a key aspect of sustainable development, is indivisible from good planning, and should contribute positively to making places better for people. It is important to plan positively for the achievement of high quality and inclusive design for all development, including individual buildings. Permission should be refused for development of poor design that fails to take the opportunities available for improving the character and quality of an area and the way it functions.

The adopted Tendring District Local Plan 2007 Saved Policies QL9, QL10 and QL11 seek to ensure that all new development makes a positive contribution to the quality of the local environment and character, by ensuring that proposals are well designed, relate satisfactorily to their setting and are of a suitable scale, mass and form. These sentiments are carried forward in Policy SPL3 of the emerging Local Plan Publication Draft 2017.

Subdivision of the existing single plot would result in two new plots which would be significantly narrower than most other plots in the locale; the new dwelling would have proportions (raised eaves, footprint) which are entirely at odds with all other dwellings in the area; separation distances at eaves level between the donor dwelling and the neighbour at No. 82 are a little over 0.5m. Overall the proposal represents poor design, a cramped form of development and would harm the character of the streetscene.

- 2 Legal advice has been sought in relation to the Essex Coast Recreational disturbance Avoidance and Mitigation Strategy (RAMS) which supports the view that Tendring District Council can seek financial contributions in accordance with the Essex Coast

Recreational disturbance Avoidance and Mitigation Strategy (RAMS). A Habitat Regulations Assessment has therefore been undertaken to confirm that the mitigation will be the RAMS level contribution as recommended by Natural England. This contribution is sufficient to mitigate against any adverse impact the proposal may have on European Designated Sites. The contribution is secured by unilateral undertaking.

A proportionate financial contribution has not been secured in accordance with the emerging Essex Coast Recreational disturbance Avoidance and Mitigation Strategy (RAMS) requirements. As submitted, there is no certainty that the development would not adversely affect the integrity of Habitats sites.

The proposal is therefore considered to be contrary to Policies EN6 and EN11a of the Saved Tendring District Local Plan 2007, Policy PPL4 of the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft and Regulation 63 of the Conservation of Habitat and Species Regulations 2017.

Catherine Bicknell
Head of Planning
