NPPF National Planning Policy Framework February 2019

National Planning Practice Guidance

Tendring District Local Plan 2007

QL9 Design of New Development

QL11 Environmental Impacts and Compatibility of Uses

SPL3 Sustainable Design

Status of the Local Plan

The 'development plan' for Tendring is the 2007 'adopted' Local Plan. Paragraph 213 of the NPPF (2019) allows local planning authorities to give due weight to adopted albeit outdated policies according to their degree of consistency with the policies in the NPPF. Paragraph 48 of the NPPF also allows weight to be given to policies in emerging plans according to their stage of preparation, the extent to which there are unresolved objections to relevant policies and the degree of

consistency with national policy. As of 16th June 2017, the emerging Local Plan for Tendring is the Tendring District Local Plan 2013-2033 and Beyond Publication Draft.

Section 1 of the Local Plan (which sets out the strategy for growth across North Essex including Tendring, Colchester and Braintree) was examined in January and May 2018 and the Inspector's initial findings were published in June 2018. They raise concerns, very specifically, about the three 'Garden Communities' proposed in north Essex along the A120 designed to deliver longer-term sustainable growth in the latter half of the plan period and beyond 2033. Further work is required to address the Inspector's concerns and the North Essex Authorities are considering how best to proceed.

With more work required to demonstrate the soundness of the Local Plan, its policies cannot yet carry the full weight of adopted policy, however they can carry some weight in the determination of planning applications. The examination of Section 2 of the Local Plan will progress once matters in relation to Section 1 have been resolved. Where emerging policies are particularly relevant to a planning application and can be given some weight in line with the principles set out in paragraph 48 of the NPPF, they will be considered and, where appropriate, referred to in decision notices. In general terms however, more weight will be given to policies in the NPPF and the adopted Local Plan.

5. Officer Appraisal (including Site Description and Proposal)

Application site

The application site is located to the north of Church Road, outside the development boundary of Little Bromley. It serves a semi-detached two storey cottage constructed of brick with a tiled roof. The front of the site is partly concreted for parking and grassed.

Proposal

This application seeks planning permission for the erection of a telecommunications aerial on the roof. The proposal will measure a maximum height of 3m.

Assessment

The main considerations of this application are the design and the impact upon residential amenity.

Policy Considerations

The adopted Tendring District Local Plan (2007) Policies QL9, QL10 and QL11 seek to ensure that all new development makes a positive contribution to the quality of the local environment and protects or enhances local character, and the development will not have a materially damaging impact on the privacy, daylight and other amenities of occupiers of nearby property. Policy SPL3 of the Tendring District Local Plan 2013-2033 and Beyond Publication Draft (June 2017) carries forward the sentiments of these saved policies.

Design, Appearance and Impact of Residential Amenity

The erection of the proposed aerial will be visible within the street scene as it will be extending beyond the height of the main roof of the host dwelling. However, due to its slim line nature the development will not be strongly visible or dominant in the street scene therefore would not warrant the refusal of planning permission.

The proposed aerial is not considered to cause any significant adverse impact on the privacy, daylight or other amenities currently enjoyed by neighbours.

Other Considerations

Little Bromley Parish Council has no objections to the application. No further letters of representation were received.

Conclusion

It is considered that the proposed development is consistent with the National and Local Plan Policies identified above, and in the absence of any material harm resulting from the development, the application is recommended for approval.

6. Recommendation

Approval - Full

7. Conditions / Reasons for Refusal

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: Drawing no. 890/03.

Reason - For the avoidance of doubt and in the interests of proper planning.

8. Informatives

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Are there any letters to be sent to applicant / agent with the decision? If so please specify:	YES	NO
Are there any third parties to be informed of the decision? If so, please specify:	YES	NO
