TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 19/01080/FUL

DATE REGISTERED: 19th July 2019

Proposed Development and Location of the Land:

**Proposed new build four bedroom dwelling.
Aldene Wenlock Road Weeley Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT**
PLANNING PERMISSION in accordance with the application form, supporting documents and
plans submitted, subject to the following conditions;

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: PA.002 revision A, PA.003 revision E, PA.004 revision D, PA.005 revision E, PA.006 revision F and PA.007 revision B received 19th July 2019.

Reason - For the avoidance of doubt and in the interests of proper planning.

- 3 No development hereby permitted shall commence until the specific requirements of paragraphs numbered 1 to 3 below have been satisfied. If unexpected contamination is found after development has commenced, no further development shall be carried out on that part of the site affected by the unexpected contamination until the requirements of paragraph 4 have been complied with in relation to such contamination.

1. Site Characterisation - An investigation and risk assessment, in addition to any assessment provided within the planning application, shall be carried out in accordance with a scheme to assess the nature and extent of any contamination of the site. The investigation and risk assessment shall be undertaken by a competent person and a written report of the findings shall be submitted to and approved in writing by the Local Planning Authority. The report shall include:

- (i) a survey of the extent, scale and nature of contamination;

(ii) an assessment of the potential risks to: o human health, o property (existing or proposed) including buildings, crops, livestock, pets, woodland and service lines and pipes, o adjoining land, o ground waters and surface waters, o ecological systems, o archaeological sites and ancient monuments; and

(iii) an appraisal of options for remediation and a proposal with preferred option(s). This appraisal shall be conducted in accordance with the Environment Agency "Model Procedures for the Management of Land Contamination (CLR 11)".

2. Submission of Remediation Scheme - A detailed Remediation Scheme to ensure that the site is suitable for the intended use by removing unacceptable risks to human health, buildings and other property and the natural and historical environment shall be submitted to and approved in writing by the Local Planning Authority. The scheme shall include all works of remediation to be undertaken, remediation objectives and criteria, timetable of works and related site management procedures. The scheme shall ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the use of the land after remediation.

3. Implementation of Approved Remediation Scheme - The Remediation Scheme required under paragraph 2 above shall be carried out in accordance with its terms prior to the commencement of any works of construction on site unless otherwise agreed in writing by the Local Planning Authority. The Local Planning Authority shall be notified in writing a minimum of two weeks prior to commencement of the remediation scheme works of the date that the remediation works will commence. Following completion of the measures identified in such approved Remediation Scheme, a verification report to demonstrate the effectiveness of the remediation carried out shall be submitted to the Local Planning Authority.

4. Reporting of Unexpected Contamination - In the event that contamination is found which was not previously identified, it shall be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment shall then be undertaken in accordance with the requirements of paragraph 1 above and, where remediation is necessary, a new Remediation Scheme shall be prepared in accordance with the requirements of paragraph 2 above and submitted to and approved in writing by the Local Planning Authority. Following completion of all necessary measures identified in such Remediation Scheme as may be approved, a verification report shall be submitted to and approved in writing by the Local Planning Authority in accordance with paragraph 3 above. In such circumstances, no further works of development shall be carried out to that part of the site until such time as the requirements of this paragraph have been satisfied.

Reason - To ensure that any risks (to future users of the land and neighbouring land and to controlled waters, property and ecological systems) arising from any land contamination are minimised and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors due to the previous use of the site as vehicle body repair workshops.

- 4 Notwithstanding the provisions of Article 3, Schedule 2 Part 1 Class E and Part 2 Class A of the Town and Country Planning (General Permitted Development) Order 2015 (or any Order revoking and re-enacting that Order with or without modification), no provision of buildings, fences or other enclosures, swimming or other pool shall be erected except in accordance with drawings showing the design and siting of such buildings or structures which shall previously have been submitted to and approved, in writing, by the Local Planning Authority.

Reason - In order to control the appearance and scale of these features in the interests

of preserving the rural character of the surrounding countryside.

- 5 No development shall commence until a Construction Method Statement has been submitted to and approved in writing by the Local Planning Authority. The statement shall include details of: a) measures to ensure mitigation against damage to Wenlock Road b) details of parking of vehicles of site operatives and visitors c) loading and unloading of plant and materials d) method for storing and removing waste from the site e) hours of construction and delivery. The development shall be carried out in accordance with the approved details.

Reason - To ensure that the development takes place in a satisfactory manner with regard to its impact on amenity and highways in the area.

- 6 No development shall take place until there has been submitted to and approved, in writing, by the Local Planning Authority a scheme of soft landscaping works for the site, which shall accurately identify spread, girth and species of all existing trees, shrubs and hedgerows on the site and indicate any to be retained, together with measures for their protection which shall comply with the recommendations set out in the British Standards Institute publication "BS 5837: 1991 - Trees in Relation to Construction."

Reason - The conifers to the north-west boundary form an attractive feature to the landscape and their retention offers a softening between the boundaries of the two dwellings.

DATED: 1st October 2019

SIGNED:

Catherine Bicknell
Head of Planning

IMPORTANT INFORMATION :-

The local planning authority considers that the following policies and proposals in the development plan are relevant to the above decision:

NPPF National Planning Policy Framework February 2019

National Planning Practice Guidance

Tendring District Local Plan 2007

QL1 Spatial Strategy

QL9 Design of New Development

QL10 Designing New Development to Meet Functional Needs

QL11 Environmental Impacts and Compatibility of Uses

HG9 Private Amenity Space

HG12 Extensions to or Replacement of Dwellings Outside Settlement Development Boundaries

- EN1 Landscape Character
 - TR1A Development Affecting Highways
 - TR7 Vehicle Parking at New Development
 - EN6 Biodiversity
 - EN11A Protection of International Sites European Sites and RAMSAR Sites
- Tendring District Local Plan 2013-2033 and Beyond Publication Draft (June 2017)
- SP1 Presumption in Favour of Sustainable Development
 - SPL1 Managing Growth
 - SPL3 Sustainable Design
 - PPL3 The Rural Landscape
 - PPL4 Biodiversity and Geodiversity

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework

Legal Agreement Informative - Recreational Impact Mitigation

This application is the subject of a legal agreement and this decision should only be read in conjunction with this agreement. The agreement addresses the following issues: mitigation against any recreational impact from residential developments in accordance with Regulation 63 of the Conservation of Habitat and Species Regulations 2017.

Standard Informative 1: The Provisions of the Essex Act 1987, Section 13 (Access for the Fire Brigade) may apply to this Development and will be determined at Building Regulation Stage.

Standard Informative 2: You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control section at Tendring District Council.

Standard Informative 3: If the development includes the construction of a new building on or at the boundary of 2 properties, work to an existing party wall or party structure or involve excavation near to and below the foundation level of neighbouring buildings, you are advised that the provisions of the Party Wall Act 1996 may apply to this development. An explanatory booklet concerning the implications of this Act is available online or from the District Council.

The attached notes explain the rights of appeal.

NOTES FOR GUIDANCE

WHEN PLANNING PERMISSION IS REFUSED OR GRANTED SUBJECT TO CONDITIONS

APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If you want to appeal, then you must do so within the set time frame as outlined below:
 - a. If this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Householder Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - b. If this is a decision to refuse planning permission for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - c. If you want to appeal against your local planning authority's decision on a development which is not caught by a. and b. above then you must do so within **6 months** of the date of this notice. A **Planning Appeal Form** is required, available online <https://www.gov.uk/planning-inspectorate>
- Appeals must be made using the relevant form (as detailed above) which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. **Please note, only the applicant possesses the right of appeal.**
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions imposed having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

ENFORCEMENT

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.

- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder or minor commercial appeal) of the date of this notice, whichever period expires earlier.
