DATE REGISTERED: 29th July 2019

Proposed Development and Location of the Land:

**Change of use of agricultural land to a tree surgery and landscaping business, including the erection of a building and associated landscaping.
Land West of Dixey Bradfield Road Wix Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans, drawing numbers 151018-0504 Rev F, SCN1279 01, SCN1279 02, SCN1279 05, SCN1279 06, SCN1279 07, the untitled Site Location Plan received 2 October 2019, the untitled Block Plan received 2 October 2019, the untitled Boundary Hedgerow Survey, a letter dated 8 October 2019 detailing the external materials to be used, and the documents titled 'Phase 1 Habitat Survey', 'Noise Impact Assessment', 'Noise Management Plan', 'Heritage Statement', and 'Planning Statement'.

Reason - For the avoidance of doubt and in the interests of proper planning.

- 3 There should be no obstruction above ground level within a 2.4 m wide parallel band visibility splay as measured from and along the nearside edge of the carriageway across the entire site frontage. Such vehicular visibility splays shall be provided before the access is first used by vehicular traffic and retained free of any obstruction at all times.

Reason - To provide adequate inter-visibility between users of the access and the public highway in the interests of highway safety.

- 4 Prior to occupation of the development a vehicular turning facility, of a design to be

approved in writing by the Local Planning Authority shall be constructed, surfaced and maintained free from obstruction within the site at all times for that sole purpose.

Reason - To ensure that vehicles can enter and leave the highway in a forward gear in the interest of highway safety.

- 5 No unbound material shall be used in the surface treatment of the vehicular access within 6 metres of the highway boundary.

Reason - To avoid displacement of loose material onto the highway in the interests of highway safety.

- 6 There shall be no discharge of surface water onto the Highway.

Reason - To prevent hazards caused by water flowing onto the highway and to avoid the formation of ice on the highway in the interest of highway safety.

- 7 No development shall take place, including any ground works or demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for:
- i. the parking of vehicles of site operatives and visitors
 - ii. loading and unloading of plant and materials
 - iii. storage of plant and materials used in constructing the development
 - iv. wheel and underbody washing facilities

Reason - To ensure that on-street parking of these vehicles in the adjoining streets does not occur and to ensure that loose materials and spoil are not brought out onto the highway in the interests of highway safety.

- 8 Prior to occupation of the development the vehicular access shall be constructed at right angles to the highway boundary and to the existing carriageway. The width of the access at its junction with the highway shall be less than 6 metres (3 metres minimum - 6 metres maximum), and shall be retained at that width for 6 metres within the site.

Reason - To ensure that vehicles can enter and leave the highway in a controlled manner in the interest of highway safety.

- 9 Any new boundary planting shall be planted a minimum of 1 metre back from the highway boundary and any visibility splay.

Reason - To ensure that the future outward growth of the planting does not encroach upon the highway or interfere with the passage of users of the highway, to preserve the integrity of the highway and in the interests of highway safety.

- 10 No floodlighting or other external lighting shall be installed until details of the illumination scheme have been submitted to and approved in writing by the Local Planning Authority. Development shall only be carried out in accordance with the approved details.

Reason - In the interests of amenity to reduce the impact of night time illumination on the character of the area, and in the interests of neighbouring amenities and highway safety.

- 11 Use of the premises as hereby permitted shall be confined to the following hours:

Mondays to Fridays: 8am - 6pm
Saturdays: 8am - 5pm

Sundays and Bank Holidays: Closed

Reason - To avoid disturbance in the interest of residential amenity.

DATED: 9th October 2019

SIGNED:

Standard Informative 2: You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control section at Tendring District Council.

Standard Informative 3: If the development includes the construction of a new building on or at the boundary of 2 properties, work to an existing party wall or party structure or involve excavation near to and below the foundation level of neighbouring buildings, you are advised that the provisions of the Party Wall Act 1996 may apply to this development. An explanatory booklet concerning the implications of this Act is available online or from the District Council.
