

Motions to Council pursuant to Council Procedure 12

The following motions to Council have been received, on notice, from Members of the Council:

Motion to Council – Number One – Submitted by Councillor Fred Nicholls

“Following increasing concerns by people living in the rural villages of Tendring, this Council demands the Police Officer in charge of Tendring Police Division provide sufficient Police Officers to carry out speed enforcement checks within the rural area of Tendring as well as a full Speed Watch training programme for all Town and Parish Councils.

This request is made in the interest of road safety to stop potential serious and fatal road accidents and in accordance with the seventh priority of the Police & Crime Commissioner’s Crime Plan to improve safety on the county’s roads.

Council will agree that the Community Safety Manager and Portfolio Holder for Community Safety should both work with the District Police Commander to draw up a plan to tackle this very serious issue.”
