TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 17/01917/FUL

DATE REGISTERED: 6th November 2017

Proposed Development and Location of the Land:

**Proposal to erect 2 new dwellings with associated parking & landscaping.
Windmill House The Street Ramsey Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.
- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: P01, P02 and P03.

Reason - For the avoidance of doubt and in the interests of proper planning.
- 3 The development shall not be occupied until such time as the car parking and turning areas, indicated on the approved plans, have been made available. The car parking and turning areas shall be retained in this approved form at all times and shall not be used for any purpose other than the parking of vehicles related to the use of the development.

Reason - To minimise the level of on-street parking of vehicles in the adjoining streets in the interests of highway safety.
- 4 No development shall take place until there has been submitted to and approved, in writing, by the Local Planning Authority a scheme of hard and soft landscaping works for the site, which shall include any proposed changes in ground levels and also accurately identify spread, girth and species of all existing trees, shrubs and hedgerows on the site and indicate any to be retained, together with measures for their protection which shall comply with the recommendations set out in the British Standards Institute publication "BS 5837: 2012 Trees in relation to design, demolition and construction".

Reason - In the interests of visual amenity and the character of the area.

- 5 All changes in ground levels, hard landscaping, planting, seeding or turfing shown on the approved landscaping details shall be carried out during the first planting and seeding season (October - March inclusive) following the commencement of the development or in such other phased arrangement as may be agreed in writing by the Local Planning Authority. Any trees or shrubs which, within a period of 5 years of being planted die, are removed or seriously damaged or seriously diseased shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority agrees in writing to a variation of the previously approved details.

Reason - In the interests of visual amenity and the character of the area.

- 6 No unbound materials shall be used in the surface treatment of the proposed vehicular accesses throughout.

Reason - To ensure that loose materials are not brought out onto the highway, in the interests of highway safety.

- 7 Notwithstanding the provisions of Article 3, Schedule 2, Part 1 Classes B & C of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and re-enacting that Order with or without modification), no enlargement, improvement or other alteration to the roof of the dwellings shall be erected or carried without first having obtained planning permission.

Reason - To avoid any adverse impact on the amenities of neighbouring residents by virtue of overlooking and to protect the character and appearance of the conservation area and the setting of nearby listed windmill.

- 8 No development shall take place, including any ground works or demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for:

- a. the parking of vehicles of site operatives and visitors
- b. loading and unloading of plant and materials
- c. storage of plant and materials used in constructing the development
- d. wheel and underbody washing facilities
- e. hours of construction

Reason - To ensure that on-street parking of these vehicles in the adjoining streets does not occur and to ensure that loose materials and spoil are not brought out onto the highway in the interests of highway safety and in the interests of residential amenity.

- 9 Notwithstanding the provisions of Article 3, Schedule 2 Part 1 Classes A and E of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and re-enacting that Order with or without modification), there shall be no additions to the dwellings, nor shall any buildings, enclosures, swimming or other pool be erected except in accordance with drawings showing the design and siting of such additions or building(s) which shall previously have been submitted to and approved, in writing, by the Local Planning Authority.

Reason - It is necessary for the Local Planning Authority to be able to consider and control further development in order to ensure that the setting of the nearby listed Ramsey Windmill and Ramsey Conservation Area are retained, in the interests of visual

amenity.
