TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 19/01361/OUT **DATE REGISTERED:** 9th September 2019

Proposed Development and Location of Land:

**Outline application for 4no. houses including landscaping and site clearance.
31 Harwich Road Lawford Manningtree Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY REFUSE OUTLINE PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, for the following reason(s)

- 1 The site lies outside of any Settlement Development Boundary as defined within both the adopted Tendring District Local Plan (2007) and the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft (2017). Saved Tendring District Local Plan (2007) Policy QL1 sets out that development should be focussed towards the larger urban areas and to within development boundaries as defined within the Local Plan. These sentiments are carried forward in emerging Policy SPL1 of the Publication Draft.

The National Planning Policy Framework 2019 (NPPF) requires Councils to boost significantly the supply of housing to meet objectively assessed future housing needs in full. In any one year, Councils must be able to identify five years' worth of deliverable housing land against their projected housing requirements (plus an appropriate buffer to ensure choice and competition in the market for land, account for any fluctuations in the market or to improve the prospect of achieving the planned supply). If this is not possible, or housing delivery over the previous three years has been substantially below (less than 75%) the housing requirement, paragraph 11 d) of the NPPF requires applications for housing development needing to be assessed on their merits, whether sites are allocated for development in the Local Plan or not.

At the time of this report, the supply of deliverable housing sites that the Council can demonstrate falls below 5 years and so the NPPF says that planning permission should be granted for development unless the adverse impacts of doing so would significantly and demonstrably outweigh the benefits, when assessed against the policies in the National Planning Policy Framework as a whole. Determining planning applications therefore entails weighing up the various material considerations. The housing land supply shortfall is relatively modest when calculated using the standard method prescribed by the NPPF. In addition, the actual need for housing was found to be much less than the figure produced by the standard method when tested at the recent Examination in Public of the Local plan. Therefore, the justification for reducing the weight attributed to Local Plan policies is reduced as is the weight to be given to the delivery of new housing to help with the deficit.

Whilst it is recognised that there would be conflict with Saved Policy QL1 (as recognised by the Inspector) and Emerging Policy SPL1 in terms of the site being sited outside the settlement development boundary, as stated above, in the context of the 5 year housing land supply paragraph 11 d) of the NPPF requires applications for housing development to be assessed on their merits, whether sites are allocated for development in the Local Plan or not and it is important to consider whether any circumstances outweigh this conflict. Development should be plan led unless material considerations indicate otherwise. However, in line with Paragraph 8 of the National Planning Policy Framework (2019), achieving sustainable development means meeting an economic objective, a social objective and an environmental objective.

Paragraph 8 of the National Planning Policy Framework 2019 (NPPF) sets out the overarching objectives for achieving sustainable development, one being the environmental objective which requires the planning system to contribute to protecting and enhancing our natural, built and historic environment. Furthermore, Paragraph 127 of the NPPF requires that development should respond to local character and history, and reflect the identity of local surroundings. It goes onto say that local distinctiveness should be promoted and reinforced. Saved Policy QL9 and EN1 of the Tendring District Local Plan (2007) and Policy SPL3 and PPL3 of the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft (June 2017) seeks to ensure that development is appropriate in its locality and does not harm the appearance of the landscape.

"Saved" Tendring District Local Plan (2007) Policy HG13 (vi and vii) and "Emerging" Tendring District Local Plan 2013-2033 and Beyond Publication Draft Policy LP8(e and f) on "Backland Residential Development" requires that proposals for residential backland development would not be out of character with the area or set a harmful precedent for other similar forms of development.

the site is not on the edge of defined settlements and likely to produce a hard urban edge or other form of development out of character in its particular setting; and

The proposed development is out of character in the locality as the surrounding residential development has a strong linear character of semi-detached dwellings fronting the highway along Harwich Road. The proposed development fails to make a positive contribution to the quality of the environment and fails to protect or enhance local character. Further, it would set a harmful precedent for other similar development to the rear of other properties within the street which would be materially harmful to the character of the surrounding area.

The proposed development therefore fails the environmental strand of sustainability.

- 2 There is currently a deficit of -3.44 hectares of equipped play/open space in Lawford. Due to the geographical layout of the area, the play sites are spread widely across the village. The nearest play area to the site is located approximately 1.4 miles away in School Lane.

A contribution towards improving this play area is both relevant and justified to the application, to help reduce the current deficit. Any contribution would be used for improvements at School Lane, Lawford.

No such contribution has been included within this application nor has any justification for the lack of a contribution and therefore this scheme does not comply with Policy COM6.

- 3 Under the Habitats Regulations, a development which is likely to have a significant effect or an adverse effect (alone or in combination) on a European designated site must provide mitigation or otherwise must satisfy the tests of demonstrating 'no

alternatives' and 'reasons of overriding public interest'. There is no precedent for a residential development meeting those tests, which means that all residential development must provide mitigation. This residential development lies within the Zone of Influence of the Essex Coast Recreational disturbance Avoidance and Mitigation Strategy (RAMS). The residents of new housing are therefore considered likely to regularly visit relevant designated sites for recreation. In order to avoid a likely significant effect in terms of increased recreational disturbance to coastal European designated sites (Habitats sites) in particular the Stour and Orwell Estuaries Ramsar and SPA site, mitigation measures will need to be in place prior to occupation.

A proportionate financial contribution has not been secured in accordance with the emerging Essex Coast Recreational disturbance Avoidance and Mitigation Strategy (RAMS) requirements. As submitted, there is no certainty that the development would not adversely affect the integrity of Habitats sites.

The proposal is therefore considered to be contrary to Policies EN6 and EN11a of the Saved Tendring District Local Plan 2007, Policy PPL4 of the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft and Regulation 63 of the Conservation of Habitat and Species Regulations 2017.

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern with the proposal and discussing those with the Applicant. However, the issues are so fundamental to the proposal that it has not been possible to negotiate a satisfactory way forward and due to the harm which has been clearly identified within the reason(s) for the refusal, approval has not been possible.

The attached notes explain the rights of appeal.

NOTES FOR GUIDANCE

WHEN PLANNING PERMISSION IS REFUSED OR GRANTED SUBJECT TO CONDITIONS

APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If you want to appeal, then you must do so within the set time frame as outlined below:
 - a. If this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Householder Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - b. If this is a decision to refuse planning permission for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - c. If you want to appeal against your local planning authority's decision on a development which is not caught by a. and b. above then you must do so within **6 months** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
- Appeals must be made using the relevant form (as detailed above) which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. **Please note, only the applicant possesses the right of appeal.**
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions imposed having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

ENFORCEMENT

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.

- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder or minor commercial appeal) of the date of this notice, whichever period expires earlier.
