What is the current state of Tendring as evidenced by the latest update to the Index of Multiple Deprivation

There is a large and growing gap between the most and least deprived districts

- Most areas in Essex have consolidated their position between 2015 and 2019
- Harlow has seen sustained improvements since 2010
- But there have been consistent and marked declines in Castle Point and Tendring
- Tendring is falling further and further behind the rest of the county
