SPL2 Settlement Development Boundaries

SPL3 Sustainable Design

Status of the Local Plan

The 'development plan' for Tendring is the 2007 'adopted' Local Plan. Paragraph 213 of the NPPF (2019) allows local planning authorities to give due weight to adopted albeit outdated policies according to their degree of consistency with the policies in the NPPF. Paragraph 48 of the NPPF also allows weight to be given to policies in emerging plans according to their stage of preparation, the extent to which there are unresolved objections to relevant policies and the degree of consistency with national policy. As of 16th June 2017, the emerging Local Plan for Tendring is the Tendring District Local Plan 2013-2033 and Beyond Publication Draft.

Section 1 of the Local Plan (which sets out the strategy for growth across North Essex including Tendring, Colchester and Braintree) was examined in January and May 2018, with further hearing sessions in January 2020. The Inspector issued his findings in respect of the legal compliance and soundness of the Section 1 Plan in May 2020. He confirmed that the plan was legally compliant and that the housing and employment targets for each of the North Essex Authorities, including Tendring, were sound. However, he has recommended that for the plan to proceed to adoption, modifications will be required – including the removal of two of the three Garden Communities 'Garden Communities' proposed along the A120 (to the West of Braintree and on the Colchester/Braintree Border) that were designed to deliver longer-term sustainable growth in the latter half of the plan period and beyond 2033.

The three North Essex Authorities are currently considering the Inspector's advice and the implications of such modifications with a view to agreeing a way forward for the Local Plan. With the Local Plan requiring modifications which, in due course, will be the subject of consultation on their own right, its policies cannot yet carry the full weight of adopted policy, however they can carry some weight in the determination of planning applications – increasing with each stage of the plan-making process.

The examination of Section 2 of the Local Plan (which contains more specific policies and proposals for Tendring) will progress once modifications to the Section 1 have been consulted upon and agreed by the Inspector. Where emerging policies are particularly relevant to a planning application and can be given some weight in line with the principles set out in paragraph 48 of the NPPF, they will be considered and, where appropriate, referred to in decision notices. In general terms however, more weight will be given to policies in the NPPF and the adopted Local Plan.

5. Officer Appraisal

Proposal

This application seeks permission for the construction of a new entrance porch following the demolition of the existing veranda to a detached house located in Great Bromley which lies outside of any settlement development boundary.

Design and Appearance

The proposal is sited at the front of the existing house and will be clearly visible from Frating Road, however the proposed porch will offer an improvement to the existing veranda and create a central focal point ensuring that there will be no significant impact to the street scene. The proposed porch will use materials which match the existing dwelling ensuring there will be no significant impact to the character of the existing house or the immediate area.

Saved Policy HG12 of the Tendring District Local Plan 2007 permits extensions to an existing dwelling outside of Settlement Development Boundaries however the development must satisfy the general criteria set out in Policies QL9 and QL10 and, in addition, that it is of a size, scale and height in keeping with the character of the locality and in terms of design and materials would make a positive visual contribution to its setting and is well related and in proportion to the original dwelling. In this case the single storey front porch is a minor addition to the detached property

which lies in a form of ribbon residential development along Frating Road in this part of Great Bromley ensuring its acceptability in this regard.

The design and scale of the proposal is acceptable and would result in no material harm to visual amenity.

Impact upon Residential Amenity

The proposal will have no significant impact in terms of loss of light, outlook or privacy to either immediate neighbour due to the central position of the proposal on the existing house and the separation that exists between the neighbouring properties and the host dwelling.

The proposal will not bring about changes to the off road parking provision or private amenity space at the property.

Other Considerations

Great Bromley Parish Council have no objection to the application.

No other letters of representation have been received.

Conclusion

In the absence of any material harm resulting from the development, the application is recommended for approval.

6. Recommendation

Approval - Full

7. Conditions

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: Dwg 08 Elevations as Proposed and Dwg 02 Ground floor plan.

Reason - For the avoidance of doubt and in the interests of proper planning.

8. Informatives

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.
