the interest of highway safety.

- 5 Prior to the occupation of the proposed dwelling, the proposed private drive shall be widened to a width of 5.5 metres for at least the first 6 metres from the back of carriageway boundary and provided with an appropriate dropped kerb crossing of the footway/verge.

Reason - To ensure that vehicles can enter and leave the highway in a controlled manner and to ensure that opposing vehicles can pass clear of the limits of the highway, in the interests of highway safety.

Reason - To prevent hazards caused by water flowing onto the highway and to avoid the formation of ice on the highway in the interest of highway safety.

- 8 Prior to occupation of the proposed development, details of the steps that will be taken to physically protect retained trees shall be submitted to and approved by the Local Planning Authority.

Reason - To ensure the protection of the retained trees on site.

- 9 Prior to the commencement of any above ground works, a scheme of hard and soft landscaping works for the site shall be submitted to and approved, in writing, by the Local Planning Authority. The scheme shall include any proposed changes in ground levels and also accurately identify spread, girth and species of all existing trees, shrubs and hedgerows on the site and indicate any to be retained, together with measures for their protection which shall comply with the recommendations set out in the British Standards Institute publication "BS 5837: 2012 Trees in relation to design, demolition and construction.

Any trees or shrubs which, within a period of 5 years of being planted die, are removed or seriously damaged or seriously diseased shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority agrees in writing to a variation of the previously approved details.

Reason - To enhance the visual impact of the proposed works.

- 11 Notwithstanding the provisions of Article 3, Schedule 2, Part 1 of the Town and Country Planning (General Permitted Development) Order 2015 (or any Order revoking and re-enacting that Order with or without modification), the western side elevation window serving a bedroom at first floor level shall be glazed in obscure glass before the development hereby permitted is first occupied and shall thereafter be permanently retained in this approved form.

Reason - To protect the privacy and amenities of the occupiers of adjoining property.

- 12 No development or preliminary ground works of any kind shall take place until the applicant has secured the implementation of a programme of archaeological work in accordance with a written scheme of investigation which has been submitted by the applicant and approved by the planning authority.

Reason - The Historic Environment Record shows there are extensive archaeological deposits within the area identified from cropwork evidence.
