Our Ref: 20/01708/COUNOT

18 January 2021

Dear Sir/Madam

TOWN AND COUNTRY PLANNING (GENERAL PERMITTED DEVELOPMENT) (ENGLAND) ORDER 2016

APPLICATION NO: 20/01708/COUNOT
PROPOSAL: Proposed conversion of two agricultural buildings into three dwellings.
LOCATION: Land at 55 Harwich Road Lawford Manningtree Essex

Thank you for your notification on the above matter which was received on 25 November 2020 and made valid on 30 November 2020 and was allocated the reference **20/01708/COUNOT**.

I can now advise you that this proposal will **not** require prior approval of the Local Planning Authority.

The proposal constitutes permitted development as defined in Schedule 2, Part 3, Class Q of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) and may therefore be carried out providing that it is wholly in accordance with the legislation.

Conditions

- 1 The development must not begin before the occurrence of the receipt by the applicant from the local planning authority of a written notice of their determination that such prior approval is not required.

Reason - In order to comply Schedule 2, Part 3, Class Q of The Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

- 2 Development under Class Q is permitted subject to the condition that development under Class Q(a), and under Class Q(b), if any, must be completed within a period of 3 years starting with the prior approval date.

Reason - In order to comply Schedule 2, Part 3, Class Q of The Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

- 3 If during construction/demolition works evidence of potential contamination is encountered, works shall cease and the site fully assessed to enable an appropriate remediation plan to be developed.
Works shall not re-commence until an appropriate remediation scheme has been submitted to, and approved in writing by, the Local Planning Authority and the remediation has been completed.
Upon completion of the building works, this condition shall not be discharged until a closure report has been submitted to and approved in writing by the Local Planning Authority. The closure report shall include details of;
- a) Details of any sampling and remediation works conducted and quality assurance certificates to show that the works have been carried out in full in accordance with the approved methodology.
 - b) Details of any post-remedial sampling and analysis to show the site has reached the required clean-up criteria shall be included in the closure report together with the necessary documentation detailing what waste materials have been removed from the site.
 - c) If no contamination has been discovered during the build then evidence (e.g. photos or letters from site manager) to show that no contamination was discovered should be included.

Reason - To ensure that any risks from land contamination to the future users of the land and neighbouring land are minimised.

- 4 The development must be carried out (b) where prior approval is not required, or where sub-paragraph (11)(c) applies, in accordance with the details provided in the application referred to in sub-paragraph (1), unless the local planning authority and the developer agree otherwise in writing.

Reason - In order to comply Schedule 2, Part 3, Class Q of The Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

Informatives

Highways

Informative 1: On the completion of the Development, all roads, footways/paths, cycle ways, covers, gratings, fences, barriers, grass verges, trees, and any other street furniture within the Site and in the area it covers and any neighbouring areas affected by it, must be left in a fully functional repaired/renovated state to a standard accepted by the appropriate statutory authority.

Informative 2: All work within or affecting the highway is to be laid out and constructed by prior arrangement with and to the requirements and specifications of the Highway Authority; all details shall be agreed before the commencement of works.

The applicants should be advised to contact the Development Management Team by email at development.management@essexhighways.org or by post to:

SMO1 - Development Management Team
Ardleigh Depot,
Harwich Road,
Ardleigh,
Colchester,

CO7 7LT

Environmental Protection

No vehicle connected with the works to arrive on site before 07:30 or leave after 19:00 (except in the case of emergency). Working hours to be restricted between 08:00 and 18:00 Mondays to Saturdays (finishing at 13:00 on Saturdays) with no working of any kind permitted on Sundays or any Public/Bank Holiday whilst construction works and alterations are being carried out.

No materials produced as a result of the site development or clearance shall be burned on site.

All reasonable steps, including damping down site roads, shall be taken to minimise dust and litter emissions from the site whilst works of construction and demolition are in progress.

If there is any asbestos present in the current building or site then adequate and suitable measures should be carried out for the minimisation of asbestos fibres during demolition, so as to prevent airborne fibres from affecting workers carrying out the work, and nearby properties. Only contractors licensed by the Health and Safety Executive should be employed. Any redundant materials removed from the site should be transported by a registered waste carrier and disposed of at an appropriate legal tipping site.

Adherence to the above condition will significantly reduce the likelihood of public complaint and potential enforcement action by Pollution and Environmental Control. The condition gives the best practice for Demolition and Construction sites. Failure to follow them may result in enforcement action under nuisance legislation (Environmental Protection Act 1990), or the imposition of controls on working hours (Control of Pollution Act 1974).

If you require any clarification on this matter or further information, please contact the case officer Naomi Hart on 686137.

Yours faithfully

A handwritten signature in black ink, appearing to read 'Graham Nourse', is written over a faint, circular official stamp.
