### TOWN AND COUNTRY PLANNING ACT 1990

**APPLICATION NO:** 20/01508/FUL

**DATE REGISTERED:** 12th November 2020

Proposed Development and Location of Land:

**2no. New dwellings with associated parking and landscaping.  
Land adjacent Fat Goose PH Heath Road Tendring Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY REFUSE PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted for the following reason(s)

- 1 Paragraph 11 of the National Planning Policy Framework 2019 (NPPF) states that plans and decisions should apply a presumption in favour of sustainable development. For plan-making this means that plans should positively seek opportunities to meet the development needs of their area. Strategic policies should, as a minimum, provide for objectively assessed needs for housing. For decision-taking this means approving development proposals that accord with an up-to-date development plan without delay. Paragraph 12 of the NPPF states that presumption in favour of sustainable development does not change the statutory status of the development plan as the starting point for decision making. Where a planning application conflicts with an up-to-date development plan permission should not usually be granted.

Section 1 of the Local Plan (which sets out the strategy for growth across North Essex including Tendring, Colchester and Braintree) has been examined by an Independent Planning Inspector who issued his final report and recommended 'main modifications' on 10th December 2020. The Inspector's report confirms that, the housing and employment targets in the plan have been confirmed as sound, including the housing requirement of 550 dwellings per annum in Tendring. The Council has now formally adopted Section 1 part of the development plan which carries full weight in the determination of planning applications - superseding, in part, some of the more strategic policies in the 2007 adopted plan. In the interim, the modified policies in the Section 1 Local Plan, including the confirmed housing requirement, can be given significant weight in decision making owing to their advancement through the final stages of the plan-making process.

For the purposes of the determination of this application the Council can currently demonstrate that a 5 year housing land supply exists. Engaging the presumption in favour of sustainable development under paragraph 11d) of the NPPF does not apply in this instance. The policies for the delivery of housing are considered up-to-date and the

application must therefore be determined in accordance with Paragraph 11 c) of the NPPF, thus in accordance with the development plan.

The application site lies outside of any Settlement Development Boundary as defined within both the adopted Tendring District Local Plan (2007) and the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft (2017). Regardless of the proximity of the site in relation to services and amenities, there is no longer a requirement to consider such sites due to their location outside of the defined settlement development boundaries as the planned growth for the District to meet housing need has been established. The adverse impacts of the proposal both on the character of the locality and on the Council's ability to manage growth through the plan-led approach, are not outweighed by any benefits or other material considerations. The development is unnecessary and there are no public benefits that might warrant the proposal being considered in an exceptional light. The proposal is therefore contrary to the aims of paragraph 11c) of the NPPF and contrary to the development plan Saved Policy QL1 and emerging Policy SP1.

- 2 Paragraph 8 of the National Planning Policy Framework 2019 (NPPF) sets out the overarching objectives for achieving sustainable development, one being the environmental objective which requires the planning system to contribute to protecting and enhancing our natural, built and historic environment. Furthermore, Paragraph 127 of the NPPF requires that development should respond to local character and history, and reflect the identity of local surroundings. It goes on to say that local distinctiveness should be promoted and reinforced. Saved Policy QL9 and EN1 of the Tendring District Local Plan (2007) and Policy SPL3 and PPL3 of the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft (June 2017) seeks to ensure that development is appropriate in its locality and does not harm the appearance of the landscape. Outside development boundaries, the Local Plan seeks to conserve and enhance the countryside for its own sake by not allowing new housing unless it is consistent with countryside policies.

The application proposal involves erecting 2 no. further dwellings on a greenfield site within the open countryside and set back away from the ribbon development along the Heath Road frontage. The proposed dwellings would be substantial in size and no special or extenuating circumstances exist to justify need. The dwellings are bulky in design and lack coherence in terms of their form, massing and fenestration styling or size. The design approach therefore fails to promote local distinctiveness and the dwellings would appear incongruous in this semi-rural location contrary to the above-mentioned policies.

Moreover, the proposed development would impact significantly the openness of the surrounding landscape, by reason of its scale, siting and appearance, and represent an unnecessary and intrusive form of development within the countryside.

As such, the proposed development would be out of keeping with its surroundings and constitute an inappropriate form of development that would neither enhance nor conserve the countryside for its own sake, and detract from the open character of the landscape. Furthermore, the application proposal is also contrary to saved policy HG13 of the local plan because it would constitute backland development outside of a 'Settlement Development Boundary'. The provision of a long narrow driveway through the development to the north flanked by houses and fencing enclosing rear gardens would appear overly harsh and urban in this semi-rural location as there would be no space for planting to soften its appearance.

The development would therefore be wholly out of character with the linear form of ribbon development in the vicinity and would set a harmful precedent for other similar

development within the area.

- 3 Paragraph 54 of the National Planning Policy Framework (2019) states Local Planning Authorities should consider whether otherwise unacceptable development could be made acceptable through the use of conditions or planning obligations. Paragraph 56 of the NPPF states planning obligations must only be sought where they are necessary to make the development acceptable in planning terms, directly relate to the development and fairly and reasonably relate in scale and kind to the development.

Policy COM6 of the adopted Tendring District Local Plan 2007 states "For residential development below 1.5 hectares in size, developers shall contribute financially to meet the open space requirements of the development in proportion to the number and size of dwellings built". These sentiments are carried forward within emerging Policy HP5.

In line with the requirements of saved Policy COM6 and emerging Policy HP5, the Council's Open Space Team have been consulted on the application to determine if the proposal would generate the requirement for a financial contribution toward public open or play space.

There is currently a deficit of 1.33 hectares of equipped play/formal open space in the village of Tendring. There is only one play area in Tendring, located in Heath Road. A contribution is both relevant and justified to this planning application. The contribution would be used by the Parish Council towards providing new equipment or up grading the play area in Heath Road, Tendring.

A completed S106 legal agreement to secure the above-mentioned planning obligations has not been provided and the application is therefore contrary to the above-mentioned policies.

- 4 Under the Habitats Regulations, a development which is likely to have a significant effect or an adverse effect (alone or in combination) on a European designated site must provide mitigation or otherwise must satisfy the tests of demonstrating 'no alternatives' and 'reasons of overriding public interest'. There is no precedent for a residential development meeting those tests, which means that all residential development must provide mitigation. The contribution is secured by unilateral undertaking.

The application scheme proposes new dwellings on a site that lies within the Zone of Influence (ZoI) of the Hamford Water SAC, SPA, Ramsar sites. New housing development within the ZoI would be likely to increase the number of recreational visitors to the Hamford Water SAC, SPA, Ramsar sites and, in combination with other developments it is likely that the proposal would have significant effects on the designated site. Mitigation measures must therefore be secured prior to occupation.

A proportionate financial contribution has not been secured in accordance with the emerging Essex Coast Recreational disturbance Avoidance and Mitigation Strategy (RAMS) requirements. As submitted, there is no certainty that the development would not adversely affect the integrity of Habitats sites.

The proposal is therefore considered to be contrary to Policies EN6 and EN11a of the Saved Tendring District Local Plan 2007, Policy PPL4 of the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft and Regulation 63 of the Conservation of Habitat and Species Regulations 2017.

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern with the proposal and discussing those with the Applicant. However, the issues are so fundamental to the proposal that it has not been possible to negotiate a satisfactory way forward and due to the harm which has been clearly identified within the reason(s) for the refusal, approval has not been possible.

**The attached notes explain the rights of appeal.**

## NOTES FOR GUIDANCE

### WHEN PLANNING PERMISSION IS REFUSED OR GRANTED SUBJECT TO CONDITIONS

#### APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If you want to appeal, then you must do so within the set time frame as outlined below:
  - a. If this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Householder Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
  - b. If this is a decision to refuse planning permission for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
  - c. If you want to appeal against your local planning authority's decision on a development which is not caught by a. and b. above then you must do so within **6 months** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
- Appeals must be made using the relevant form (as detailed above) which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. **Please note, only the applicant possesses the right of appeal.**
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions imposed having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. [Further details are on GOV.UK.](#)

#### ENFORCEMENT

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.

- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder or minor commercial appeal) of the date of this notice, whichever period expires earlier.
