TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 21/00063/FUL **DATE REGISTERED:** 24th December 2020

Proposed Development and Location of Land:

**Proposal for two bespoke custom built dwellings.
Land East of Wolves Hall Lane Tendring Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY REFUSE PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted for the following reason(s)

- 1 The National Planning Policy Framework 2019 (NPPF) requires Councils to boost significantly the supply of housing to meet objectively assessed future housing needs in full. In any one year, Councils must be able to identify five years' worth of deliverable housing land against their projected housing requirements (plus an appropriate buffer to ensure choice and competition in the market for land, account for any fluctuations in the market or to improve the prospect of achieving the planned supply). If this is not possible, or housing delivery over the previous three years has been substantially below (less than 75%) the housing requirement, paragraph 11 d) of the NPPF requires applications for housing development needing to be assessed on their merits, whether sites are allocated for development in the Local Plan or not.

Saved Policy QL1 of the adopted Local Plan remains broadly consistent with the NPPF objective for achieving sustainable development. This is through a plan-led approach that focuses development to locations which are or can be made sustainable, limiting the need to travel and offering a genuine choice of transport modes. This also includes making effective use of land, particularly that which is previously developed, in meeting the need for homes. Those planned for rural areas are responsive to local circumstances and support local needs, whilst recognising the intrinsic character and beauty of the countryside. Emerging Policy SPL1 of the Publication Draft gain traction due to the same consistency with the Framework as found in respect of those in the adopted Local Plan.

As set out above, the policies for the delivery of housing are considered up-to-date and the application must therefore be determined in accordance with Paragraph 11 c) of the NPPF, thus in accordance with the development plan. The application site lies outside of any Settlement Development Boundary as defined within both the adopted Tendring District Local Plan (2007) and the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft (2017).

Regardless of the proximity of the site in relation to services and amenities, there is no longer a requirement to consider such sites due to their location outside of the defined settlement development boundaries. In applying the NPPF's presumption in favour of sustainable development, the adverse impacts of the proposal both on the character of the locality and on the Council's ability to manage growth through the plan-led approach, are not outweighed by any benefits. The development is unnecessary, would be entirely car reliant for occupants to access services and would represent a completely unjustified intrusion into the countryside, and there are no public benefits that might warrant the proposal being considered in an exceptional light. The proposal is therefore contrary to the aims of paragraph 11 of the NPPF and contrary to the development plan Saved Policy QL1 and emerging Policy SP1.

- 2 The development is contrary Saved Policy QL9 and EN1 of the Tendring District Local Plan (2007) and Policy SPL3 and PPL3 of the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft (June 2017) and paragraphs 127 and 170 of the NPPF 2019 in particular. The introduction of two large residential properties, garages, hardstanding and related domestic paraphernalia in this location shall demonstrably urbanise the character of this rural countryside setting. The proposal is considered to have no 'compelling functional need' to be located in this area, having a seriously detrimental impact upon the wider rural countryside landscape character and setting a precedent for future ribbon development at the settlement edge. The development is therefore contrary to Policy EN3 of the Tendring District Local Plan (2007) and Draft Policy PPL2 of the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft (2017)
- 3 Under the Habitats Regulations, a development which is likely to have a significant effect or an adverse effect (alone or in combination) on a European designated site must provide mitigation or otherwise must satisfy the tests of demonstrating 'no alternatives' and 'reasons of overriding public interest'. There is no precedent for a residential development meeting those tests, which means that all residential development must provide mitigation. This residential development lies within the Zone of Influence of the Essex Coast Recreational disturbance Avoidance and Mitigation Strategy (RAMS). The residents of new housing are therefore considered likely to regularly visit relevant designated sites for recreation. In order to avoid a likely significant effect in terms of increased recreational disturbance to coastal European designated sites (Habitats sites) in particular the Colne Estuary RAMSAR site and Special Area of Conservation, mitigation measures will need to be in place prior to occupation. A proportionate financial contribution has not been secured in accordance with the emerging Essex Coast Recreational disturbance Avoidance and Mitigation Strategy (RAMS) requirements. As submitted, there is no certainty that the development would not adversely affect the integrity of Habitats sites. The proposal is therefore considered to be contrary to Policies EN6 and EN11a of the Saved Tendring District Local Plan 2007, Policy PPL4 of the emerging Tendring District Local Plan 2013-2033 and Beyond Publication Draft and Regulation 63 of the Conservation of Habitat and Species Regulations 2017.
