Site Inspection: 11.2.2021 Copy sent to Parish Council 2 February 2021

Target Date: 8 March 2021

Observations: The trees are situated in the side and rear garden of the host property. Whilst they make a reasonable contribution to the amenity of the locality their species is such that their growth potential will make them too large for the growing positions in the long term. Notwithstanding the possible damage to the dwelling the trees are inappropriate species for such a small garden.
