TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 20/01648/FUL

DATE REGISTERED: 19th January 2021

Proposed Development and Location of Land:

**Erection of proposed two storey rear extension.
Newholme Plough Road Great Bentley Colchester**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY REFUSE PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted for the following reason(s)

- Paragraph 127 of the National Planning Policy Framework (2018) states planning policies and decisions should ensure that developments will function well and add to the overall quality of the area, are visually attractive as a result of good architecture, layout and appropriate and effective landscaping, and are sympathetic to local character and history, including the surrounding built environment and landscape setting.

The adopted Tendring District Local Plan (2007) "Saved" Policies QL9, QL10 and QL11 seek to ensure that all new development makes a positive contribution to the quality of the local environment and character, by ensuring that proposals are well designed, relate satisfactorily to their setting and are of a suitable scale, mass and form. These sentiments are carried forward in Policy SPL3 of the Tendring District Local Plan 2013-2033 and Beyond Publication Draft (June 2017).

The proposed two storey extension is located to the rear of the host dwelling. There will be some views of the proposal from the highway from the north. The proposal will measure approximately 5.3 metres in depth, 8.2 metres in width with an overall height of 6.5 metres.

The proposed extension is excessive in size with a large double gable to the rear, doubling the existing footprint of the building. Although there is room on the plot for an extension, the proposal is considered to be bulky and there is a lack of coherence in terms of its form, massing, fenestration styling and size.

Overall, the scale, height and bulk of the proposal amount to a harmful form of development on the site that will fail to make a positive contribution to the host building and the quality of the local environment, contrary to the aims of the above-mentioned national and local plan policies.

- 2 Paragraph 127 of the National Planning Policy Framework 2019 states that planning should always seek to create places that are safe, inclusive and accessible with a high standard of amenity for existing and future users. Saved Policy QL10 of the adopted Tendring District Local Plan (2007) states that permission will only be granted if; buildings and structures are orientated to ensure adequate daylight, outlook and privacy and provision is made for functional needs including private amenity space and accessibility. Emerging Policy SPL3 of the Tendring District Local Plan 2013-2033 and Beyond Publication Draft 2017 supports these objectives. Furthermore, Saved Policy HG14 of the adopted Tendring District Local Plan (2007) states that proposals for new dwellings will be required to retain appropriate open space between the dwellings and the side boundaries of the plot to safeguard the amenities and aspect of adjoining residents.

The dwelling is semi-detached with no neighbours to the north of the application site. To the south is 'Fiddlers Folly', a one and a half storey semi-detached dwelling with a single storey extension to the rear. The two storey extension will be clearly visible to the occupiers of the neighbouring dwelling to the south, and it is considered that the depth of the rear extension in conjunction with its height and massing would have an overbearing impact on, and cause material harm to the amenity of the occupiers of Fiddlers Folly.

The proposed development therefore fails to adhere to the aims of the above-mentioned national and local plan policies.
