

Motion to Council pursuant to Council Procedure Rule 12
submitted by Councillor Ivan Henderson in relation to Grounds
Maintenance Service

“That this Council accepts that its ground maintenance service is failing the tourist economy of the Tendring District as the lack of regular grass cutting and weed clearance is resulting in a negative visual impact for those seeking to enjoy Tendring’s Sunshine Coast.

It is further proposed that the necessary resources are immediately made available to ensure that Tendring’s coastal resorts present a positive visual impact throughout the 2021 summer season and that a review of the grounds maintenance policy then takes place to ensure that this issue does not reoccur in future years.”
