Stance:	Customer objects to the Licensing Application
Reasons for comment:	- Noise Disturbance - Opening Hours
Comments:	20/07/2021 9:04 PM The backyard of this pub is surrounded by buildings most of which are residences, unfortunately this has the effect of amplifying voices and, of course, music and singing. Despite the condition to keep doors and windows closed it is impossible to prevent noise escaping as people come and go to smoke etc outside. As a result the noise nuisance is already quite considerable at times. Any extension of hours would show a total disregard for residents trying to have some peace and sleep at night. It must be considered that some residences also face the Stingray pub which also has a late licence and can cause considerable noise nuisance and trouble at weekend 1am closing time despite the best efforts of the landlord. I would have

thought it only reasonable that all music ceased before 11am at weekends.. Additionally a 2.30 am closing time cannot be taking into consideration local residents who ,having welcomed the end of the music and singing, must then await, some hours,, later closing time. It seems completely unreasonable particularly thinking about residents in West Street. Furthermore I would suggest that this proposed extension of the licence has not been adequately advertised locally with one small notice high in the pub window and no others residents could find in the vicinity?

Kind regards
