PRUDENTIAL INDICATORS

CAPITAL EXPENDITURE

This is an estimate of the amount of investment planned over the period. As can be seen, not all investment necessarily has an impact on the Council Tax, schemes funded by grants, capital receipts or external contributions mean that the effect on the Council Tax is greatly reduced.

CAPITAL FINANCING REQUIREMENT

Each year, the Council finances the capital programme by a number of means, one of which could be borrowing. The Capital Financing Requirement (CFR) represents the cumulative amount of borrowing that has been incurred to pay for the Council's capital assets, less amounts that have been set aside for the repayment of debt over the years. The Council is only allowed to borrow long term to support its capital programme. It is not allowed to borrow long term to support its revenue budget.

	2019/20 Actual		2020/21 Actual	Notes	2021/22 as agreed by full Council 13 July 2021
	£000	£000	£000		£000
General Fund	5,448	5,230	5,230		5,021
Housing Revenue Account	40,106	38,442	38,442		36,778
Total	45,554	43,672	43,672		41,799

GROSS DEBT AND THE CAPITAL FINANCING REQUIREMENT

This indicator compares the Capital Financing Requirement to the level of external debt and shows how much of the capital programme is financed from internal resources. The capital programme is partially funded in the short to medium term by internal resources when investment interest rates are significantly lower than long term borrowing rates. Net interest payments are, therefore, optimised.

	2019/20 Actual	2020/21 Estimate	2020/21 Actual	Notes	2021/22 as agreed by full Council 13 July 2021
	£000	£000	£000		£000
Capital Financing Requirement	45,554	43,672	43,672		41,799
External debt	40,313	38,592	38,889		36,921
Internal borrowing	5,241	5,080	4,783		4,878

OPERATIONAL BOUNDARY AND AUTHORISED LIMIT

The Council must set an operational boundary and authorised limit for external debt. The operational boundary is based on the Council's estimate of most likely, i.e. prudent, but not worst case scenario for external debt. It reflects the decision on the amount of debt needed for the Capital Programme for the relevant year. It also takes account of other long term liabilities, which comprise finance leases, Private Finance Initiative and other liabilities that are not borrowing but form part of the Council's debt. The Council has none of these at present.

The authorised limit is the affordable borrowing limit determined in compliance with the Local Government Act 2003. It is the maximum amount of debt that the Council can legally owe. The authorised limit provides headroom over and above the operational boundary for unusual cash movements.

	2019/20 Actual	2020/21 Estimate	2020/21 Actual	Notes	2021/22 as agreed by full Council 13 July 2021
	£000	£000	£000		£000
Operational boundary - borrowing	67,704	67,525	67,525		67,342
Authorised limit - borrowing	76,455	76,156	76,156		75,355

RATIO OF FINANCING COSTS TO NET REVENUE STREAM

This is an indicator of affordability and highlights the revenue implications of existing and proposed capital expenditure by identifying the proportion of the revenue budget required to meet financing costs, net of investment income.

	2019/20 Actual £000	2020/21 Estimate £000	2020/21 Actual £000	Notes	2021/22 as agreed by full Council 13 July 2021 £000

Housing Revenue Account	57.54	47.09	54.38		47.29

INTEREST RATE EXPOSURE

Tendring District Council currently has all its borrowings at fixed rate and usually has a mixture of fixed and variable rate investments. This indicator is set to control the Council's exposure to interest rate risk.

PRUDENTIAL INDICATOR	2019/20 Actual	2020/21 Estimate	2020/21 Actual	Notes	2021/22 as agreed by full Council 13 July 2021
	£000	£000	£000		£000
Upper limit for Fixed Interest Rates on debt	45,554	43,672	43,672		41,799
Upper limit for Variable Interest Rates on debt (based on 30% of the fixed rate limit)	13,666	13,102	13,102		12,540

TOTAL PRINCIPAL SUMS INVESTED FOR PERIODS LONGER THAN 364 DAYS (excluding property)

Interest rate risk is also affected by the proportion of the investments invested at fixed rates for longer periods, especially in a period when rates are expected to rise.

PRUDENTIAL INDICATOR	2019/20	2020/21	2020/21		2021/22 as agreed by full Council 13 July

MATURITY STRUCTURE OF FIXED RATE BORROWING

This indicator is set to control the Council's exposure to refinancing risk. The limits are set for each age range to ensure that the Council avoids too many fixed rate loans being matured at one time and spreads the maturity across several periods. The percentages for the upper and lower limits do not add up to 100% as they do not represent an actual allocation.

TREASURY INDICATOR - EXPOSURE TO CREDIT RISK

The Council has adopted a voluntary measure of its exposure to credit risk by monitoring the value-weighted average score of its investment portfolio. This is calculated by applying a score to each investment (AAA=1, AA+=2, etc.) using the rating applicable when it is taken out and taking the arithmetic average, weighted by the size of each investment. Investments in government instruments such as DMO, treasury bills and in local authorities are scored as 1.
