TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 21/01193/FUL **DATE REGISTERED:** 22nd July 2021

Proposed Development and Location of the Land:

**Proposed construction of new one bedroom flat to the top of the existing building.
5 Steele House High Street Harwich Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

- 1 The development to which this permission relates must be begun not later than the expiration of three years beginning with the date on which this permission is granted.

Reason - The time limit condition is imposed in order to comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

P01 a	Proposed floor and roof plans
P03 a	Proposed side elevations and sections a-a
P02 b	Amended proposed elevations
P04	Proposed site, block and site layout plan

Reason - For the avoidance of doubt and in the interests of proper planning.

- 3 No development shall commence until precise details the manufacturer and types and colours of the external facing and roofing materials for the dwelling to be used in the construction have been submitted to and approved, in writing, by the Local Planning Authority.

Reason: To ensure a satisfactory development in relation to external appearance and in the interests of residential amenity.

- 4 Areas within the curtilage of the site for the purpose of loading / unloading / reception

and storage of building materials and manoeuvring of all vehicles, including construction traffic shall be provided clear of the highway.

Reason: To ensure that appropriate loading / unloading facilities are available to ensure that the highway is not obstructed during the construction period in the interest of highway safety in accordance with policy DM1.

- 5 The dwelling hereby approved shall not be occupied until such time as the vehicle parking area indicated on the approved plans, has been hard surfaced, sealed and if required marked out in a parking bay. The vehicle parking area and associated turning area shall be retained in this form at all times. The vehicle parking shall not be used for any purpose other than the parking of vehicles that are related to the use of the development unless otherwise agreed with the Local Planning Authority.

Reason: To ensure that on street parking of vehicles in the adjoining streets does not occur in the interests of highway safety and that appropriate parking is provided in accordance with Policy DM8

- 6 No vehicle connected with the works to arrive on site before 07:30 or leave after 19:00 (except in the case of emergency). Working hours to be restricted between 08:00 and 18:00 Mondays to Saturdays (finishing at 13:00 on Saturdays) with no working of any kind permitted on Sundays or any Public/Bank Holiday whilst construction works and alterations are being carried out. No materials produced as a result of the site development or clearance shall be burned on site.

Reason: Adherence to the above condition will significantly reduce the likelihood of public complaint and potential enforcement action by Pollution and Environmental Control. The condition gives the best practice for Demolition and Construction sites. Failure to follow them may result in enforcement action under nuisance legislation (Environmental Protection Act 1990), or the imposition of controls on working hours (Control of Pollution Act 1974).

- 7 An electric vehicle charging point shall be provided for the approved dwelling prior to first occupation.

Reason: In the interests of sustainable transportation.

DATED: 12th October 2021

Graham Nourse
Assistant Director
