## RECOMMENDATIONS MONITORING REPORT

<ul style="list-style-type: none"><li>• <i>the suggestion from the Chief Operating Officer for the North East Essex Clinical Commissioning Group (CCG) to create a forum across North East Essex that will allow Councillors to communicate the views of their constituents with the GP practice leads directly be supported and the CCG urged to implement this as soon as possible.</i></li><li>• <i>the continued hard work of the North East Essex Clinical Commissioning Group and local NHS providers, Dr Gogarty and the Public Health team at Essex County Council as well as this Council's redeployed/redirected staff supporting those in need due to Covid-19 restrictions be recognised.</i></li></ul>	<p><i>“The CCG are keen to create a forum across North East Essex for Councillors to be able to directly communicate the views of their constituents to GP practice leads and I warmly welcome this opportunity which I believe will allow our councillors to raise issues of concern and also understand the issues GPs face. It will also allow us to address together how we can support each other to achieve our shared aims. I am aware that our CCG wanted to progress this but I do understand in the current pandemic situation this has not been able to be delivered yet but look forward to future progress in this area”.</i></p>
