

Corporate Risk Register March 2022

Tendring District Council

INTRODUCTION

The management of Risk is a key element to any organisation in order to protect its resources (human & physical), finances and reputation. By undertaking regular, stringent and structured analysis of the risks faced by the organisation senior managers are able to take strategic decisions to mitigate against such risks whilst still being able to take the necessary decisions for a progressive council.

This document explains the methodology used to analyse and identify the risks which are considered to be of a sufficient level to be monitored corporately. The process of identifying risks is a linear examination at service, departmental and subsequently corporate level. It is only by undertaking a thorough and detailed risk assessment that this can be achieved.

Each risk is assessed for the likelihood of the risk occurring, as well as the potential impact of such an occurrence. The combination of these two factors gives an initial risk rating. Each risk is then 'managed' by the implementation of control measures. It is then re-assessed to give a residual risk rating.

Only risks which would have a significant corporate-level impact upon the ability of the Council to undertake its normal service delivery, finances, safety, or reputation are reported at this level.

DEFINITIONS

Risk: A risk is an event or action which may adversely affect the Council. It can arise from the possibility of not realising opportunities as well as from a threat materialising. Risk management is embedded across the organisation and forms part of each directorate's everyday function. They follow the format '[x...] leading to [y...] resulting in [z]'. Please note that as we increase our partnership and multi-agency work, risks become increasingly complex as controls may become out of our direct control.

Inherent risk: This is the level of risk that is present before controls have been applied. Measured by evaluating the impact and probability of the risk to calculate an Inherent Risk Rating.

Residual risk: This is the level of risk remaining after application of controls. The Residual Risk Rating is calculated on the same basis as for inherent risk, but factoring in any changes in impact and probability arising from the controls in place to mitigate the inherent risk.

Control: Controls are a key mechanism for managing risk and are put in place to provide reasonable assurance. Examples of controls can include policies and procedures adopted, progression of ongoing actions, or implementation of recommendations resulting from internal audits.

Warning indicators: These are the mechanisms or issues that will highlight that the risk is not being mitigated by the controls identified, or to the extent expected. These can be internal or external to the organisation.

RISK RATING CATEGORIES

20

High Risks (Rating of 15-25)

- Risks at this level will be considered to be above the Council's risk tolerance level. These risks require immediate attention and, as a high priority, a plan needs to be put together to provide sufficient mitigation resulting in a lower rating for the residual risk, wherever possible.
- Management Team should regularly review any risks in the Corporate Risk Register where the mitigated level remains above the risk tolerance level.

- Where a risk in a Departmental Risk Register scores at this level, consideration will be given to any corporate impact, and whether there is a need for the risk to be considered in the Corporate Risk Register.

12  **Medium Risks (Rating of 6-12)**

- Controls should be put in place to mitigate the risk, wherever possible, especially where the risk is close to the risk tolerance level, or is increasing over time. However where the options for mitigation would not provide value for money, the risk may be tolerated.

4  **Low Risks (Rating of 1-5)**

- No action required to mitigate these risks.

Risk colour	Risk Headings	
Green	Failure to deliver key services	Pages 7-10
Blue	Failure to deliver key projects	Pages 11-16
Brown	Reputational Damage	Pages 17-20
Pink	Ineffective workforce management and planning	Pages 21-22
Orange	Failure to deliver a balanced and sustainable budget	Page 23
Grey	Ineffective management of information	Pages 24-25
Yellow	Failure to adopt a sound Local Plan	Page 26
Light Orange	Failure of income streams to meet Councils Financial requirements and obligations to other bodies.	Page 27 -28
Purple	Failure in emergency and business continuity planning	Pages 29 - 30

Failure to deliver key services	RISK 1a - Failure to effectively manage assets - <i>failure to achieve value or benefit from property transactions</i>						
	Assessment date	Inherent risk score	Present score breakdown		Direction of Risk	Residual Risk rating	Review date
			Probability	Impact			
	January 2020	9	3	3	Unchanged 	4 LOW	September 2022
	October 2020	9	Medium	Sizable			
	May 2021	9					
	September 2021	9					
	Mach 2022	9					
		<i>Asset Strategy and associated delivery plan and ensuring an effective and flexible property dealing policy adopted by full council in May 2017 new office practice documents completed.</i>					
	Responsible Officer - Andy White						
Responsible Cabinet member(s) – Corporate Finance and Governance PFH							
Scrutiny Committee(s) – Resources and Services							

Assessment date	Inherent risk score	Present score breakdown		Direction of Risk	Residual Risk rating	Review date
		Probability	Impact			
		January 2020	15			
October 2020	10	Moderate	Critical			
May 2021	10					
September 2021	10					
March 2022	10					
Current Action Status/ Control Strategy	<p>Significant Transformation network investment being undertaken during 2018/21 including; re-design, renewed cabling, existing equipment re-use, significant shift to Wi-Fi working/ flexibility, additional resilience, removal of all single points of failure within our control, dual firewalls, dual 1Gbt/sec data links. Our investments also include real-time enhanced 24/7 Network visibility, monitoring, reporting and alarms together with a 24/7 Security Operations Centre (SOC) provided by a 3rd party. The new network support and maintenance contract with an external company from August 2018 alongside their greatly enhanced network monitoring/ reporting proposals is giving much greater 'real time' network performance visibility and is allowing us to react swiftly and pro-actively to issues.</p> <p>Ongoing investment in remote working capabilities continues to enable the council to operate services with the majority of its staff and councillors working remotely from home.</p> <p>Resilience built into other IT Investment Strategies including 'mirrored' data storage at two national Microsoft Azure platform data centres delivering 90% of our hybrid Private/ Public Applications - all resulting in significantly increased resilience and much speedier 'disaster recovery' capability.</p> <p>Any catastrophic IT network failure is now likely to result from either a national UK network infrastructure issue or a successful cyber security attack.</p>					
Responsible Officer - John Higgins						
Responsible Cabinet member(s) - Corporate Finance and Governance PFH						
Scrutiny Committee(s) - Resources and Services						

Failure to deliver key services

RISK 1c - Ineffective communication / management of information - Failure to adopt implement and foster effective communication and information systems with an adverse impact on the ability to deliver services or relationship with key stakeholders.

Assessment date	Inherent risk score	Present score breakdown		Direction of Risk	Residual Risk rating	Review date
		Probability	Impact			
		3	5		10	
January 2020	15	Medium	Critical	Unchanged 	Medium	September 2022
October 2020	15					
May 2021	15					
September 2021	15					
March 2022	15					
Current Action Status/ Control Strategy	<p>Tendring District Council has robust Information Governance policies and practices based upon shared Essex-wide 'best practice' Information Governance policies. We undertake quarterly information governance monitoring through our Information Governance Policy Unit (strategic) and the Information Security Management Group (operational). Our processes are annually audited to ensure they remain fit for purpose.</p> <p>Whilst our information governance continues to strengthen, the Information Commissioner's Office (ICO) continues to 'raise the bar' on compliance matters. We are currently reviewing how Councillors access, utilise and manage personal and sensitive information and we must work to introduce changes to Councillor working practices to strengthen this aspect of Council information governance during 2021 or risk being found potentially in breach of General Data Protection Regulation legislation by the ICO. The key issue here is that having provided every councillor with a managed council device we must cease the councillor practice of forwarding council emails to personal email accounts where we have no control over cyber security protective measures.</p> <p><i>This issue has been highlighted during a cybersecurity audit by the Department for Levelling Up Housing and Communities (DLUHC) as a significant cybersecurity risk that must be ceased. We will therefore work to achieve this during early 2022 in a supportive manner with additional training provided if required.</i></p> <p><i>Security Breaches will continue to be monitored and investigated to ensure robust information governance arrangements remain in place and to raise staff awareness.</i></p> <p><i>New information governance training videos will be released shortly.</i></p>					
Responsible Officer - John Higgins - Senior Information Risk Officer (SIRO) Judy Barker – Data Protection Officer (DPO)						
Responsible Cabinet member(s) - Corporate Finance and Governance PFH						
Scrutiny Committee(s) - Resources and Services Committee						

Failure to deliver key services

		Probability	Impact			
January 2020	20	4	5	Unchanged 	15 HIGH	September 2022
October 2020	20	High	Critical			
May 2021	20					
Sept 2021	20					
March 2022	20					
Current Action Status/ Control Strategy	<p>Tendring District Council has robust cyber-security including; physical devices (Firewalls), network segregation, protective software applications to protect the Council from the daily occurrences of external Cyber-attack. Our Cloud migration strategy has enabled us to implement further layers of Cloud cyber-security <i>and this action will continue during 2022 due to additional investments by Microsoft around this topic.</i></p> <p>Cyber-security is an essential part of our induction training. In addition phishing awareness campaigns are also planned for 2022.</p> <p>The last Local Government Association cyber-security self-assessments achieved a robust Amber-green (score 65-79% Essex top-quartile) but with areas of improvement identified. We have undertaken improvements in areas the assessment highlighted.</p> <p>With council cyberattacks growing exponentially in both volume and complexity <i>we are proposing a number of cybersecurity strengthening initiatives during 2022. We are working with the Department for Levelling Up Housing and Communities (DLUHC) and have received significant funding to assist us in our cybersecurity improvements.</i></p>					
Responsible Officer - John Higgins						
Responsible Cabinet member(s) - Corporate Finance and Governance PFH						
Scrutiny Committee(s) - Resources and Services Committee						

Failure to deliver key services

Failure to deliver key projects	RISK 2a - Coastal Defence - The Council has a coastline of 60km and maintains the sea defence structures along 18.5km of this frontage. These defences protect the towns of Harwich, Dovercourt, and Walton on the Naze, Frinton on Sea, Holland on Sea, Clacton and Brightlingsea. Unforeseen expenditure may be required on sea defences; which if left to deteriorate could cause catastrophic cliff failure and impact safety of residents/visitors nearby. The East Coast of the UK is vulnerable to a phenomenon called a North Sea Tidal Surge.						
	Assessment date	Inherent risk score	Present score breakdown		Direction of Risk	Residual Risk rating	Review date
			Probability	Impact			
			3	5			
	January 2020	15	High Probability	Critical	Unchanged 	5 LOW	September 2022
	October 2020	15					
	May 2021	15					
	September 2021	15					
	March 2022	15					
	Current Action Status/ Control Strategy	Carrying out annual inspections of coast protection structures and responding swiftly to public reporting of faults. An annual maintenance programme for the coastal frontage is set each year with an appropriate budget to cover the works. Each year sections of the sea defences are improved as part of a rolling programme of special maintenance schemes funded from the Council's Revenue Budgets. Works undertaken range from day to day maintenance of promenades and seawalls to schemes costing millions of pounds. Larger capital schemes attracting grant in aid are produced to comply with Defra guidelines and their High Level Targets for coast protection.					
Responsible Officer: Damian Williams							
Responsible Cabinet member(s) - Cllr. A. Porter – Portfolio Holder for Leisure and Tourism							
Scrutiny Committee(s) - Resources and Services							

Assessment date	Inherent risk score	Present score breakdown		Direction of Risk	Residual Risk rating	Review date
		Probability	Impact			
		3	4

September 2021	12					
March 2022	12					
Current Action Status/ Control Strategy	<p>Clearly defined Terms of Reference agreed between partners & TDC. Action plans agreed as appropriate for each project and reviewed on a regular basis.</p> <p>Action plan delivery (regular monitoring and feedback to Community Leadership Committee, Portfolio Holder and external partners)</p> <p><i>A Community Asset Map has been produced via the North East Essex Alliance, this provides a useful tool to identify where to focus resources to strengthen and build more resilient communities.</i></p>					
Responsible Officer - Anastasia Simpson / John Fox/ Rebecca Morton						
Responsible Cabinet member(s) - Partnerships PFH						
Scrutiny Committee(s) - Community Leadership						

Failure to deliver key projects

RISK 2c - Building Council Homes - Continuing uncertainty over Business plan capacity due lack of clarity from the government						
Assessment date	Inherent risk score	Present score breakdown		Direction of Risk	Residual Risk rating	Review date
		Probability	Impact			
		2	4			
January 2020	8	Low	Major	Unchanged 	4 LOW	September 2022
October 2020	8					
May 2021	8					
September 2021	8					
March 2022	8					
Current Action Status/ Control Strategy	Government has removed the HRA borrowing cap but prudential borrowing rules still apply. Modelling has been undertaken within the business plan and we are comfortable that 200 new homes could be built over the next 8 – 10 years dependent upon build costs and land availability. The Government has signalled a potential continuation and extension of the PRP RTB pilot but has given no firm commitment as to how it will be funded. This is a concern as it could signal a revival of the forced sale of high value assets policy, which had been suspended. This would have a significant and detrimental impact on our business plan and capacity to build.					
Responsible Officer – D Williams						
Responsible Cabinet member(s) - Housing PFH						
Scrutiny Committee(s) – Resources and Services						

Failure to deliver key projects

Assessment date	Inherent risk score	Present score breakdown		Direction of Risk	Residual Risk rating	Review date

September 2021	20					
March 2022	20					

Current Action Status/ Control Strategy

Long Term Financial Plan updated on an ongoing basis.

- Financial Strategy / Forecast Preparation including identifying and capturing significant risks such as changes to government funding, and the identification of savings which will require some challenging decisions.
- Robust and timely Budget Monitoring Processes.
- Engagement with key stakeholders, members and senior management as early as possible.
- Responding to and implementing recommendations and advice issued by the Council's External Auditor.
- Material savings options to be individually risk assessed

If the event that the long term approach does not deliver the intended outcomes then the Council can revert to the more traditional / short term approach to setting the budget.

In addition to the above a zero based approach to budget setting will continue to be developed in 2022/23 along with a corporate investment plan approach to prioritise resource allocation.

Responsible Officer: Richard Barrett

Responsible Cabinet member(s) - Corporate Finance and Governance PFH

Scrutiny Committee(s) – Resources and Services

RISK 6a - Loss of sensitive and/or personal data through malicious actions loss theft and/or hacking.

May 2021	20					
September 2021	20					
March 2022	12					

Current Action Status/ Control Strategy

This risk constitutes an annual cycle of IT security Health Check using a registered consultant, remediation/ resolution of any security issues identified then completion and submission of compliance documentation to central government national Cyber Security Centre (NCSC) for PSN recertification.
PSN re-certification was last achieved 23 November 2019. Both the Public Services network (PSN) itself and the PSN IT Security Health Check regime is nearing the end of its lifecycle.

Over the past two years in readiness for the PSN closure the council has been steadily undertaking a range of cybersecurity improvements to achieve compliance with new National Cyber Security Centre security standards. These in essence give Tendring District Council emails trusted status within the public sector and the robust security to enable us to exchange 'official' and 'official sensitive' information securely with other partners (which was the previous Role of the PSN).

From a cybersecurity external health check and challenge perspective the council is working with the DLUHC cyber team. DLUHC have performed a full audit across our estate and the resultant DLUHC improvement actions (with £150,000 one-off funding) are being remediated through our DLUHC Cybersecurity Action Plan over the next 12 months.

This new (VIPER) system is now live across Essex. The system allows Emergency Planners to draw an emergency 'area of effect' on a map and VIPER will generate details of all residents affected in seconds <i>and supports vulnerable residents who may require specialist assistance/support.</i></p>

Failure in emergency and Business Continuity Planning

APPENDIX – METHODOLOGY FOR CALCULATING RISK

RISK RATING ELEMENTS - IMPACT

Risk level	Impact				
	Level	Financial	Service Delivery	Safety	Reputation
5	Critical	Loss of more than £1m	Effective service delivery is unachievable.	Fatality (Single or Multiple)	Reputation damage is severe and widespread i.e Regulatory body intervention
4	Major	Loss above 250K but below £1m	Effective service delivery is severely disrupted in one or more areas	Multiple serious injuries requiring professional medical treatment	Reputation damage occurs with key partners.
3	Sizeable	Loss above £25K below £250K	Effective service delivery is disrupted in specific areas of the Council.	Injury to an individual(s) requiring professional medical treatment	Reputation damage is localised and/or relatively minor for the Council as a whole
2	Moderate	Loss above £5K below £25K	Delays in effective service delivery	Minor injury - no professional medical treatment	Slight reputation damage
1	Minor	Loss of up to £5K	Minor disruption to effective service delivery i.e. Staff in unplanned absence for up to one week	No treatment required	Reputation damage only on personal level

Timescale ----- Probability	Up to 6 months	To 12 months	To 24 months	To 60 months	60+ months
Over 80%	5	4	3	2	1
65%-80%	4	4	3	2	1
50 – 64%	3	3	3	2	1
30 – 49%	2	2	2	2	1
Under 30%	1	1	1	1	1

Probability

Impact x Probability = Overall Risk Rating
