### TOWN AND COUNTRY PLANNING ACT 1990

**APPLICATION NO:** 21/01906/FULHH      **DATE REGISTERED:** 18th November 2021

Proposed Development and Location of Land:

**Proposed clearing of land and demolish existing garden outbuildings and construct a two storey double garage and workshop.  
115 Tower Street Brightlingsea Colchester Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY REFUSE PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted for the following reason(s)

- 1      The National Planning Policy Framework 2021 attaches great importance to the design of the built environment and confirms good design is a key aspect of sustainable development, is indivisible from good planning, and should contribute positively to making places better for people. Paragraph 130 of the Framework requires that developments are visually attractive as a result of good architecture, are sympathetic to local character, and establish or maintain a strong sense of place. It is important to plan positively for the achievement of high quality and inclusive design for all development, including individual buildings. Permission should be refused for development of poor design that fails to take the opportunities available for improving the character and quality of an area and the way it functions.

Adopted Policy SP7 of the 2013-33 Local Plan seeks high standards of urban and architectural design which responds positively to local character and context. Emerging Policy SPL3 of Section 2 of the 2013-33 Local Plan also requires, amongst other things, that the development respects or enhances local landscape character, views, skylines, landmarks, existing street patterns, open spaces and other locally important features.

The volume and massing which ensues as a consequence of the gambrel roof introduces a scale of development which would be at odds with the established nature of single storey and/or dual pitched roofs with limited head-height which are commonplace in the locale. For this reason it is considered that the proposal both fails to improve the character of the area and fails to respect existing street patterns.

- 2      The NPPF, at paragraph 130 states that development should create places that are safe, inclusive and accessible and which promote health and well-being, with a high standard of amenity for existing and future users.

Adopted Policy SP7 of the Tendring District Local Plan 2013-2033 and Beyond Publication Draft (June 2017) requires that all new development protects the amenity of existing and future residents and users with regard to noise, vibration, smell, loss of light, overbearing and overlooking.

The development proposes a first floor balcony with a platform at a height in the region of 2.8m to the north-west (garden) elevation, in conjunction with full-height glazed doors providing access to the balcony. The presence of informal structures in the rear gardens of neighbouring properties may preclude direct overlooking; notwithstanding this the perception of overlooking is a material consideration.
