The following question has been received, on notice, from a Member:

Question

From Councillor Andrew Pemberton to **Councillor Nick Turner, Portfolio Holder for Commercialisation, Seafronts and Parking:**

“Does we know if anything is happening with the old Victorian streetlamps, which used to be along our sea front on Clacton East and West greensward? In 2014 the last few lights were taken down for safety and just the posts remain.

Are there any plans for these to be restored?”
