TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 21/01088/FUL **DATE REGISTERED:** 16th June 2021

Proposed Development and Location of Land:

**Erection of one-bedroom, pitched roof holiday chalet with car parking,
amenity space and bin storage
80 Norman Way Point Clear Bay St Osyth Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY REFUSE PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted for the following reason(s)

- Paragraph 162 of the National Planning Policy Framework states that the aim of the sequential test is to steer new development to areas with the lowest risk of flooding from any source. Development should not be allocated or permitted if there are reasonably available sites appropriate for the proposed development in areas with a lower risk of flooding. The strategic flood risk assessment will provide the basis for applying this test. The sequential approach should be used in areas known to be at risk now or in the future from any form of flooding.

Section 2 Policy PPL1 of the Tendring District Local Plan 2013-2033 states All development proposals will be considered against the National Planning Policy Framework's 'Sequential Test', to direct development toward sites at the lowest risk of flooding, unless they involve land specifically allocated for development on the Policies Maps or Local Maps, which is not the case here.

The site lies within tidal Flood Zone 3a. The allocations in the Local Plan, intelligence gathered in updating the SHLAA and knowledge of extant planning permissions indicates that there are reasonably available sites appropriate for the proposed development in areas with a lower probability of flooding that are therefore considered sequentially preferable to the application site. It is therefore considered that the proposal fails the sequential test and would be contrary to National Planning policy and Policy PPL1 of the Local Plan 2013-2033.

DATED: 16th September 2022

Graham Nourse
Assistant Director
