Subject: Condition Survey Of Leisure Facilities Concurrence Letter

Afternoon Both,

As discussed, please see attached concurrence for your attention. It is proposed to use of up to £17,000 of this year's (2022/23) contribution from the revenue accounts to support the cost of the Condition Surveys. As such, the contribution to the Leisure Capital Projects Reserve in 2022/23 will be £33,000 instead of £50,000. This provides a total of £52,810 available within the Leisure Capital Projects Reserve at the end of the financial year.

The Condition Surveys include Planned Maintenance Programmes for Clacton Leisure Centre, Dovercourt Bay Lifestyles and Walton-on-the-Naze Lifestyles. This, in turn, would feed into a 10-year Planned Maintenance Programme, prioritising the works required, recommending scheduling and providing high-level budget costings. The expected cost of up to £17,000.

If you agree with the above proposal and for it to be funded from the leisure reserved account, I would be grateful for a returned email or signature on the Record of Executive Decision form. I will then proceed to publish the decision and arrange the survey.
