## TOWN AND COUNTRY PLANNING ACT 1990

**APPLICATION NO:** 23/00137/FULHH      **DATE REGISTERED:** 26th January 2023

Proposed Development and Location of Land:

**Proposed first floor addition to rear extension.  
11 Council Houses Colchester Road Wix Manningtree**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY REFUSE PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted for the following reason(s)

- 1 Paragraph 130 of the National Planning Policy Framework (NPPF) (2021) requires that developments are visually attractive as a result of good architecture, are sympathetic to local character, and establish or maintain a strong sense of place.

Adopted Policy SP7 of Section 1 of the 2013-33 Local Plan seeks high standards of urban and architectural design, which responds positively to local character and context. Policies SPL3 and LP4 of Section 2 of the 2013-33 Local Plan also require, amongst other things, that developments deliver new dwellings that are designed to high standards and which, together with a well-considered site layout that relates well to its site and surroundings, create a unique sense of place.

The proposed development will see the addition of a first floor element to the previous single storey rear extension approved under reference 22/00339/FULHH, resulting in a two storey extension measuring 6.3 metres in height, 4.5 metres in width and a depth of just in excess of 4 metres. There are no other similar examples of two storey rear extensions along this section of Colchester Road, and the proposed eaves height exceeds the existing eaves height. Therefore, the proposed development, by way of its height, bulk, and scale would be out of proportion with the host dwelling and will result in an excessively visually intrusive development harmful to the character and appearance of this area, contrary to the above local and national planning policies.

- 2 Paragraph 130 of the National Planning Policy Framework (2021) confirms planning policies and decisions should create places that are safe, inclusive and accessible and which promote health and well-being, with a high standard of amenity for existing and future users.

Policy SP7 of Section 1 of the 2013-33 Local Plan requires that the amenity of existing and future residents is protected. Section 2 Policy SPL 3 (Part C) seeks to ensure that development will not have a materially damaging impact on the privacy, daylight or other amenities of occupiers of nearby properties.

There is an approximate separation distance of 1.7 metres to the boundary of the neighbouring property to the west, Number 10. The two storey extension is only slightly set in from the existing house, and due to its height, bulk and depth, will appear as a dominant and overbearing feature to the significant detriment of the neighbouring occupants. This harm is exacerbated given that there would be a significant loss of daylight and sunlight during the morning given that the sun rises in the east and sets in the west. The proposal is therefore harmful to the amenities of this neighbouring property, contrary to the aims of the above national and local plan policies.
