TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 21/00022/FUL

DATE REGISTERED: 25th January 2021

Proposed Development and Location of Land:

**Proposed extension to Garage Workshop to include 2 new bays.
The Pit Stop Colchester Road Great Bentley Clacton On Sea**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY REFUSE PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted for the following reason(s)

- 1 Paragraph 110 of the National Planning Policy Framework 2021 seeks to ensure that safe and suitable access to a development site can be achieved for all users, whilst Paragraph 104 requires that streets, parking and other transport considerations are integral to the design of schemes, and contribute to making high quality places.

Adopted Policy CP1 (Sustainable Transport and Accessibility) of the Tendring District Local Plan 2013-2033 states that planning permission will only be granted if amongst other things; access to the site is practicable and the highway network will be able to safely accommodate the additional traffic the proposal will generate and the design and layout of the development provides safe and convenient access for people.

The proposal will reduce the level of parking and storage within the site, which adversely impacts on the available off-road parking facilities for all the current uses together with employees and visitor parking for an expanded workshop.

The application site currently consists of a significant number of additional vehicles which do not align with the submitted drawings, which results in a harmful impact to the operational parking and turning facilities on site. The consequence of this is that the proposed extension would exacerbate the existing issue of vehicles being parked off site and on the highway verge at the front of the premises, which detrimentally impacts upon the visibility splays at the access point, contrary to highway safety and the above policies.
