Dear Councillor Newton

### **Projects Identified for Funding: Year 1 of the UK Shared Prosperity Fund (SPF) Allocation**

This letter follows Cabinet's approval (Friday 16<sup>th</sup> December 2022) to delegate authority to you as Portfolio Holder for Business & Economy to approve the spend of year 1 of UKSPF on the following selected projects.

Following review by the finance team, I am writing to secure your approval to the following changes to spend set out in the previous decision.

#### 1. Seafronts maintenance

The previous decision stated the seafront ramp was a capital scheme. This will actually be funded from the UKSPF revenue allocation.

#### 2. Jaywick Managed Workspace – Operational Revenue

The previous decision stated that £41k of revenue funding will be used to recruit an Operations Manager. This funding will now be split into a £31k revenue element, which will be used to support the operational costs of the Sunspot in its launch and through the critical 2023 summer season. A further £10k will be allocated as capital funding, to support construction costs at the site.

There are no changes to the projects benefitting from the funding, or to the amounts each project is receiving.

The other projects which were set out in the previous decision, remain unchanged. Here is a link to the previous decision: [link](#).

If you could, by way of a completed form (below) or by return email, indicate your consent to proceed with these identified changes, I would be most grateful. Please do not hesitate to get in touch with me to discuss any aspect further before granting your consent.

Kind regards,

Rebecca Bromley
