TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 23/00213/FULHH **DATE REGISTERED:** 9th February 2023

Proposed Development and Location of the Land:

**Erection of garage and relocation of vehicular access.
2 Crabtree Cottages Colchester Road Little Bentley Colchester**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

1 COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT

CONDITION: The works to which this consent relate must be begun not later than the expiration of three years beginning with the date of this consent.

REASON: To comply with the requirements of Section 18(1) of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the consent becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk of both Enforcement Action and Criminal proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

2 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by

the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

P01B
P02

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

3 ANCILLARY/INCIDENTAL USE

CONDITION: This permission shall only authorise the use of the outbuilding hereby approved for purposes incidental and ancillary to the principal dwelling known as 2 Crabtree Cottages (or as may be renamed in the future) and does not permit the use of the outbuilding as residential accommodation forming a separate household unrelated and not incidental/ancillary to the principal dwelling.

REASON: The proposed outbuilding would not be acceptable under the established policies of the adopted Local Plan and NPPF by representing a net increase in dwelling units were the development to be occupied as an unrelated dwelling and not considered as one household.

4 ON GOING REQUIREMENT: HIGHWAYS

CONDITION: Notwithstanding the provisions of the Town & Country Planning (General Permitted Development)(England) Order 2015 (or any Order revoking and re-enacting

that Order with or without modification) there shall be no gates/fence and/or other means of enclosure within five metres from the edge of the carriageway. Any gates to be erected on site, shall only open into the site and not over any area of the public highway and/or the minimum distance stated.

REASON: In the interests of highway safety.

NOTE/S FOR CONDITION:

Carriageway is the part of a road intended for vehicles rather than pedestrians normally define by kerb if available or edge of a bound surface.

It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the ECC Highway Authority. Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by Essex County Council or its agents at the applicant's expense.

5 COMPLIANCE - HIGHWAY SAFETY

The existing access located to the west of the site as shown on the Drawing no. P01 shall be suitably and permanently closed incorporating the reinstatement to full height of the highway verge immediately the proposed new access is brought into first beneficial use.

Reason: To ensure the removal of and to preclude the creation of unnecessary points of traffic conflict in the highway in the interests of highway safety.

6 COMPLIANCE - HIGHWAY SAFETY

No unbound material shall be used in the surface treatment of the vehicular access within 6 metres of the highway boundary.

Reason: To avoid displacement of loose material onto the highway in the interests of highway safety.

7 COMPLIANCE - HIGHWAY SAFETY

The relocated vehicular access shall be constructed at right angles to the highway boundary and to the existing carriageway. The width of the access at its junction with the highway shall not be less than 5.5 metres and shall be retained at that width for 6 metres within the site.

Reason: to ensure that vehicles can enter and leave the highway in a controlled manner in the interest of highway safety.
