TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 23/00439/OUT

DATE REGISTERED: 4th April 2023

Proposed Development and Location of Land:

**Outline Planning Application (all matters reserved) for proposed erection of two dwellings.
Land West of Hunyani Ardleigh Road Little Bromley Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **DO HEREBY GRANT**
OUTLINE PLANNING PERMISSION in accordance with the application form, supporting documents
and plans submitted, subject to the following conditions:

1 COMPLIANCE REQUIRED: TIME LIMIT FOR RESERVED MATTERS APPLICATION

CONDITION: Application for approval of all outstanding and the final reserved matters for any phase of the development must be made to the Local Planning Authority not later than the expiration of three years beginning with the date of this permission, and the development must be begun not later than the expiration of two years from the final approval of the reserved matters for the relevant phase or, in the case of approval on different dates, the final approval of the last such matter to be approved.

REASON: To comply with the requirements of Section 92 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The reserved matters need to be received by the Local Planning Authority within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If there is no phasing plan, this condition is considered to apply to the whole site as a single phase. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

2 APPROVAL OF RESERVED MATTERS

CONDITION: No development in any phase shall commence until approval of the details of:-

- the Appearance of the building(s) and place,
- Scale of the building(s),
- Layout of the building(s) and site,
- the means of Access,
- Landscaping

(hereinafter called "the reserved matters") for that particular phase have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details and agreed order of phasing.

REASON: To enable the Local Planning Authority to secure an orderly and well designed development in accordance with the character and appearance of the neighbourhood and in accordance with the Development Plan. This condition is required to be agreed prior to the commencement of any development in accordance with proper planning principles to allow public engagement on the outstanding reserved matters and ensure no significant adverse harm results.

NOTE/S FOR CONDITION:

This condition requires approval of all reserved matters as may be listed to agreed in writing prior to any commencement of the approved development. Failure to comply with this condition may result in the permission becoming lapsed and unable to be carried out. If there is no phasing plan, this condition is considered to apply to the whole site as a single phase.

The reserved matters that may be listed above are further defined under government guidance as follows:-

ACCESS: The accessibility to and within the site, for vehicles, cycles and pedestrians in terms of the positioning and treatment of access and circulation routes and how these fit into the surrounding access network

APPEARANCE: The aspects of a building or place within the development which determine the visual impression the building or place makes, including the external built form of the development, its architecture, materials, decoration, lighting, colour and texture.

LANDSCAPING: The treatment of land (other than buildings) for the purpose of enhancing or protecting the amenities of the site and the area in which it is situated and includes: (a) screening by fences, walls or other means; (b) the planting of trees, hedges, shrubs or grass; (c) the formation of banks, terraces or other earthworks; (d) the laying out or provision of gardens, courts, squares, water features, sculpture or public art; and (e) the provision of other amenity features

LAYOUT: The way in which buildings, routes and open spaces within the development are provided, situated and orientated in relation to each other and to buildings and spaces outside the development.

SCALE: The height, width and length of each building proposed within the development in relation to its surroundings.

3 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning

Authority prior to the commencement of development pursuant to this condition.

Documents titled 'Construction Method Statement', 'Electric Vehicle Charging', 'Klargester BioDisc Domestic Sewage Treatment Plant', the untitled Site Location Plan (received 5th April 2023), the untitled Visibility Splays plan (received 24th April 2023) and the untitled Block Plan (received 5th April 2023).

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

- 4 CONDITION: No development shall commence above slab level until a scheme for the provision and implementation of water, energy and resource efficiency measures for the lifetime of the development shall be submitted to and approved, in writing, by the Local Planning Authority. The scheme should include as a minimum the following:-

- Electric car charging points per dwelling;
- A Water-butts per dwelling;
- Compost bin per dwelling;
- Agreement of heating of each dwelling/building; and
- Agreement of scheme for waste reduction

The scheme shall be fully implemented prior to the first occupancy of the development unless otherwise agreed in writing by the Local Planning Authority. The scheme shall be constructed and the measures provided and made available for use as may be agreed and thereafter shall be maintained.

REASON: To enhance the sustainability of the development through better use of water, energy and resources reduce harm to the environment and result in wider public benefit in accordance with the NPPF.

NOTE/S FOR CONDITION:

Slab level is normally refers to the concrete slab supported on foundations or directly on the subsoil and is used to construct the ground floor of the development. In any other case, please assume slab level to be the point before any walls and/or development can be visually above ground level or seek confirmation from the Local Planning Authority for your development.

The greatest threat to our planet is the belief that someone else will save it and also forgetting that small acts, when multiplied by millions of people, can transform the world. Developments will provide buildings/homes to thousands/millions of people over their lifetime. A well designed sustainable development in the beginning will restrict the contribution each person makes to that threat and help enable them to transform the world.

- 5 **CONDITION:** Prior to the commencement of development, an Arboricultural Impact Assessment shall be submitted to, and approved in writing by, the Local Planning Authority.

REASON: There are a number of trees on the application site, and the assessment is therefore required to fully assess the extent to which the trees and hedge are a constraint on the development of the land and to identify the way that retained trees would be physically protected.

NOTES: The Arboricultural Impact Assessment should be in accordance with BS5837: 2012 Trees in relation to design, demolition and construction' Recommendations.

DATED: 23rd May 2023

SIGNED:

John Pateman-Gee
Planning Manager

IMPORTANT INFORMATION :-

The local planning authority considers that the following policies and proposals in the development plan are relevant to the above decision:

National:

National Planning Policy Framework July 2021 (NPPF)

National Planning Practice Guidance (NPPG)

Local:

Tendring District Local Plan 2013-2033 and Beyond North Essex Authorities' Shared Strategic Section 1 Plan (adopted January 2021)

SP1 Presumption in Favour of Sustainable Development

SP2 Recreational disturbance Avoidance and Mitigation Strategy (RAMS)

SP3 Spatial Strategy for North Essex

SP4 Meeting Housing Needs

SP7 Place Shaping Principles

Tendring District Local Plan 2013-2033 and Beyond Section 2 (adopted January 2022)

SPL1 Managing Growth

SPL2 Settlement Development Boundaries

SPL3 Sustainable Design

HP5 Open Space, Sports & Recreation Facilities

DI1 Infrastructure Delivery and Impact Mitigation

Essex County Council Car Parking Standards - Design and Good Practice

Informatives

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Highways Informatives:

1: All work within or affecting the highway is to be laid out and constructed by prior arrangement with and to the requirements and specifications of the Highway Authority; all details shall be agreed before the commencement of works.

The applicants should be advised to contact the Development Management Team by email at development.management@essexhighways.org

2: On the completion of the Development, all roads, footways/paths, cycle ways, covers, gratings, fences, barriers, grass verges, trees, and any other street furniture within the Site and in the area, it covers, and any neighbouring areas affected by it, must be left in a fully functional repaired/renovated state to a standard accepted by the appropriate statutory authority.

3: Steps should be taken to ensure that the Developer provides sufficient turning and off-loading facilities for delivery and site worker vehicles, within the limits of the site together with an adequate parking area for those employed in developing the site.

4: The Highway Authority cannot accept any liability for costs associated with a developer's improvement. This includes design check safety audits, site supervision, commuted sums for maintenance and any potential claims under Part 1 and Part 2 of the Land Compensation Act 1973. To protect the Highway Authority against such compensation claims a cash deposit or bond may be required.

Highways Conditions:

Essex Highways Authority, upon consultation, have confirmed that they raise no objections subject to a series of conditions. However, given the application is outline only with all matters reserved, these are instead recommended to be added as an informative and should be taken into consideration ahead of any future reserved matters planning application.

1. Prior to occupation of the development, the road junction / access at its centre line shall be provided with a minimum clear to ground visibility splay with dimensions of 2.4 metres by 43 metres to the east and 2.4 metres by 140 metres to the west, as measured from and along the nearside edge of the carriageway. Such vehicular visibility splays shall be provided before the road junction / access is first used by vehicular traffic and retained free of any obstruction at all times.

Reason: To provide adequate inter-visibility between vehicles using the road junction / access and those in the existing public highway in the interest of highway safety in accordance with policy DM1.

Note: It is envisaged that some or all of the boundary hedge to the host dwelling will have to be cut back/ removed, either side of the existing site access to achieve the 2.4 metre set back distance, currently the highway verge width is only 1.8 metres between the back edge of the carriageway and hedgerow.

2. Prior to occupation of the development a vehicular turning facility, of a design to be approved in writing by the Local Planning Authority shall be constructed, surfaced, and maintained free from obstruction within the site at all times for that sole purpose.

Reason: To ensure that vehicles can enter and leave the highway in a forward gear in the interest of highway safety in accordance with policy DM1.

3. Prior to the occupation of the proposed dwellings, the proposed private drive shall be constructed to a width of 5.5 metres for at least the first 6 metres from the back of Carriageway / Highway Boundary and shall be provided with an appropriate vehicular crossing.

Reason: To ensure that vehicles can enter and leave the highway in a controlled manner and to ensure that opposing vehicles can pass clear of the limits of the highway, in the interests of highway safety in accordance with policy DM1.

4. No unbound material shall be used in the surface treatment of the vehicular access within 6 metres of the highway boundary.

Reason: To avoid displacement of loose material onto the highway in the interests of highway safety in accordance with policy DM1.

5. Any new boundary planting shall be planted a minimum of 1 metre back from the highway boundary and any visibility splay.

Reason: To ensure that the future outward growth of the planting does not encroach upon the highway or interfere with the passage of users of the highway, to preserve the integrity of the highway and in the interests of highway safety and in accordance with Policy DM1.

6. Each vehicular parking space shall have minimum dimensions of 2.9 metres x 5.5 metres.

Reason: To ensure adequate space for parking off the highway is provided in the interest of highway safety in accordance with Policy DM8.

The above conditions are to ensure that the proposal conforms to the relevant policies contained within the County Highway Authority's Development Management Policies, adopted as County Council Supplementary Guidance in February 2011.

Standard Informative 1: The Provisions of the Essex Act 1987, Section 13 (Access for the Fire Brigade) may apply to this Development and will be determined at Building Regulation Stage.

Standard Informative 2: You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control section at Tendring District Council.

Standard Informative 3: If the development includes the construction of a new building on or at the boundary of 2 properties, work to an existing party wall or party structure or involve excavation near to and below the foundation level of neighbouring buildings, you are advised that the provisions of the Party Wall Act 1996 may apply to this development. An explanatory booklet concerning the implications of this Act is available online or from the District Council.

The attached notes explain the rights of appeal.

NOTES FOR GUIDANCE

WHEN PLANNING PERMISSION IS REFUSED OR GRANTED SUBJECT TO CONDITIONS

APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If you want to appeal, then you must do so within the set time frame as outlined below:
 - a. If this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Householder Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - b. If this is a decision to refuse planning permission for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - c. If you want to appeal against your local planning authority's decision on a development which is not caught by a. and b. above then you must do so within **6 months** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
- Appeals must be made using the relevant form (as detailed above) which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. **Please note, only the applicant possesses the right of appeal.**
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions imposed having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. [Further details are on GOV.UK.](#)

ENFORCEMENT

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder or minor commercial appeal) of the date of this notice, whichever period expires earlier.
