Supplementary Planning Guidance:

Status of the Local Plan

Planning law requires that decisions on applications must be taken in accordance with the development plan unless there are material considerations that indicate otherwise (Section 70(2) of the 1990 Town and Country Planning Act and Section 38(6) of the Planning and Compulsory Purchase Act 2004). This is set out in Paragraph 2 of the National Planning Policy Framework (the Framework). The 'development plan' for Tendring comprises, in part, Sections 1 and 2 of the Tendring District Council 2013-33 and Beyond Local Plan (adopted January 2021 and January 2022, respectively), supported by our suite of evidence base core documents (<https://www.tendringdc.uk/content/evidence-base>) together with any neighbourhood plans that have been brought into force.

5. Officer Appraisal (including Site Description and Proposal)

Proposal

This application seeks permission for the erection of a front extension to form new accessible shower room.

Application Site

The application site serves a detached dwelling located to the north-east of Shanklin Close, within the settlement development boundary of Clacton on Sea.

Assessment

Design and Appearance

The proposed extension is located to the front of the dwelling and is therefore visible to the public views of the streetscene.

The proposed extension is of a minor size and scale and will not extend beyond the existing principal elevation.

The extension will be of a single storey nature with pitched roof design to effortlessly blend with the existing roof line / design. The exterior walls will be finished with cladding over a brick plinth to blend with the design and appearance of the host dwelling. The proposal is therefore considered to blend with the appearance of the host dwelling and has no adverse effects on visual amenities.

Impacts on Residential Amenities

The extension is of a single storey nature and therefore poses no significant risk of overlooking or loss of privacy to the adjacent neighbouring dwellings.

The proposal is not located immediately adjacent to any neighbouring dwellings and has no impact on the loss of light.

Other Considerations

The proposal has no impacts on the highway safety of the site.

Clacton is non-parished and therefore no comments are required.

No other letters of representation have been received.

Conclusion

The proposal is consistent with the above-mentioned national and local planning policies. In the absence of material harm the proposal is recommended for approval.
