### TOWN AND COUNTRY PLANNING ACT 1990

**APPLICATION NO:** 23/00854/FUL

**DATE REGISTERED:** 30th June 2023

Proposed Development and Location of the Land:

**Demolition of existing brick wall and proposed new boundary treatment  
Jasmine Place The Green Great Bentley Colchester**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT**  
**PLANNING PERMISSION** in accordance with the application form, supporting documents and  
plans submitted, subject to the following conditions;

1 COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT

**CONDITION:** The development hereby permitted shall be begun not later the expiration  
of three years from the date of this permission.

**REASON:** To comply with the requirements of Section 91 of the Town and Country  
Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase  
Act 2004.

**NOTE/S FOR CONDITION:**

The development needs to commence within the timeframe provided. Failure to comply  
with this condition will result in the permission becoming lapsed and unable to be carried  
out. If commencement takes place after the time lapses this may result in unlawful works  
at risk Enforcement Action proceedings. You should only commence works when all  
other conditions requiring agreement prior to commencement have been complied with.

2 APPROVED PLANS & DOCUMENTS

**CONDITION:** The development hereby permitted shall be carried out in accordance with  
the drawings/documents listed below and/or such other drawings/documents as may be  
approved by the Local Planning Authority in writing pursuant to other conditions of this  
permission or such drawings/documents as may subsequently be approved in writing by  
the Local Planning Authority as a non-material amendment following an application in  
that regard (except for Listed Building Consents). Such development hereby permitted

shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

- Block Plan - Scanned 19 Jun 2023
- Landscaping Plans - Scanned 30 Aug 2023

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

### 3 COMPLIANCE - HIGHWAYS VISIBILITY SPLAYS

CONDITION: There should be no obstruction above ground level within a 2.0-metre-wide parallel band visibility splay as measured from and along the nearside edge of the carriageway across the entire site frontage. Such vehicular visibility splays shall be provided before the new access is first used by vehicular traffic and retained free of obstruction above 800mm at all times.

REASON: To ensure vehicles exiting the access would have sufficient visibility to enter the public highway safely and vehicles on the public highway would have sufficient warning of a vehicle emerging in order to take avoiding action.

NOTE/S FOR CONDITION:

It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the ECC Highway Authority. Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by Essex County Council or its agents at the

applicant's expense.

#### 4 ACCESS MATERIAL

**CONDITION:** The access/s hereby approved shall have a bound material surface and shall be laid out for a minimum distance of 6 metres from the edge of the carriageway prior to first use. The bound material as implemented shall then be retained thereafter.

**REASON:** In the interests of highway safety to prevent hazards caused by loose materials on the highway.

**NOTE/S FOR CONDITION:**

Carriageway is the part of a road intended for vehicles rather than pedestrians normally define by kerb if available or edge of a bound surface. It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the ECC Highway Authority. Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by Essex County Council or its agents at the applicant's expense.

#### 5 COMPLIANCE - BOUNDARY PLANTING

**CONDITION:** Any new boundary planting shall be planted a minimum of 1 metre back from the highway boundary and any visibility splay and retained free of obstruction above 600mm at all times.

**REASON:** To ensure that the future outward growth of the planting does not encroach upon the highway or interfere with the passage of users of the highway, to preserve the integrity of the highway and in the interests of highway safety.

#### 6 COMPLIANCE REQUIRED: TREE PROTECTION

**CONDITION:** For 10 years following from the commencement of development, none of the existing trees on the site as shown on the approved drawings shall be lopped, topped, felled, have their roots severed or be uprooted without the prior written approval of the Local Planning Authority. Any trees felled, uprooted, dying or being seriously damaged as a result of actions taken without such prior written approval shall be replaced in the next planting season (October - March inclusive) in the same siting with others of similar size and species.

**REASON:** To enable existing landscaping to be protected and retained in the interests of visual amenity.

If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control section at Tendring District Council.

Standard Informative 3: If the development includes the construction of a new building on or at the boundary of 2 properties, work to an existing party wall or party structure or involve excavation near to and below the foundation level of neighbouring buildings, you are advised that the provisions of the Party Wall Act 1996 may apply to this development. An explanatory booklet concerning the implications of this Act is available online or from the District Council.
