## TOWN AND COUNTRY PLANNING ACT 1990

**APPLICATION NO:** 23/00904/OUT

**DATE REGISTERED:** 6th July 2023

Proposed Development and Location of Land:

**Outline Planning Application (all matters reserved) for 1 No. single storey dwelling.  
6 Bellamy Close Kirby Cross Frinton On Sea Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **DO HEREBY GRANT** **OUTLINE PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions:

1 **COMPLIANCE REQUIRED: TIME LIMIT FOR RESERVED MATTERS APPLICATION**

**CONDITION:** Application for approval of all outstanding and the final reserved matters for any phase of the development must be made to the Local Planning Authority not later than the expiration of three years beginning with the date of this permission, and the development must be begun not later than the expiration of two years from the final approval of the reserved matters for the relevant phase or, in the case of approval on different dates, the final approval of the last such matter to be approved.

**REASON:** To comply with the requirements of Section 92 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

**NOTE/S FOR CONDITION:**

The reserved matters need to be received by the Local Planning Authority within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If there is no phasing plan, this condition is considered to apply to the whole site as a single phase. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

2 **APPROVAL OF RESERVED MATTERS**

**CONDITION:** No development in any phase shall commence until approval of the details of:-  
- the Appearance of the building(s) and place,

- Scale of the building(s),
- Layout of the building(s) and site,
- the means of Access
- Landscaping

(hereinafter called "the reserved matters") for that particular phase have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details and agreed order of phasing.

REASON: To enable the Local Planning Authority to secure an orderly and well designed development in accordance with the character and appearance of the neighbourhood and in accordance with the Development Plan. This condition is required to be agreed prior to the commencement of any development in accordance with proper planning principles to allow public engagement on the outstanding reserved matters and ensure no significant adverse harm results.

#### NOTE/S FOR CONDITION:

This condition requires approval of all reserved matters as may be listed to agreed in writing prior to any commencement of the approved development. Failure to comply with this condition may result in the permission becoming lapsed and unable to be carried out. If there is no phasing plan, this condition is considered to apply to the whole site as a single phase.

The reserved matters that may be listed above are further defined under government guidance as follows:-

ACCESS: The accessibility to and within the site, for vehicles, cycles and pedestrians in terms of the positioning and treatment of access and circulation routes and how these fit into the surrounding access network

APPEARANCE: The aspects of a building or place within the development which determine the visual impression the building or place makes, including the external built form of the development, its architecture, materials, decoration, lighting, colour and texture.

LANDSCAPING: The treatment of land (other than buildings) for the purpose of enhancing or protecting the amenities of the site and the area in which it is situated and includes: (a) screening by fences, walls or other means; (b) the planting of trees, hedges, shrubs or grass; (c) the formation of banks, terraces or other earthworks; (d) the laying out or provision of gardens, courts, squares, water features, sculpture or public art; and (e) the provision of other amenity features

LAYOUT: The way in which buildings, routes and open spaces within the development are provided, situated and orientated in relation to each other and to buildings and spaces outside the development.

SCALE: The height, width and length of each building proposed within the development in relation to its surroundings.

### 3 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

Drawing Numbers 0054-A-001 Rev 00 and 0054-A-002 Rev 00.

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

- 4 CONDITION: If during construction/demolition works evidence of potential contamination is encountered, works shall cease, and the site fully assessed to enable an appropriate remediation plan to be developed. Works shall not re-commence until an appropriate remediation scheme has been submitted to, and approved in writing by, the Local Planning Authority and the remediation has been completed.

Upon completion of the building works, this condition shall not be discharged until a closure report has been submitted to and approved in writing by the Local Planning Authority. The closure report shall include details of;

- a) Details of any sampling and remediation works conducted and quality assurance certificates to show that the works have been carried out in full in accordance with the approved methodology.
- b) Details of any post-remedial sampling and analysis to show the site has reached the required clean-up criteria shall be included in the closure report together with the necessary documentation detailing what waste materials have been removed from the site.
- c) If no contamination has been discovered during the build, then evidence (e.g. photos or letters from site manager) to show that no contamination was discovered should be included.

REASON - To ensure that any risks from land contamination to the future users of the land and neighbouring land are minimised.

- 5 CONDITION: Prior to the commencement of development details of the construction methodology and timetable shall be submitted to and approved, in writing, by the Local Planning Authority. This shall incorporate the following information:-

- a) Details of the hours of work/construction of the development within which such operations shall take place and the hours within which delivery/collection of materials for the said construction shall take place at the site.
- b) Details of the loading/unloading/storage of construction materials on site, including details of their siting and maximum storage height.
- c) Details of how construction and worker traffic and parking shall be managed. This shall include routing of all traffic and any directional signs to be installed and where.
- d) Details of any protection measures for footpaths and trees surrounding the site.
- e) Details of any means of access to the site during construction.
- f) Details of the scheduled timing/phasing of development for the overall construction period.
- g) Details of measures to control the emission of dust and dirt during construction, and including details of any wheel washing to be undertaken, management and location it is intended to take place.
- h) Details of the siting of any on site compounds and portaloos.
- i) Details of the method of any demolition to take place, including the recycling and disposal of said materials resulting from demolition.
- j) Site waste management plan (that shall include reuse and recycling of materials)
- k) Scheme for sustainable construction management to ensure effective water and energy use.
- l) Scheme of review of complaints from neighbours.
- m) Registration and details of a Considerate Constructors Scheme
- n) Details on the provision, location and management of any show home/s or reception, including opening times, parking and advertisements (including flags and directional signs).

The said methodology as may be approved shall be implemented in its entirety and shall operate as may be approved at all times during construction.

REASON: To minimise detriment to nearby residential and general amenity by controlling the construction process to achieve the approved development. This condition is required to be agreed prior to the commencement of any development as any construction process, including site preparation, by reason of the location and scale of development may result adverse harm on amenity.

**NOTE/S FOR CONDITION:**

You are strongly advised to discuss this condition with the Local Planning Authority and if possible/available local residents likely to be affected by this development prior to submission of details.

- 6 **CONDITION:** Prior to first use of the access, visibility splays shall be provided with a minimum clear to ground visibility splay with dimensions of 2 metres in both directions, as measured from and along the nearside edge of the carriageway, and shall then be retained in its approved form. Notwithstanding the provisions of Part 2 Class A of the Town & Country Planning (General Permitted Development)(England) Order 2015 (or any Order revoking and re-enacting that Order with or without modification) no obstruction over 0.6 metres high shall be erected, constructed, planted or permitted to grow within the areas of the visibility splays.

REASON: To ensure vehicles exiting the access would have sufficient visibility to enter the public highway safely and vehicles on the public highway would have sufficient warning of a vehicle emerging in order to take avoiding action.

- 7 **CONDITION:** The access hereby approved shall have a bound material surface and shall be laid out for a minimum distance of 5 metres from the edge of the carriageway prior to first use. The bound material as implemented shall then be retained thereafter.

REASON: In the interests of highway safety to prevent hazards caused by loose materials on the highway.

## NOTE/S FOR CONDITION:

Carriageway is the part of a road intended for vehicles rather than pedestrians normally define by kerb if available or edge of a bound surface. It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the ECC Highway Authority. Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by Essex County Council or its agents at the applicant's expense.

- 8 CONDITION: Prior to first occupation of the dwelling, a Residential Travel Information Pack (travel pack) shall be provided for use of its first occupiers. The travel pack shall be agreed, in writing, by the Local planning authority prior to provision and shall include a minimum of six one day travel vouchers for use with a local transport operator.

REASON: In the interests of reducing the need to travel by car and promoting sustainable development and transport.

- 9 CONDITION: Prior to the first occupation of the development the areas within the site identified for the purpose of loading/unloading/reception and storage of materials and manoeuvring shall be retained thereafter and remain free of obstruction except for the purpose of loading/unloading/reception and storage of materials and manoeuvring and used for no other purpose. Any other area within the site outlined in red not identified shall not be used as loading/unloading/reception and storage of materials and manoeuvring areas.

REASON: To ensure that appropriate loading / unloading facilities are available in the interest of highway safety.

- 10 CONDITION: No development shall commence above slab level until a scheme for the provision and implementation of water, energy and resource efficiency measures for the lifetime of the development shall be submitted to and approved, in writing, by the Local Planning Authority. The scheme should include as a minimum the following:-

- Electric car charging points per dwelling;
- A Water-butt per dwelling;
- Compost bin per dwelling;
- Agreement of heating of each dwelling/building; and
- Agreement of scheme for waste reduction

The scheme shall be fully implemented prior to the first occupancy of the development unless otherwise agreed in writing by the Local Planning Authority. The scheme shall be constructed and the measures provided and made available for use as may be agreed and thereafter shall be maintained.

REASON: To enhance the sustainability of the development through better use of water, energy and resources reduce harm to the environment and result in wider public benefit in accordance with the NPPF.

## NOTE/S FOR CONDITION:

Slab level is normally refers to the concrete slab supported on foundations or directly on the subsoil and is used to construct the ground floor of the development. In any other case, please assume slab level to be the point before any walls and/or development can be visually above ground level or seek confirmation from the Local Planning Authority for your development.

The greatest threat to our planet is the belief that someone else will save it and also forgetting that small acts, when multiplied by millions of people, can transform the world. Developments will provide buildings/homes to thousands/millions of people over their lifetime. A well designed sustainable development in the beginning will restrict the contribution each person makes to that threat and help enable them to transform the world.

**DATED:** 4th September 2023

**SIGNED:**

---

John Pateman-Gee  
Head of Planning and Building Control

**IMPORTANT INFORMATION :-**

The local planning authority considers that the following policies and proposals in the development plan are relevant to the above decision:

National:

National Planning Policy Framework July 2023 (NPPF)

National Planning Practice Guidance (NPPG)

Local:

Tendring District Local Plan 2013-2033 and Beyond North Essex Authorities' Shared Strategic Section 1 Plan (adopted January 2021)

SP1 Presumption in Favour of Sustainable Development

SP2 Recreational disturbance Avoidance and Mitigation Strategy (RAMS)

SP3 Spatial Strategy for North Essex

SP7 Place Shaping Principles

Tendring District Local Plan 2013-2033 and Beyond Section 2 (adopted January 2022)

SPL1 Managing Growth

SPL2 Settlement Development Boundaries

SPL3 Sustainable Design

PPL4 Biodiversity and Geodiversity

PPL5 Water Conservation, Drainage and Sewerage

PPL10 Renewable Energy Generation

CP1 Sustainable Transport and Accessibility

Local Planning Guidance

Essex County Council Car Parking Standards - Design and Good Practice

Essex Design Guide

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Legal Agreement Informative - Recreational Impact Mitigation

This application is the subject of a legal agreement and this decision should only be read in conjunction with this agreement. The agreement addresses the following issues: mitigation against any recreational impact from residential developments in accordance with Regulation 63 of the Conservation of Habitat and Species Regulations 2017. Please note that any subsequent variation / removal of condition applications (s73 applications) will require a new legal agreement to secure this obligation unless the development has commenced (subject to all necessary condition discharges) and the contribution has already been paid.

Standard Informative 1: The Provisions of the Essex Act 1987, Section 13 (Access for the Fire Brigade) may apply to this Development and will be determined at Building Regulation Stage.

Standard Informative 2: You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control section at Tendring District Council.

Standard Informative 3: If the development includes the construction of a new building on or at the boundary of 2 properties, work to an existing party wall or party structure or involve excavation near to and below the foundation level of neighbouring buildings, you are advised that the provisions of the Party Wall Act 1996 may apply to this development. An explanatory booklet concerning the implications of this Act is available online or from the District Council.

**The attached notes explain the rights of appeal.**

## NOTES FOR GUIDANCE

### WHEN PLANNING PERMISSION IS REFUSED OR GRANTED SUBJECT TO CONDITIONS

#### APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If you want to appeal, then you must do so within the set time frame as outlined below:
  - a. If this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Householder Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
  - b. If this is a decision to refuse planning permission for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
  - c. If you want to appeal against your local planning authority's decision on a development which is not caught by a. and b. above then you must do so within **6 months** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
- Appeals must be made using the relevant form (as detailed above) which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. **Please note, only the applicant possesses the right of appeal.**
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions imposed having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. [Further details are on GOV.UK.](#)

#### ENFORCEMENT

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder or minor commercial appeal) of the date of this notice, whichever period expires earlier.
