Status of the Local Plan

Planning law requires that decisions on applications must be taken in accordance with the development plan unless there are material considerations that indicate otherwise (Section 70(2) of

the 1990 Town and Country Planning Act and Section 38(6) of the Planning and Compulsory Purchase Act 2004). This is set out in Paragraph 2 of the National Planning Policy Framework (the Framework). The 'development plan' for Tendring comprises, in part, Sections 1 and 2 of the Tendring District Council 2013-33 and Beyond Local Plan (adopted January 2021 and January 2022, respectively), supported by our suite of evidence base core documents (<https://www.tendringdc.uk/content/evidence-base>) together with any neighbourhood plans that have been brought into force.

Neighbourhood Plans

A neighbourhood plan introduced by the Localism Act that can be prepared by the local community and gives communities the power to develop a shared vision for their area. Neighbourhood plans can shape, direct and help to deliver sustainable development, by influencing local planning decisions as part of the statutory development plan to promote development and uphold the strategic policies as part of the Development Plan alongside the Local Plan. Relevant policies are considered in the assessment. Further information on our Neighbourhood Plans and their progress can be found via our website <https://www.tendringdc.uk/content/neighbourhood-plans>

5. Officer Appraisal (including Site Description and Proposal)

Application Site

The application site comprises of a semi detached house located to the south east of Meadow Close. The site is outside the settlement development boundary.

Proposal

The application seeks planning permission for a proposed single storey rear extension.

Assessment

Visual Impact

The proposed extension is located to the rear of the dwelling and cannot be viewed from the public realm so therefore will not impact the streetscene.

The application site can comfortably accommodate for the extension whilst retaining adequate private amenity space. The use of matching roof materials will help the proposal to blend with the existing dwelling, it is therefore deemed to be of an acceptable size and scale.

Impact to Neighbours

The proposed extension is of a single storey nature and therefore poses no significant threat of overlooking or loss of privacy to the adjoining neighbouring dwelling.

The extension will be in line with the existing extension of the neighbouring property 1 Meadow Close. Therefore there will be no significant loss of amenities or light to this neighbour.

Other Considerations

The extension is to the rear of the dwelling so there is no impact on the current parking provision on site.

Conclusion

The proposed development is consistent with the above mentioned national and local planning policies. In the absence of material harm the proposal is recommended for approval.
