TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 23/01466/FULHH

DATE REGISTERED: 26th October 2023

Proposed Development and Location of the Land:

Proposed detached garage.

Number Six Mill Lane Thorpe Le Soken Clacton On Sea

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

1 COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT

CONDITION: The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

REASON: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

2 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in

that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

6/MLT/2A

6/MLT/3

HERITAGE STATEMENT - REC'D 17.10.23

ADDENDUM TO HERITAGE STATEMENT - REC'D 30.11.23

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

3 APPROVAL REQUIRED: LANDSCAPING SCHEME

CONDITION: No development above slab level shall take place until there has been submitted to and approved, in writing, by the Local Planning Authority a scheme of hard, soft and boundary treatment landscaping works for the site, which shall include any proposed changes in ground levels.

REASON: In the interests of visual amenity and the character and appearance of the area.

NOTE/S FOR CONDITION:

Slab level is normally refers to the concrete slab supported on foundations or directly on the subsoil and is used to construct the ground floor of the development. In any other case, please assume slab level to be the point before any walls and/or development can be visually above ground level or seek confirmation from the Local Planning Authority for

your development.

Should the landscape works include any new hedgerow, please consider the following planting for a native hedge. Native hedge: 50% hawthorn, 25% blackthorn (but beware - this can spread into adjacent fields), 15% field maple, 2% holly, 2% wild privet, 2% guelder rose, 2% dog rose, 2% buckthorn.

4 COMPLIANCE WITH DETAILS AND TIMESCALE REQUIRED - LANDSCAPING SCHEME

CONDITION: All changes in ground levels, soft/hard landscaping shown on the approved landscaping details shall be carried out in full during the first planting and seeding season (October - March inclusive) following the commencement of the development, or in such other phased arrangement as may be approved, in writing, by the Local Planning Authority up to the first use/first occupation of the development. Any trees, hedges, shrubs or turf identified within the approved landscaping details (both proposed planting and existing) which die, are removed, seriously damaged or seriously diseased, within a period of 10 years of being planted, or in the case of existing planting within a period of 5 years from the commencement of development, shall be replaced in the next planting season with others of similar size and same species unless otherwise agreed in writing by the Local Planning Authority.

REASON: To ensure that the approved landscaping scheme has sufficient time to establish, in the interests of visual amenity and the character and appearance of the area.

5 APPROVAL REQUIRED: LANDSCAPE PROTECTION

CONDITION: No development shall take place until the trees/hedges on the adjacent site have been protected by the erection of temporary protective fences, as shown on drawing no 6/MLT/3. The protective fences shall be retained throughout the duration of building and engineering works.

REASON: For the avoidance of damage to the trees/hedges in the interests of visual amenity and the character and appearance of the area. This condition is required to be carried out prior to the commencement of any other development to ensure the trees and hedges are protected early to ensure avoidance of damage or lost due to the development and/or its construction. If agreement was sought at any later stage there is an unacceptable risk of lost and damage to the vegetation.

INFORMATIVES:

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern within the application (as originally submitted) and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal, in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Standard Informative 1: The Provisions of the Essex Act 1987, Section 13 (Access for the Fire Brigade) may apply to this Development and will be determined at Building Regulation Stage.

Standard Informative 2: You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control section at Tendring District Council.

Standard Informative 3: If the development includes the construction of a new building on or at the boundary of 2 properties, work to an existing party wall or party structure or involve excavation near to and below the foundation level of neighbouring buildings, you are advised that the provisions of the Party Wall Act 1996 may apply to this development. An explanatory booklet concerning the implications of this Act is available online or from the District Council.

The attached notes explain the rights of appeal.
