---------------	---	-------------------	---

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 23/01377/FUL **DATE REGISTERED:** 5th October 2023

Proposed Development and Location of the Land:

**Proposed detached dwelling fronting Johnson Road and erection of 1.8m high fencing.
Land to The rear of 12 Rochford Road St Osyth Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

1 COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT

CONDITION: The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

REASON: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

2 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development

pursuant to this condition.

The approved red line plan drawing is DRG NUMBER: 001 REV: P1 received 2 October 2023

DRG NUMBER: 002 REV: P1

Planning Statement dated September 2023

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

- 3 The provision of the electric vehicle charging facilities detailed on the document titled 'ELECTRIC VEHICLE CHARGING' received on 2 October 2023 shall be installed in a working order, prior to first occupation of the dwelling and thereafter shall be maintained.

Reason - In order to promote sustainable transport.

- 4 AGREEMENT OF MEASURES TO IMPROVE SUSTAINABILITY OF DEVELOPMENT

CONDITION: No development shall commence above slab level until a scheme for the provision and implementation of water, energy and resource efficiency measures for the lifetime of the development shall be submitted to and approved, in writing, by the Local Planning Authority. The scheme shall include as a minimum:-

- Agreement of a scheme to achieve as far as possible a water consumption rate of not more than 110 litres, per person, per day for new dwellings.
- Provision of a fibre optic broadband connection to the best possible speed installed on an open access basis and directly accessed from the nearest exchange, incorporating the use of resistant tubing. (If the applicant is unable to achieve this standard of connection, and can evidence through consultation that this would not be possible, practical or economically viable an alternative superfast (i.e. will provide speeds greater

than 30mbps) wireless service will be considered.)

The scheme shall be fully implemented prior to the first occupancy of the development unless otherwise agreed in writing by the Local Planning Authority. The scheme shall be constructed and the measures provided and made available for use as may be agreed and thereafter shall be maintained.

REASON: To enhance the sustainability of the development through reduced need, better use or savings in the use of water, energy and resources; reduced harm to the environment; and result in wider public benefit in accordance with the NPPF.

NOTES FOR CONDITION:

Slab level normally refers to the concrete slab supported on foundations or directly on the subsoil and is used to construct the ground floor of the development. In any other case, please assume slab level to be the point before any walls and/or development can be visualised above ground level or seek confirmation from the Local Planning Authority for your development.

Broadband provision is included to ensure the development is able to be equipped with high speed broadband to enable opportunities for web-based communication and homeworking reducing the need for unsustainable travel.

A water consumption rate of not more than 110 litres, per person, per day adopted as Planning Policy and as imposed by this condition will directly change the building regulations water consumption rate to match as a result of this policy. The introduction of effective utilities, rainwater capture for watering plants, aerators to taps and other water saving options can be considered.

5 MEASURES TO IMPROVE SUSTAINABILITY OF DEVELOPMENT

CONDITION: The scheme of water conservation, heating and hot water via solar panels and an air source heat pump, and waste reduction measures, all as detailed in the document titled 'Water, Energy and Resource Efficiency Measures' received on 2 October 2023 shall be implemented prior to first occupation of the dwelling hereby approved unless otherwise agreed in writing by the Local Planning Authority. The scheme shall be constructed and the measures provided and made available for use as may be agreed and thereafter shall be maintained.

REASON: To enhance the sustainability of the development through reduced need, better use or savings in the use of water, energy and resources; reduced harm to the environment; and result in wider public benefit in accordance with the NPPF.

NOTES FOR CONDITION:

A water consumption rate of not more than 110 litres, per person, per day adopted as Planning Policy and as imposed by this condition will directly change the building regulations water consumption rate to match as a result of this policy. The introduction of effective utilities, rainwater capture for watering plants, aerators to taps and other water saving options can be considered.

6 ACTION REQUIRED: HIGHWAYS PROVISION OF VISIBILITY SPLAYS

CONDITION: Before the access is first used clear visibility shall be provided and thereafter permanently maintained above ground level within a 2.4 metre wide parallel band visibility splay as measured from and along the nearside edge of the metalled carriageway across the entire site frontage. Notwithstanding the provisions of Part 2

Class A of the Town & Country Planning (General Permitted Development)(England) Order 2015 (or any Order revoking and re-enacting that Order with or without modification) no obstruction over 0.6 metres high shall be erected, constructed, planted or permitted to grow within the areas of the visibility splays.

REASON: To ensure vehicles exiting the drive would have sufficient visibility to enter the public highway safely, and vehicles on the public highway would have sufficient warning of a vehicle emerging to take avoiding action.

NOTE/S FOR CONDITION:

Carriageway is the part of a road intended for vehicles rather than pedestrians normally define by kerb if available or edge of a bound surface.

It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the ECC Highway Authority. Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by Essex County Council or its agents at the applicant's expense.

7 ACTION REQUIRED: HIGHWAYS PEDESTRIAN VISIBILITY SPLAYS

CONDITION: Prior to first use of the access pedestrian visibility splays shall be provided as shown on approved drawing number 001 Rev P1, a minimum of 1.5 metre x 1.5 metre as measured from and along the highway boundary on both sides of the vehicular access and shall then be retained in its approved form. Notwithstanding the provisions of Part 2 Class A of the Town & Country Planning (General Permitted Development)(England) Order 2015 (or any Order revoking and re-enacting that Order with or without modification) no obstruction over 0.6 metres high shall be erected, constructed, planted or permitted to grow within the areas of the visibility splays. These visibility splays must not form part of the vehicular surface of the access

REASON: To ensure vehicles exiting the access would have sufficient visibility to enter the public highway safely and vehicles on the public highway would have sufficient warning of a vehicle emerging in order to take avoiding action.

NOTE/S FOR CONDITION:

It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the ECC Highway Authority. Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by Essex County Council or its agents at the applicant's expense.

8 ACCESS SURFACE

CONDITION: The access/s hereby approved shall have a bound material surface and shall be laid out for a minimum distance of 5 metres from the edge of the carriageway prior to first use. The bound material as implemented shall then be retained thereafter.

REASON: In the interests of highway safety to prevent hazards caused by loose materials on the highway.

NOTE/S FOR CONDITION:

Carriageway is the part of a road intended for vehicles rather than pedestrians normally define by kerb if available or edge of a bound surface.

It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the ECC Highway Authority. Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by Essex County Council or its agents at the applicant's expense.

9 ACTION AND DISCHARGE REQUIRED: SURFACE WATER DISCHARGE PREVENTION

CONDITION: Prior to the commencement of any works to the access, details of the means to prevent the discharge of surface water from the development onto the highway shall be submitted to and approved in writing by the Local Planning Authority in consultation with the Highway Authority. The approved scheme shall be carried out in its entirety prior to the first use of the access and shall then be retained in the approved form.

REASON: To prevent hazards caused by flowing water or ice on the highway.

NOTE/S FOR CONDITION:

None

10 SPECIFIC RESTRICTION: ACCESS WIDTH

CONDITION: Prior to first use the access shall be constructed to a minimum width of 4.6 metres for a distance of 6 metres measured from the nearby edge of the carriageway and shall then thereafter be retained.

REASON: In the interests of highway safety to ensure vehicles can enter and leave the site in a safe manner.

NOTE/S FOR CONDITION:

Carriageway is the part of a road intended for vehicles rather than pedestrians normally define by kerb if available or edge of a bound surface.

It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the ECC Highway Authority. Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by Essex County Council or its agents at the applicant's expense.

11 RESIDENTIAL TRAVEL INFORMATION PACK

CONDITION: Prior to first occupation of each dwelling, a Residential Travel Information Pack (travel pack) shall be provided to each dwelling for use of its first occupiers. The travel pack shall be agreed, in writing, by the Local planning authority prior to provision and shall include a minimum of six one day travel vouchers for use with a local transport operator.

REASON: In the interests of reducing the need to travel by car and promoting sustainable development and transport.

12 ACTION REQUIRED IN ACCORDANCE WITH ECOLOGICAL APPRAISAL RECOMMENDATIONS

All mitigation measures and/or works shall be carried out in accordance with the details contained in the Ecological Survey and Assessment (Essex Mammal Surveys, December 2023) as already submitted with the planning application and agreed in principle with the local planning authority prior to determination.

REASON: To conserve and enhance protected and Priority species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species).

13 PRIOR TO ANY WORKS ABOVE SLAB LEVEL: BIODIVERSITY ENHANCEMENT STRATEGY

Prior to any works above slab level a Biodiversity Enhancement Strategy for protected and Priority species shall be submitted to and approved in writing by the local planning authority. The content of the Biodiversity Enhancement Strategy shall include the following:

- a) Purpose and conservation objectives for the proposed enhancement measures;
- b) detailed designs or product descriptions to achieve stated objectives;
- c) locations, orientations, and heights of proposed enhancement measures by appropriate maps and plans;
- d) persons responsible for implementing the enhancement measures;
- e) details of initial aftercare and long-term maintenance (where relevant).

The works shall be implemented in accordance with the approved details prior to occupation and shall be retained in that manner thereafter.

REASON: To enhance protected and Priority species & habitats and allow the LPA to discharge its duties under the NPPF 2023 and s40 of the NERC Act 2006 (Priority habitats & species).

14 PRIOR TO OCCUPATION: WILDLIFE SENSITIVE LIGHTING DESIGN SCHEME

Prior to occupation a lighting design scheme for biodiversity shall be submitted to and approved in writing by the local planning authority. The scheme shall identify those features on site that are particularly sensitive for bats and that are likely to cause disturbance along important routes used for foraging; and show how and where external lighting will be installed (through the provision of appropriate lighting plans, drawings and technical specifications) so that it can be clearly demonstrated that areas to be lit will not disturb or prevent bats using their territory.

All external lighting shall be installed in accordance with the specifications and locations set out in the scheme and maintained thereafter in accordance with the scheme. Under no circumstances should any other external lighting be installed without prior consent from the local planning authority.

REASON: To allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species).

15 COMPLIANCE REQUIRED: CONSTRUCTION MANAGEMENT

CONDITION: The Construction Method Statement as submitted on 2 October 2023 shall be implemented in its entirety and shall operate as may be approved at all times during construction.

REASON: To minimise detriment to nearby residential and general amenity by controlling the construction process to achieve the approved development.

DATED: 19th January 2024

SIGNED:

John Pateman-Gee
Head of Planning and Building Control

INFORMATIVES:**Positive and Proactive Statement**

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Highways Informatives

1: All work within or affecting the highway is to be laid out and constructed by prior arrangement with and to the requirements and specifications of the Highway Authority; all details shall be agreed before the commencement of works. The applicants should be advised to contact the Development Management Team by email at development.management@essexhighways.org

2: On the completion of the Development, all roads, footways/paths, cycle ways, covers, gratings, fences, barriers, grass verges, trees, and any other street furniture within the Site and in the area, it covers, and any neighbouring areas affected by it, must be left in a fully functional repaired/renovated state to a standard accepted by the appropriate statutory authority.

3: The Highway Authority cannot accept any liability for costs associated with a developer's improvement. This includes design check safety audits, site supervision, commuted sums for maintenance and any potential claims under Part 1 and Part 2 of the Land Compensation Act 1973. To protect the Highway Authority against such compensation claims a cash deposit or bond may be required.

Legal Agreement Informative - Recreational Impact Mitigation

This application is the subject of a legal agreement and this decision should only be read in conjunction with this agreement. The agreement addresses the following issues: mitigation against any recreational impact from residential developments in accordance with Regulation 63 of the Conservation of Habitat and Species Regulations 2017. Please note that any subsequent variation / removal of condition applications (s73 applications) will require a new legal agreement to secure this obligation unless the development has commenced (subject to all necessary condition discharges) and the contribution has already been paid.

Standard Informative 1: The Provisions of the Essex Act 1987, Section 13 (Access for the Fire Brigade) may apply to this Development and will be determined at Building Regulation Stage.

Standard Informative 2: You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control section at Tendring District Council.

Standard Informative 3: If the development includes the construction of a new building on or at the boundary of 2 properties, work to an existing party wall or party structure or involve excavation near to and below the foundation level of neighbouring buildings, you are advised that the provisions of the Party Wall Act 1996 may apply to this development. An explanatory booklet concerning the implications of this Act is available online or from the District Council.

The attached notes explain the rights of appeal.

NOTES FOR GUIDANCE

WHEN PLANNING PERMISSION IS REFUSED OR GRANTED SUBJECT TO CONDITIONS

APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If you want to appeal, then you must do so within the set time frame as outlined below:
 - a. If this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Householder Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - b. If this is a decision to refuse planning permission for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - c. If you want to appeal against your local planning authority's decision on a development which is not caught by a. and b. above then you must do so within **6 months** of the date of this notice. A **Planning Appeal Form** is required, available online <https://www.gov.uk/planning-inspectorate>
- Appeals must be made using the relevant form (as detailed above) which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. **Please note, only the applicant possesses the right of appeal.**
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions imposed having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. [Further details are on GOV.UK.](#)

ENFORCEMENT

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder or minor commercial appeal) of the date of this notice, whichever period expires earlier.
