AGENT:

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 23/00838/VOC **DATE REGISTERED:** 14th June 2023

Proposed Development and Location of the Land:

Application under Section 73 of the Town and Country Planning Act, to allow a variation of condition 2 (approved plans) of 20/00136/FUL (allowed at appeal) to move the bungalow 1 metre to the south towards Low Road.

3 Frobisher Road Dovercourt Harwich Essex

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

1 COMPLIANCE REQUIRED: COMMENCEMENT SECTION 73 TIME LIMIT

CONDITION: The development hereby permitted shall be begun not later the expiration 29 June 2024.

REASON: To comply with the requirements of Section 73 and 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence (if not already commenced) within the timeframe provided unchanged from the permission varied. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

2 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by

the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

Drawing Number 19/11/0050 Revision C.

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

3 APPROVAL REQUIRED: LANDSCAPING SCHEME

CONDITION: No above ground works shall take place until there has been submitted to and approved, in writing, by the Local Planning Authority a scheme of hard and soft landscaping works for the site, which shall include for; the retention of the existing southern boundary vegetation; all boundary treatments and any proposed changes in ground levels; and also accurately identify spread, girth and species of all existing trees, shrubs and hedgerows on the site and indicate any to be retained, together with measures for their protection which shall comply with the recommendations set out in the British Standards Institute publication "BS 5837: 2012 - Trees in Relation to Design, Demolition and Construction."

REASON: In the interests of visual amenity and the character and appearance of the area.

NOTE/S FOR CONDITION:

Above ground works normally refers to the concrete slab supported on foundations or

directly on the subsoil and is used to construct the ground floor of the development. In any other case, please assume above ground works to be the point before any walls and/or development can be visually above ground level or seek confirmation from the Local Planning Authority for your development.

Should the landscape works include any new hedgerow, please consider the following planting for a native hedge. Native hedge: 50% hawthorn, 25% blackthorn (but beware - this can spread into adjacent fields), 15% field maple, 2% holly, 2% wild privet, 2% guelder rose, 2% dog rose, 2% buckthorn.

4 COMPLIANCE WITH DETAILS AND TIMESCALE REQUIRED - LANDSCAPING SCHEME

CONDITION: All changes in ground levels, hard landscaping, planting, seeding or turfing shown on the approved landscaping details shall be carried out during the first planting and seeding season (October - March inclusive) following the commencement of the development or in such other phased arrangement as may be agreed in writing by the Local Planning Authority. Any trees or shrubs within the retained or new planting which within a period of 5 years of being planted die, are removed or seriously damaged or seriously diseased shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority agrees in writing to a variation of the previously approved details.

REASON: To ensure that the approved landscaping scheme has sufficient time to establish, in the interests of visual amenity and the character and appearance of the area.

5 SPECIFIC RESTRICTION ON DEVELOPMENT: REMOVAL OF PERMITTED DEVELOPMENT FENCES, GATES, WALLS AND ENCLOSURES

CONDITION: Notwithstanding the provisions of Article 3, Schedule 2 Part 2 Class A of the Town and Country Planning (General Permitted Development) Order 2015 (or any Order revoking and re-enacting that Order with or without modification), no provision of fences, gates, walls or other means enclosures, shall be erected on any boundary of the site or forward of the dwelling hereby approved except in accordance with drawings showing the design and siting of such enclosures which shall previously have been submitted to and approved, in writing, by the Local Planning Authority by way of a planning application.

REASON: To enable the Local Planning Authority to retain control over the development in the interests of the amenity of the locality and to safeguard local distinctiveness.

6 No unbound material shall be used in the surface treatment of the vehicular accesses within 6 metres of the highway boundary.

Reason - To ensure that loose materials are not brought out onto the highway, in the interests of highway safety.

7 Prior to occupation of the development the vehicular parking and garage as shown the approved plan shall be constructed, surfaced and maintained free from obstruction within the site at all times and shall be kept available for parking.

Reason - To ensure that on-street parking of vehicles in the adjoining streets does not occur, in the interests of highway safety.

8 SPECIFIC RESTRICTION ON DEVELOPMENT: REMOVAL OF PERMITTED DEVELOPMENT RIGHTS

CONDITION: Notwithstanding the provisions of Schedule 2 Part 1 Classes A, B, C, D and E of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) (or any Order revoking and re-enacting that Order with or without modification), no extensions, additions, porches or alterations to the dwellings or their roofs shall be carried out and no outbuildings, enclosures, swimming or other pools shall be erected except in complete accordance with details which shall previously have been approved, in writing, by the Local Planning Authority following the submission of a planning application for such development.

REASON: To enable the Local Planning Authority to retain control over the development in the interests of the amenity of the locality and to safeguard local distinctiveness.

- 9 All new driveways and parking areas shall be made of porous materials, or provision shall be made to direct run-off water from the hard surface to a permeable or porous area or surface within the curtilage of the dwellings.

Reason - To prevent hazards caused by water flowing onto the highway and to avoid the formation of ice on the highway in the interest of highway safety.

- 10 FURTHER APPROVAL - CONSTRUCTION MANAGEMENT TO BE AGREED (PRE COMMENCEMENT)

CONDITION: Prior to the commencement of development, a Construction Method Statement shall be submitted to and approved in writing by the local planning authority. The Construction Method Statement shall provide for:

- safe access to/from the site;
- the parking of vehicles of site operatives and visitors;
- the loading and unloading of plant and materials;
- the storage of plant and materials used in constructing the development;
- wheel washing facilities;
- measures to control the emission of dust and dirt during demolition and construction;
- a scheme for recycling/disposing of waste resulting from demolition and construction works;
- details of hours of deliveries relating to the demolition and construction of the development;
- details of hours of site clearance or construction;
- a scheme to control noise and vibration during the demolition and construction phase, including details of any piling operations.

The approved Construction Method Statement shall be adhered to throughout the construction period for the development.

REASON: To minimise detriment to nearby residential and general amenity by controlling the construction process to achieve the approved development. This condition is required to be agreed prior to the commencement of any development as any construction process, including site preparation, by reason of the location and scale of development may result adverse harm on amenity.

NOTE/S FOR CONDITION:

You are strongly advised to discuss this condition with the Local Planning Authority and if possible/available local residents likely to be affected by this development prior to submission of details.

- 11 The removal of any vegetation shall only be carried out outside of the bird nesting season (March to August inclusive).

Reason - To restrict works to a specific season to prevent disturbance to nesting birds in the breeding season, and so protect the biodiversity of the environment.

- 12 There shall be no discharge of surface water onto the Highway from the private drive.

Reason - To prevent hazards caused by water flowing onto the highway and to avoid the formation of ice on the highway in the interest of highway safety.

- 13 Prior to the occupation of the proposed dwelling, the existing private drive shall be re-instated to a suitable standard for its entirety once the building works and the proposed modified road has been completed, to the written satisfaction of the Local Planning Authority.

Reason - To ensure the continued safe passage and accessibility of the users of the existing private drive.

- 14 The proposed boundary planting shall be planted a minimum of 1 metre back from the private road and any visibility splay.

Reason - To ensure that the future outward growth of the planting does not encroach upon the private road or interfere with the passage of users of the private drive, to preserve the integrity of the private drive and in the interests of highway safety.

- 15 The vehicular parking space shall have minimum dimension of 2.9 metres x 5.5 metres.

REASON - To ensure adequate off-street parking provision at all times so that the development does not prejudice the free flow of traffic or the conditions of general safety along the adjacent private drive and highway, or the amenities and convenience of existing local residents.

DATED: 18th January 2024

SIGNED:

John Pateman-Gee
Head of Planning and Building Control

INFORMATIVES:

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Legal Agreement Informative - Open Space/Play Space Contribution

This application is the subject of a legal agreement and this decision should only be read in conjunction with this agreement. The agreement addresses the following issues: Public Open Space financial contribution in accordance with Policy HP5 and Policy DI1 of the adopted Tendring District Local Plan 2013-2033 and Beyond. Please note that any subsequent variation / removal of condition applications (s73 applications) will require a new legal agreement to secure this obligation unless the development has commenced (subject to all necessary condition discharges) and the contribution has already been paid.

Legal Agreement Informative - Recreational Impact Mitigation

This application is the subject of a legal agreement and this decision should only be read in conjunction with this agreement. The agreement addresses the following issues: mitigation against any recreational impact from residential developments in accordance with Regulation 63 of the Conservation of Habitat and Species Regulations 2017. Please note that any subsequent variation / removal of condition applications (s73 applications) will require a new legal agreement to secure this obligation unless the development has commenced (subject to all necessary condition discharges) and the contribution has already been paid.

Standard Informative 1: The Provisions of the Essex Act 1987, Section 13 (Access for the Fire Brigade) may apply to this Development and will be determined at Building Regulation Stage.

Standard Informative 2: You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control section at Tendring District Council.

Standard Informative 3: If the development includes the construction of a new building on or at the boundary of 2 properties, work to an existing party wall or party structure or involve excavation near to and below the foundation level of neighbouring buildings, you are advised that the provisions of the Party Wall Act 1996 may apply to this development. An explanatory booklet concerning the implications of this Act is available online or from the District Council.

The attached notes explain the rights of appeal.

NOTES FOR GUIDANCE

WHEN PLANNING PERMISSION IS REFUSED OR GRANTED SUBJECT TO CONDITIONS

APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If you want to appeal, then you must do so within the set time frame as outlined below:
 - a. If this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Householder Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - b. If this is a decision to refuse planning permission for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - c. If you want to appeal against your local planning authority's decision on a development which is not caught by a. and b. above then you must do so within **6 months** of the date of this notice. A **Planning Appeal Form** is required, available online <https://www.gov.uk/planning-inspectorate>
- Appeals must be made using the relevant form (as detailed above) which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. **Please note, only the applicant possesses the right of appeal.**
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions imposed having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. [Further details are on GOV.UK.](#)

ENFORCEMENT

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder or minor commercial appeal) of the date of this notice, whichever period expires earlier.
