TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 23/01537/FUL

DATE REGISTERED: 13th November 2023

Proposed Development and Location of the Land:

**Proposed demolition of existing clubhouse, shed/toilet block building and erection of new outdoor sports facility building.
Brightlingsea Cricket Club Regent Road Brightlingsea Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

1 COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT

CONDITION: The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

REASON: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

2 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted

shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

- Drawing No. P04B
- Drawing No. P01G
- Drawing No. P02

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

3 RENEWABLE ENERGY

CONDITION: No development shall commence above slab level until a scheme for the provision and implementation of water, energy and resource efficiency measures for the lifetime of the development shall be submitted to and approved, in writing, by the Local Planning Authority. The scheme should include as a minimum to achieve:-

- Agreement of a scheme for water conservation including greywater recycling and rainwater capture/re-use for new sports facility building
- Agreement of heating for the new sports facility building
- Agreement of scheme for waste reduction for the sports facility building

The scheme shall be fully implemented prior to the first occupancy of the development unless otherwise agreed in writing by the Local Planning Authority. The scheme shall be constructed and the measures provided and made available for use as may be agreed and thereafter shall be maintained.

REASON: To enhance the sustainability of the development through better use of water, energy and resources reduce harm to the environment and result in wider public benefit in accordance with the NPPF.

NOTE/S FOR CONDITION:

Slab level is normally refers to the concrete slab supported on foundations or directly on the subsoil and is used to construct the ground floor of the development. In any other case, please assume slab level to be the point before any walls and/or development can be visually above ground level or seek confirmation from the Local Planning Authority for your development.

The greatest threat to our planet is the belief that someone else will save it and also forgetting that small acts, when multiplied by millions of people, can transform the world. Developments will provide buildings/homes to thousands/millions of people over their lifetime. A well designed sustainable development in the beginning will restrict the contribution each person makes to that threat and help enable them to transform the world.

4 FURTHER APPROVAL - CONSTRUCTION MANAGEMENT TO BE AGREED (PRE COMMENCEMENT)

CONDITION: Prior to the commencement of development details of the construction methodology and timetable shall be submitted to and approved, in writing, by the Local Planning Authority. This shall incorporate the following information:-

- a) Details of the hours of work/construction of the development within which such operations shall take place and the hours within which delivery/collection of materials for the said construction shall take place at the site.
- b) Details of the loading/unloading/storage of construction materials on site, including details of their siting and maximum storage height.
- c) Details of how construction and worker traffic and parking shall be managed. This shall include routing of all traffic and any directional signs to be installed and where.
- d) Details of any protection measures for footpaths and trees surrounding the site.
- e) Details of any means of access to the site during construction.
- f) Details of the scheduled timing/phasing of development for the overall construction period.
- g) Details of measures to control the emission of dust and dirt during construction, and including details of any wheel washing to be undertaken, management and location it is intended to take place.
- h) Details of the siting of any on site compounds and portaloos.
- i) Details of the method of any demolition to take place, including the recycling and disposal of said materials resulting from demolition.
- j) Site waste management plan (that shall include reuse and recycling of materials)
- k) Scheme for sustainable construction management to ensure effective water and energy use.
- l) Scheme of review of complaints from neighbours.
- m) Registration and details of a Considerate Constructors Scheme
- n) Details on the provision, location and management of any show home/s or reception, including opening times, parking and advertisements (including flags and directional signs).

The said methodology as may be approved shall be implemented in its entirety and shall operate as may be approved at all times during construction.

REASON: To minimise detriment to nearby residential and general amenity by controlling the construction process to achieve the approved development. This condition is required to be agreed prior to the commencement of any development as any

construction process, including site preparation, by reason of the location and scale of development may result adverse harm on amenity.

NOTE/S FOR CONDITION:

You are strongly advised to discuss this condition with the Local Planning Authority and if possible/available local residents likely to be affected by this development prior to submission of details.

5 HIGHWAYS LIGHTING

CONDITION: Prior to the first use of any external lighting / floodlighting within the development site (outside private garden spaces), the light source shall be so positioned and shielded, in perpetuity, to ensure that users of the highway are not affected by dazzle and/or glare, in accordance with details to be submitted to and approved in writing by the Local Planning Authority. The lighting shall be maintained thereafter as maybe approved.

REASON: To ensure that users of the highway are not subjected to glare and dazzle from lighting within the development in the interest of highway safety

6 DOORS AND WINDOWS

CONDITION: No doors or windows shall open over or into the highway and no rainwater harvesting or collection equipment shall over-sail or encroach into the highway.

REASON: To protect and preserve the integrity and fabric of the highway in the interests of highway safety

DATED: 21st February 2024

SIGNED:

John Pateman-Gee
Head of Planning and Building Control

INFORMATIVES:

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Highways

The proposed works particularly to the external surface area directly abuts to the back of the footway. This is public highway, and the construction work must be carried out subject to arrangements made with the Development Management Team (SMO1 office) contact details in the informative at the foot of the page.

All work within or affecting the highway is to be laid out and constructed by prior arrangement with and to the requirements and specifications of the Highway Authority; all details shall be agreed before the commencement of works.

The applicants should be advised to contact the Development Management Team by email at development.management@essexhighways.org

The Highway Authority cannot accept any liability for costs associated with a developer's improvement. This includes design check safety audits, site supervision, commuted sums for maintenance and any potential claims under Part 1 and Part 2 of the Land Compensation Act 1973. To protect the Highway Authority against such compensation claims a cash deposit or bond may be required.

Sport England

The ECB has advised that it is recommended where feasible that a social space of at least 70 sq.m should be provided although the implications of extending the pavilion onto the outfield area are understood as well as the cost implications of a larger social area.

The Football Foundation has interpreted that the rooms labelled E1, E2 and E4 are the spectator toilets. If these are not the toilets, consideration will need to be given to spectator toilet provision

Standard Informative 1: The Provisions of the Essex Act 1987, Section 13 (Access for the Fire Brigade) may apply to this Development and will be determined at Building Regulation Stage.

Standard Informative 2: You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control section at Tendring District Council.

Standard Informative 3: If the development includes the construction of a new building on or at the boundary of 2 properties, work to an existing party wall or party structure or involve excavation near to and below the foundation level of neighbouring buildings, you are advised that the provisions of the Party Wall Act 1996 may apply to this development. An explanatory booklet concerning the implications of this Act is available online or from the District Council.

The attached notes explain the rights of appeal.

NOTES FOR GUIDANCE

WHEN PLANNING PERMISSION IS REFUSED OR GRANTED SUBJECT TO CONDITIONS

APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If you want to appeal, then you must do so within the set time frame as outlined below:
 - a. If this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Householder Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - b. If this is a decision to refuse planning permission for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - c. If you want to appeal against your local planning authority's decision on a development which is not caught by a. and b. above then you must do so within **6 months** of the date of this notice. A **Planning Appeal Form** is required, available online <https://www.gov.uk/planning-inspectorate>
- Appeals must be made using the relevant form (as detailed above) which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. **Please note, only the applicant possesses the right of appeal.**
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions imposed having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. [Further details are on GOV.UK.](#)

ENFORCEMENT

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.

- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder or minor commercial appeal) of the date of this notice, whichever period expires earlier.
